Segen Der Erde:

Segen Der Erde Knut Hamsun, 1918 , **Nordische Bibliographie** , 1928 **Diutiska** Gustav Solling, 1863
David Einhorn, Memorial Volume David Einhorn, 1911 *Figures of Identity* Clark S. Muenzer, 1990-10-01 The question of coherence in Goethe's novels which like Faust compelled his attention throughout his creative life has only recently occupied a few critics Professor Muenzer's study offers the most comprehensive effort of this kind by examining the problematic nature of self definition through the four novels and its emergence as a discursive process of the imagination The self of these texts Muenzer suggests evolves as a symbolic construct that records a pattern of pursuit for each of their protagonists and orients the reader toward three basic goals of human aspiration Thus Werther aspires to purposefulness as a center of teleological fulfillment while the hero of Wilhelm Meister's Apprenticeship refers to an ideological center of participation in his social desire Eduard in The Elective Affinities presumes to occupy a center of archaeological power through his typically self assertive strategies In the last of his novels Wilhelm Meister's Journeymanhood Goethe articulates the need to balance all such self involved behavior with an attitude of self denial Apparently the mind can orient itself through centers of purpose order and power but it must also recognize the illusion of their attainment Identity does not involve a substantive presence and the result of self definition for Goethe is interpretive work Each of Professor Muenzer's interpretations has been guided by this premise The interests of all of Goethe's novelistic protagonists he concludes serve as orienting postures toward goals that cannot be literally achieved Consequently symbolic resolutions are proposed These then introduce new problems as points of departure in subsequent works The hidden agenda of Goethe's work as a novelist is a self that exists as a textual problem a series of interpretive moves that endlessly defer the attainment of self presence by supplementing each other in narrative fictions **German Poetical Anthology. ... With a translation of all unusual words and difficult passages, and ... notes** Wilhelm KLAUER-KLATTOWSKI, 1837 **Growth of the Soil** Knut Hamsun, 2007-09-25 The story of an elemental existence in rural Norway *Monatsschrift Für Das Deutsche Geistesleben* , 1928 *From Weimar to Christiania* Florence Feiereisen, Kyle Frackman, 2009-03-26 From Weimar to Christiania is a new compilation of graduate student work in the fields of German and Scandinavian Studies Resulting from research presented at a unique graduate student conference at the University of Massachusetts Amherst these essays utilize a wide variety of disciplinary approaches and represent an ambitious and successful effort to connect related yet distinct fields This anthology is aimed at scholars within the broad areas of German and Scandinavian Studies All of the contributions speak to an appreciation of cultural studies as a diverse collection of theoretical tools which provide the historian political scientist and literary and film scholars gathered here with the means to contextualize and investigate cultural productions situations and environments From Weimar to Christiania delivers compelling research that expands bodies of knowledge in northern European studies **Race and Political Theology** Vincent Lloyd, 2012-04-25 In this volume senior scholars come together

to explore how Jewish and African American experiences can make us think differently about the nexus of religion and politics or political theology Some wrestle with historical figures such as William Shakespeare W E B Du Bois Nazi journalist Wilhelm Stapel and Austrian historian Otto Brunner Others ponder what political theology can contribute to contemporary politics particularly relating to Israel s complicated religious racial national identity and to the religious currents in African American politics Race and Political Theology opens novel avenues for research in intellectual history religious studies political theory and cultural studies showing how timely questions about religion and politics must be reframed when race is taken into account

Fascism and Modernist Literature in Norway Dean Krouk,2017-09-19 Fascism and Modernist Literature in Norway illuminates the connections between literature and politics in interwar Europe Focusing on the works of Nobel Prize winning novelist Knut Hamsun and modernist poets Asmund Sveen and Rolf Jacobsen all of whom collaborated with the Nazi regime during the occupation of Norway in World War II and those of the anti fascist novelist and critic Sigurd Hoel Dean Krouk reveals key aspects of the modernist literary imagination in Norway In their writings Hamsun Sveen and Jacobsen expressed their discontent with twentieth century European modernity which they perceived as overly rationalized or nihilistic Krouk explains how fascism offered these writers a seductive utopian vision that intersected with the countercultural and avant garde aspects of their literary works while Hoel s critical analysis of Nazism extended to a questioning of all patriarchal forms of authority Krouk s readings of their works serve as a timely reminder to us all of the dangers of fascism

Hitler's Last Chance Kevin Prenger,2023-04-28 The war in Europe was reaching its cataclysmic final months with Germany surrounded on all sides Hitler s forces had been driven from Poland by the Red Army and the Soviets were poised a short distance from Berlin while the Western allies having repulsed the F hrer s Ardennes offensive were preparing to cross the Rhine More than ever Hitler needed his people to stiffen their resolve for the coming onslaught To demonstrate what will be expected of the German people and what they could achieve if they refused to acknowledge defeat a major feature film would be shown featuring the one place which held out against Napoleon when he invaded Prussia in 1807 the city of Kolberg After crushing the Prussian Army in 1806 French forces swept into the Prussian province of Pomerania One by one the Prussian fortresses surrendered mostly without offering any resistance except for Kolberg The small and weakly fortified city held out for four months despite being surrounded by Napoleon s forces with Major von Gneisenau organizing a citizen s militia to aid the Army in its defense Though much of the city was blasted into ruin Kolberg remained in Prussian hands until the war with France ended with the signing of the Peace of Tilsit by which time its defense had become legendary Even though the Third Reich was literally entering its death throes in attempting to reproduce the siege of Kolberg on film thousands of experts extras and horses were taken from the war effort by the Reich

Minister of Propaganda Joseph Goebbels The film's emphasis was to show how civilians and the military can work together to save Germany just as Kolberg had been saved from the French The result has been stated to be the most expensive feature film ever made in Germany This book examines the dramatic conditions under which the film was produced and the scale of the resources needed to do so followed by its first showing on 30 January 1945 All Goebbels efforts though were to no avail as the film never went on general release A month later as the author reveals Kolberg found itself under siege once again but this time after bitter house to house fighting it fell to the Soviets in less than four weeks **Into That Darkness** Gitta

Sereny, 2011-08-03 Based on 70 hours of interviews with Franz Stangl commandant of Treblinka the largest of the five Nazi extermination camps this book bares the soul of a man who continually found ways to rationalize his role in Hitler's final solution **Troubling Legacies** Peter Sjølyst-Jackson, 2010-04-13 Modernist troublemaker in the 1890s Nobel Prize winner

in 1920 and indefensible Nazi sympathiser in the 1930s and 40s Knut Hamsun continues to provoke condemnation apologia and critical confusion Informed by the works of Jacques Derrida and Sigmund Freud *Troubling Legacies* analyses the heterogeneous and conflicted legacies of the enigmatic European writer Hamsun Moving through different phases of his life this study emphasises the dislocated nature of Hamsun's works and the diverse and conflicting responses his fiction elicited from such figures as Franz Kafka Katherine Mansfield Walter Benjamin and Martin Heidegger Close readings of the major novels *Hunger* *Mysteries* *Pan* and *Growth of the Soil* are presented alongside lesser known writings including his early polemic on America his turn of the century travelogue through Russia his fascist polemics of the 1930s and 40s and his controversial post war testimony *On Overgrown Paths* *Troubling Legacies* links past debates with contemporary literary theory and deconstruction in a way that contributes to critical thinking about political responsibility **Klagen oder**

Nachtgedanken über Leben, Tod und Unsterblichkeit Young, 1752 'Being Towards Death' Sylvie Avakian, 2021-04-19 This book draws the philosophical contribution of Martin Heidegger together with theological spiritual insights from the East especially that of Nikolai Berdyaev Thus it brings into dialogue the West with the East and philosophy with theology By doing so it offers Christian theology an existential spiritual language that is relevant and meaningful for the contemporary reader In particular the work explores Heidegger's being towards death *Sein zum Tode* as the basis for theological philosophical thinking Only the one who embraces being towards death has the courage to think and poetize This thinking in turn makes being towards death possible and in this circular movement of thinking and being the mystery of being reveals itself and yet remains hidden Since the work aims at demonstrating being towards death through language it transitions away from the common formulations and traditionally accepted ways of writing dogmatic theology towards an original philosophical reflection on faith and spirituality At different points however the work also retrieves the profound thoughts and theologies of the past the insightful creativity of which cannot be denied Klagen; oder, Nachtgedanken über Leben, Tod und Unsterblichkeit; Englisch und deutsch Edward Young, 1760
