Users Martin C. Brown, Whil Hentzen, 2004 Today's experienced computer user doesn't have time to set up and learn a new operating system and programs alone. This book shows an ordinary computer user who is comfortable with using Microsoft Windows and associated popular applications how Linux works and how using it is similar in many ways to their current software. Then it guides them through the wonderful world of popular Linux applications that perform the same day-to-day functions they're used to on their Windows computer: word processing, spreadsheets, presentations, graphics processing, email, Internet browsing, pictures, music, and video, and more. *Beginning Ubuntu Linux* Keir Thomas, 2007-05-01 Winner of a Linux Journal Editor's Choice 2006 award, first edition. *Beginning Ubuntu Linux* Second Edition updates the best-selling and award-winning first edition. It's the perfect guide for those switching to the world's favorite Linux. The new edition has been thoroughly updated to cover technology introduced in the 6.10 release. In the 680 fully illustrated pages you'll learn how to install Linux, set up your hardware and software, customize the desktop experience, browse the Web, and send/receive email, play back audio and video, edit digital images, use the OpenOffice.org office suite, and more. Additionally, you'll discover how to perform vital maintenance tasks such as securing your computer against hackers, updating online, optimizing your system, installing and managing software, backing up, accessing your computer remotely, scheduling tasks, and more. A whole third of the book is dedicated to Linux internals, including managing system processes and working at the command line. Two appendices provide a glossary of Linux terms and an index of commands that can be used to control Ubuntu. *Beginning Ubuntu Linux* Second Edition is a complete, comprehensive, and unbiased guide to getting the most from Ubuntu. *Beginning Ubuntu Linux* Second Edition features a unique DVD-ROM companion disk containing the full Ubuntu installation that you can install on your computer. A full installation guide is provided in the book. Also included on the DVD-ROM are the Ubuntu sister projects such as Kubuntu, Xubuntu, Edubuntu, and others. Both the long-term support and 6.10 releases of all projects are provided. *Practical Corpus Linguistics* Martin Weisser, 2016-02-16 This is the first book of its kind to provide a practical and student-friendly guide to corpus linguistics that explains the nature of electronic data and how it can be collected and analyzed. Designed to equip readers with the technical skills necessary to analyze and interpret language data, both written and orthographically transcribed. Introduces a number of easy-to-use yet powerful free analysis resources consisting of standalone programs and web interfaces for use with Windows, Mac OS X, and Linux. Each section includes practical exercises, a list of sources, and further reading, and illustrated step-by-step introductions to analysis tools. Requires only a basic knowledge of computer concepts in order to develop the specific linguistic analysis skills required for understanding/analyzing corpus data. *Combat Boots to Affiliate Marketer* Jason T.
