Seizing The Air Waves A Free Radio Handbook

Kevin Howley

Seizing The Air Waves A Free Radio Handbook:

Seizing the Airwaves Ron Sakolsky, 1998 The first book to document and emphasize the myriad voices of the free radio movement from Black Liberation Radio in Springfield Illinois to Free Radio Berkeley in Berkeley California The first section Media Monopoly And The Rise Of The Free Radio Movement includes contributions from Robert McChesney on the political economy of radio in North America and a history and analysis of the burgeoning pirate radio movement The second section On The Air includes interviews with and commentary by some of the key grassroots participants in micropower broadcasting worldwide from Canada Holland Haiti and Mexico as well as America The final section of the book consists of a comprehensive technical guide and how to manual for going on the air complete with schematics and sound advice

Communities of the Air Susan Merrill Squier, 2003-06-19 Affirms the importance of invention of radio and explores how radio creates sets of overlapping communities of the air including those who study and theorize radio as a technological social cultural and historical phenomenon **Islands of Resistance** Andrea Langlois, Ron Sakolsky, Marian van der Zon, 2010-05-14 Since radio's invention some Canadians have been concerned about the increasingly commercialized and centralized nature of medium Sometimes working alone more often in teams and always illegally these activists represent islands of resistance within the ocean of homogenous frequencies pirating radio signals for personal political and artistic expression In the first book published on the subject Islands of Resistance gives you a view from the crow's nest of the phenomenon of pirate radio in Canada Here is a collection of seventeen activist manifestos artistic treatises of intent historical essays on the development of radio and its regulatory bodies sociological examination of pirate radio's application in new social movements and personal anecdotes from behind the eyepatch Just as the new media ostensibly renders the old obsolete Islands of Resistance unveils the existence of a thriving clandestine counterculture An invaluable addition to an unscrutinized subject in Canadian media studies Islands of Resistance appeals to the anarchist anti authoritarian impulses in all of us Visit the Islands of Resistance website for more about the book and to hear audio clips of pirate radio **Tearing**

Down the Streets Jeff Ferrell, 2002-10 From New York to San Francisco Times Square to the Tenderloin graffiti artists young people radical environmentalists and the homeless clash with police on city streets in an attempt to take back urban spaces from the developers and Disneyfiers Drawing on more than a decade of first hand research this lively account goes inside the worlds of street musicians homeless punks militant bicycle activists high risk BASE jump parachutists skateboarders outlaw radio operators and hip hop graffiti artists to explore the day to day skirmishes in the struggle over public life and public space **Free Radio** Lawrence Soley, 2019-04-10 This book reviews the history of the microradio movement enabling readers to understand why and how it has captured momentum and power It discusses the anti Nazi underground stations and other resistance stations explaining how previous stations provided vehicles for democratic communications **KISS FM: From Radical Radio To Big Business: The Inside Story Of A London Pirate Radio**

Station's Path To Success Grant Goddard, 2011-06-09 This comprehensive meticulously researched work offers a rare glimpse into the dark and secretive world of pirate radio in London revealing the ambition and greed of some of those involved as well as the duplicity and deceit deployed to destroy others who got in their way Cultural Protest in Journalism, Documentary Films and the Arts Daniel H. Mutibwa, 2019-02-13 Cultural Protest in Journalism Documentary Films and the Arts Between Protest and Professionalisation entails a comprehensive account of the history and trajectory of contemporary journalistic documentary film and arts and cultural actors rooted partially or wholly in radical alternative community voluntary participatory and independent movements primarily in Britain and Germany It focuses particularly on the examination of production and organisational contexts of selected case studies some of which date from the countercultural era The book takes a transnational and interdisciplinary approach encompassing a range of theoretical perspectives drawn from the political economy of communication tradition alternative media scholarship journalism studies critical sociological and cultural studies of media industries cultural industries research and critical and social theory in conjunction with extensive ethnographic fieldwork It does so to reveal the obscure nature of media and cultural production and organisation at seventeen media and cultural actors based in Britain and Germany including South Africa and Nigeria A particular focus is placed on how such actors balance competing imperatives of a civic socio political professional artistic and commercial nature as well as various systemic pressures and on how they navigate the resultant ambivalences paradoxes and tensions in their day to day work In essence the book highlights key insights into a changing nature and quality of engagement with social and political realities in protest cultures **Joe Hill** Franklin Rosemont, 2015-12-18 A monumental work expansive in scope covering the life times and culture of that most famous of the Wobblies songwriter poet hobo thinker humorist martyr Joe Hill It is a journey into the Wobbly culture that made Hill and the capitalist culture that killed him Many aspects of the life and lore of Joe Hill receive their first and only discussion in IWW historian Franklin Rosemont's opus In great detail the issues that Joe Hill raised and grappled with in his life capitalism white supremacy gender religion wilderness law prison and industrial unionism are shown in both the context of Hill's life and for their enduring relevance in the century since his death Collected too is Joe Hill's art plus scores of other images featuring Hill inspired art by IWW illustrators from Ralph Chaplin to Carlos Cortez as well as contributions from many other labor artists As Rosemont suggests in this remarkable book Joe Hill never really died He lives in the minds of young and old rebels as long as his songs are sung his ideas are circulated and his political descendants keep fighting for a better day *DIY Utopia* Amber Day, 2016-12-22 At first glance contemporary popular culture filled with bleak images of the future seems to have given up on the possibility of positive collective change Below the surface however alternative culture is rife with artist led projects activist movements and subcultural communities of interest that seek to spark the collective imagination and to encourage hunger for alternatives More playfully self conscious than past utopian movements today's are often whimsical or ironic but are still

entirely earnest Artists invite us to re author city maps or archive individual ideas for the future while maker collectives urge us to rethink our relationship to consumer goods All seem to have grown out of a similar do it yourself ethos and alternative culture One of the central conflicts informing these case studies is that while it remains immensely difficult to envision anything outside of the current system of consumer capitalism there is nevertheless a powerful desire to take it apart in piecemeal ways We see the longing for new social and political narratives new forms of communion and sociability and new imaginings of the possible longings that are currently unmet by mainstream culture but that are taking expression in myriad ways at the local level Taken as a whole this collection examines what our grand ideals and playful daydreams tell us about ourselves

Do It Yourself The Trapese Collective, 2007-05-20 Do you really want to change the world If the answer is YES then this book shows you how Ethical consumerism is now big business But leading a sustainable and truly radical life encompasses a whole variety of things that challenge the mainstream This book shows how we can make real changes to the way we live In simple steps it describes how you can create sustainable and equitable ways of living that can help transform not just your own life but the culture around you The book weaves together analysis stories and experiences It combines in depth analytical chapters followed by easy to follow How to Guides with practical ideas for change Taken together these small steps can move us towards taking back control of our lives from governments and corporations

Hand-held Visions DeeDee Halleck, 2002 For almost forty years DeeDee Halleck has been involved in a variety of projects that involve media making by non professionals Her goal has been to develop a critical sense of the potential and limitations of mediated communication through practical exercises that generate a sense of both individual and non hierarchical group power over the various apparati of media and electronic technology Hand Held Visions is a collection of essays presentations and lectures that she has written throughout this process Halleck starts with a discussion of her own development as a teacher producer and an active participant in the struggle for media democracy She gives the reader a historical first person perspective on the community based media movement and a sense of the determination and resolve that have enabled often fragile and much embattled organizations and individuals to survive in a climate dominated by global media corporations that are in direct opposition to their work

Life Under the Jolly Roger Gabriel Kuhn, 2020-09-01 Over the last couple of decades an ideological battle has raged over the political legacy and cultural symbolism of the golden age pirates who roamed the seas between the Caribbean Islands and the Indian Ocean from roughly 1690 to 1725 They are depicted as romanticized villains on the one hand and as genuine social rebels on the other Life Under the Jolly Roger examines the political and cultural significance of these nomadic outlaws by relating historical accounts to a wide range of theoretical concepts reaching from Marshall Sahlins and Pierre Clastres to Mao Zedong and Eric J Hobsbawm via Friedrich Nietzsche and Michel Foucault With daring theoretical speculation and passionate respectful inquiry Gabriel Kuhn skillfully contextualizes and analyzes the meanings of race gender sexuality and disability in golden age pirate communities while also surveying the

brehtaking array of pirates forms of organization economy and ethics Life Under the Jolly Roger also provides an extensive catalog of scholarly references for the academic reader Yet this delightful and engaging study is written in language that is wholly accessible for a wide audience This expanded second edition includes two new prefaces and an appendix with interviews about contemporary piracy the ongoing fascination with pirate imagery and the thorny issue of colonial implications in the romanticization of pirates

The Routledge Reader of African American Rhetoric Vershawn Ashanti Young, Michelle Bachelor Robinson, 2024-11-01 The Routledge Reader of African American Rhetoric is a comprehensive compendium of primary texts that is designed for use by students teachers and scholars of rhetoric and for the general public interested in the history of African American communication The volume and its companion website include dialogues creative works essays folklore music interviews news stories raps videos and speeches that are performed or written by African Americans Both the book as a whole and the various selections in it speak directly to the artistic cultural economic gendered social and political condition of African Americans from the enslavement period in America to the present as well as to the Black Diaspora

The New Media Nation Valerie Alia, 2012 Around the planet Indigenous people are using old and new technologies to amplify their voices and broadcast information to a global audience This is the first portrait of a powerful international movement that looks both inward and outward helping to preserve ancient languages and cultures while communicating across cultural political and geographical boundaries Based on more than twenty years of research observation and work experience in Indigenous journalism film music and visual art this volume includes specialized studies of Inuit in the circumpolar north and First Nations peoples in the Yukon and southern Canada and the United States

Community Media Kevin Howley, 2005-04-07 While transnational conglomerates consolidate their control of the global mediascape local communities struggle to create democratic media systems This groundbreaking study of community media first published in 2005 combines original research with comparative and theoretical analysis in an engaging and accessible style Kevin Howley explores the different ways in which local communities come to make use of various technologies such as radio television print and computer networks for purposes of community communication and considers the ways these technologies shape and are shaped by the everyday lived experience of local populations He also addresses broader theoretical and philosophical issues surrounding the relationship between communication and community media systems and the public sphere Case studies illustrate the pivotal role community media play in promoting cultural production and communicative democracy within and between local communities This book will make a significant contribution to existing scholarship in media and cultural studies on alternative participatory and community based media

Contesting Media Power James Curran, Nick Couldry, 2003-09-22 Contesting Media Power is the most ambitious international collection to date on the worldwide growth of alternative media that are challenging the power concentration in large media corporations Media scholars and political scientists develop a broad comparative framework for analyzing alternative media in Australia

Chile China Indonesia Malaysia Russia Sweden South Africa the United Kingdom and the United States Topics include independent media centers gay online networks and alternative web discussion forums feminist film political journalism and social networks indigenous communication and church sponsored media This important book will help shape debates on the media's role in current global struggles such as the anti globalization movement

Alternative and Activist Media Mitzi Waltz, 2005-10-11 This study of alternative and activist media provides an introduction to alternative media theories audiences and practices It brings diverse voices and concepts from outside the commercial media world to the fore enriching and challenging mass media Illustrated with historical and current examples from both a UK and international perspective it also includes carefully constructed exercises and discussion topics based on case studies and available texts Topics include the place of alternative media in a mass media world a history of alternative and activist media media participation and consumption by marginalised audiences the use of pirate and community radio video and television by community and minority groups fanzines and other small publishing ventures by individuals the use of alternative media for explorations in design the blurring of boundaries between alternative and mass media and new technology and its possibilities for alternative media

Understanding Community Media Kevin Howley, 2009-09-11 A text that reveals the value and significance of community media in an era of global communication With contributions from an international team of well known experts media activists and promising young scholars this comprehensive volume examines community based media from theoretical empirical and practical perspectives More than 30 original essays provide an incisive and timely analysis of the relationships between media and society technology and culture and communication and community Key Features Provides vivid examples of community and alternative media initiatives from around the world Explores a wide range of media institutions forms and practices community radio participatory video street newspapers Independent Media Centers and community informatics Offers cutting edge analysis of community and alternative media with original essays from new emerging and established voices in the field Takes a multidimensional approach to community media studies by highlighting the social economic cultural and political significance of alternative independent and community oriented media organizations Enters the ongoing debates regarding the theory and practice of community media in a comprehensive and engaging fashion Intended Audience This core text is designed for advanced undergraduate and graduate courses such as Community Media Alternative Media Media Social Change Communication Culture and Participatory Communication in the departments of communication media studies sociology and cultural studies

Other Lands Have Dreams Kathy Kelly, 2005 Written by a human rights activist this extraordinary narrative gives voice to the cries of people afflicted by military and economic warfare

Continuum Encyclopedia of Popular Music of the World, 2003-01-30 The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media industry and technology and its relationship to popular music In 500 entries by 130 contributors from around the world the volume explores the topic in two

Enjoying the Track of Phrase: An Psychological Symphony within **Seizing The Air Waves A Free Radio Handbook**

In some sort of eaten by screens and the ceaseless chatter of fast interaction, the melodic splendor and mental symphony produced by the written word usually fade into the back ground, eclipsed by the constant sound and distractions that permeate our lives. Nevertheless, nestled within the pages of **Seizing The Air Waves A Free Radio Handbook** a marvelous fictional prize brimming with fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, that fascinating masterpiece conducts readers on a mental trip, well unraveling the concealed melodies and profound affect resonating within each cautiously crafted phrase. Within the depths with this emotional assessment, we can explore the book is key harmonies, analyze its enthralling writing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
