The Simple Life David E. Shi, 2001 Looking across three centuries of want and prosperity war and peace this work introduces a cast of practitioners and proponents of the simple life among them Thomas Jefferson Scott and Helen Nearing Jimmy Carter and Jane Addams. It finds that nothing is simple about our mercurial devotion to the ideal of plain living and high thinking. Though we may hedge a bit in practice and are now and then driven by motives no deeper than nostalgia this work stresses that the diverse efforts to avoid anxious social striving and compulsive materialism have been essential to the nation's spiritual health.

One Simple Journey with Cee and Tee Craig Nelson Mahon, 2020-07-27 One Simple Journey was written to log our journey and our mission to slow down and discover more meaning to our lives. Both Tee and I felt that the only way to achieve this was to break away almost completely from everyday life and search for balance. It is a simple story that takes you the reader on a journey across this great country of ours and offers you an opportunity to see an ordinary Australian couple's perspective of that journey. Readers will travel with Tee and I on our daily tour and we have set up a link so you can cross reference our destinations in picture form google [OneSimpleJourneywithCeeandTee](#) or email onesimplejourneywithceeandtee@gmail.com for a link. Alternatively you can put the book down and research the areas through other means which will give you a more vivid and pleasant way of joining Tee and I on our journey. In addition to the Simple Journey we have added some personal experiences and a number of personal mottoes and beliefs. These family experiences are part of our personal journey and are expressed purely for us as One Simple Journey has been penned for us and was never intended for widespread publication. These personal beliefs are those that we have gathered over our lifetime with many forming how both Tee and I approach life. So please Read On and enjoy but I ask that you don't expect too much as this book is Raw and Simple. It was written and is intended only to distract you from your daily existence and throw another perspective at you. There is always a thousand reasons not to take a long break from mainstream society. But only one reason why you should Choose Wisely.
