Select Poems and Tragedies (Classic Reprint) Victor Hugo, 2017-12-15 Excerpt from Select Poems and Tragedies I was holding him fast by the bridle In knots stood each muscle and vein My brow was all lined with my efforts His headlong career to restrain A horse of a glorious lineage Astarte like born of the foam Daily fed from Aurora's bright chalice Brought straight from her own starry home A steed mighty and grand in his movements Untamable bounding on high Ever filling with resonant neighings The vault of the deep azure sky To heaven each genius his bowl lifts And kindling his torch from the sky On the back of this wonderful monster Is seated and borne up on high All thy poets and prophets in order Thou knowest O earth by the scars Of the burnings received from his harness Which shineth all over with stars About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*Selected Poems* Sophocles, 2018-06-26 Sophocles tragedies from Antigone to Oedipus Tyrannus are filled with highly wrought vivid and emotionally powerful poetry Yet most translations sacrifice the poetry to convey only the sense of the lines as dramatic speech This is the first book in English to present Sophocles exclusively as a poet and the only volume to reveal the full force and beauty of his verse With a fresh and consistent attention to structure language and rhythm across Sophocles writings Reginald Gibbons has translated a selection of odes from Sophocles surviving plays as well as fragments from his lost works What emerges is a genuinely new sense of a Sophocles who was as much poet as dramatist Bringing the Greek poet and his world surprisingly close to us these translations also restore a sense of the long continuity of poetry Complete with an introduction this edition reveals Sophocles poetic brilliance as never before SELECT POEMS AND

Selected Poems and Fragments Friedrich Hölderlin,2007-02-22 Friedrich H lderlin 1770 1843 is now recognized as one of Europe s supreme poets He first found his true voice in the epigrams and odes he wrote when transfigured by his love for the wife of a rich banker He later embarked on an extraordinarily ambitious sequence of hymns exploring cosmology and history from mythological times to the discovery of America and his own era The Canticles of Night by contrast include enigmatic fragments in an unprecedented style which anticipates the Symbolists and Surrealists Together the works collected here show H lderlin s use of Classical and Christian imagery and his exploration of cosmology and history in an attempt to find meaning in an uncertain world      Catalogue of the Library of the Newark Library Association. Selected Poems of August Strindberg Lotta M. Löfgren,2002 August Strindberg 1849 1912 was one of the great innovators of modern drama as well as a novelist poet and master of the Swedish language In this collection Selected Poems of August Strindberg editor and translator Lotta M Lofgren has chosen poems from all three volumes of Strindberg s verse Poems in Verse and Prose Sleepwalking Nights on Awake Days and Word Play and Minor Art to illustrate to the English speaking reader the development strengths and versatility of Strindberg the poet Lofgren explains Although August Strindberg is internationally acknowledged as a pioneering realist expressionist and surrealist playwright his poetry is still relatively unknown outside Sweden The only English translation of his poems to date is the 1978 translation of Sleepwalking Nights by Arvid Paulson that gives an incomplete and misleading picture of Strindberg s poetry Lofgren s translation seeks to correct that picture Strindberg s stature as a dramatist alone may be adequate justification for offering a translation of his verse but his poetry stands well on its own All three volumes broke new ground and paved the way for younger generations

of poets Lofgren hopes that her translation will not only introduce Strindberg's verse to English speaking readers but will also inspire other scholars to revisit his poetry and give it the attention it deserves

Selected Poems of August Strindberg received the American Scandinavian Foundation's Translation Prize      Selected Poems Nicolas Boileau Despréaux, Nicolas Boileau, 2007-01-01
