Monthly Catalog of United States Government Publications ,1975 The First Emperor Jane Portal,Hiromi Kinoshita,2007 The rise of Qin and the military conquest of the warring states The First Emperor and the Qin empire Imperial tours and mountain inscriptions The First Emperor s tomb the afterlife universe A two thousand year old underground empire *Technology in Transition A.D. 300-650* Luke Lavan,Enrico Zanini,Alexander Sarantis,2008-03-31 This book is the first general work to be published on technology in Late Antiquity It seeks to survey aspects of the technology of the period and to respond to questions about technological continuity stagnation and decline The book opens with a comprehensive bibliographic essay that provides an overview of relevant literature The main section then explores technologies in agriculture production metal ceramics and glass engineering and building Papers draw on both archaeological and textual sources and on analogies with medieval and early modern technologies Reference is made not only to the periods which preceded it but to the transition to the Early Middle Ages and to the technological heritage of Late Antiquity to the Islamic world Several papers focus on Italy whilst others consider North Africa Asia Minor and the Near East

Roman Military Equipment from the Punic Wars to the Fall of Rome, second edition M. C. Bishop,John Coulston,2006-04-22 Rome s rise to empire is often said to have owed much to the efficiency and military skill of her armies and their technological superiority over barbarian enemies But just how advanced was Roman military equipment What were its origins and how did it evolve The authors of this book have gathered a wealth of evidence from all over the Roman Empire excavated examples as well as pictorial and documentary sources to present a picture of what range of equipment would be available at any given time what it would look like and how it would function They examine how certain pieces were adopted from Rome s enemies and adapted to particular conditions of warfare prevailing in different parts of the Empire They also investigate in detail the technology of military equipment and the means by which it was produced and discuss wider questions such as the status of the soldier in Roman society Both the specially prepared illustrations and the text have been completely revised for the second edition of this detailed and authoritative handbook bringing it up to date with the very latest research It illustrates each element in the equipment of the Roman soldier from his helmet to his boots his insignia his tools and his weapons This book will appeal to archaeologists ancient and military historians as well as the generally

informed and inquisitive reader Avar-Age Polearms and Edged Weapons Gergely Csiky,2015-09-17 In Avar Age Polearms and Edged Weapons Gergely Csiky offers a presentation of close combat weapons of a nomadic population that migrated from Inner Asia to East Central Europe During the late 6th early 7th centuries the Avars led successful military campaigns against the Balkan realms of the Byzantine Empire facilitated by their cavalry s use of stirrups for the first time in Europe Besides the classification manufacturing techniques fittings suspension distribution and chronology of polearms and edged weapons known from Avar age burials a special emphasis is laid on the origins and cultural contacts of these weapons among them the first edged weapons with curved blades the sabres The social significance and function of these artefacts is discussed in order to place them in nomadic warfare **Archaeology of the Chinese Fishing Industry in Colonial**

Victoria Alister M. Bowen,2018-08-30 Reveals a fascinating story of how Chinese fish curers successfully dominated Australia s fishing industry how they lived worked organised themselves participated in colonial society and the reasons why they suddenly disappeared **The Armies of Ancient Persia** Kaveh Farrokh,2014-02-28 Throughout most of the classical period Persia was one of the great superpowers placing a limit on the expansion of Western powers It was the most formidable rival to the Roman empire for centuries until Persia by then under the Sassanians was overwhelmed by the Islamic conquests in the seventh century AD Yet the armies of ancient Persia have received relatively little detailed attention certainly in comparison to those of Rome This work is the first of three volumes that will form the most comprehensive study of ancient Persian armies available The Sassanians the native Iranian dynasty that ousted their Parthian overlords in AD 226 developed a highly sophisticated army that was able for centuries to hold off all comers They continued the Parthians famous winning combination of swift horse archers with heavily armored cataphract cavalry also making much use of war elephants but Kaveh Farrokh interestingly demonstrates that their oft maligned infantry has been much underestimated The author born in Athens Greece and expert in ancient Persian languages and military history has been researching the military history and technology of Persia for a quarter of a century He draws on the latest research and new archaeological evidence focusing on the organization equipment and tactics of the armies that dominated the ancient Middle East for so long *Ibss:*
