Picasso and the Painting That Shocked the World Miles J. Unger, 2019-03-26 One of The Christian Science Monitor's Best Nonfiction Books of 2018 An engrossing read a historically and psychologically rich account of the young Picasso and his coterie in Barcelona and Paris The Washington Post and how he achieved his breakthrough and revolutionized modern art through his masterpiece *Les Femmes d'Alger* (O.J. version) In 1900 eighteen year old Pablo Picasso journeyed from Barcelona to Paris the glittering capital of the art world For the next several years he endured poverty and neglect before emerging as the leader of a bohemian band of painters sculptors and poets Here he met his first true love and enjoyed his first taste of fame Decades later Picasso would look back on these years as the happiest of his long life Recognition came first from the avant garde then from daring collectors like Leo and Gertrude Stein In 1907 Picasso began the vast disturbing masterpiece known as *Les Femmes d'Alger* Inspired by the painting of Paul Cézanne and the inventions of African and tribal sculpture Picasso created a work that captured the disorienting experience of modernity itself The painting proved so shocking that even his friends assumed he'd gone mad but over the months and years it exerted an ever greater fascination on the most advanced painters and sculptors ultimately laying the foundation for the most innovative century in the history of art In *Picasso and the Painting That Shocked the World* Miles J Unger combines the personal story of Picasso's early years in Paris his friendships his romances his great ambition his fears with the larger story of modernism and the avant garde The Christian Science Monitor This is the story of an artistic genius with a singular creative gift It is riveting This engrossing book chronicles with precision and enthusiasm a painting with lasting impact in today's art world Publishers Weekly starred review all of it played out against the backdrop of the world's most captivating city

Picasso: A Biography Patrick O'Brian, 1994-03-17 The best biography of Picasso Kenneth Clark Patrick O'Brian's outstanding biography of Picasso is here available in paperback for the first time It is the most comprehensive yet written and the only biography fully to appreciate the distinctly Mediterranean origins of Picasso's character and art Everything about Picasso except his physical stature was on an enormous scale No painter of the first rank has been so awe-inspiringly productive No painter of any rank has made so much money A few painters have rivaled his life span of ninety years but none has attracted so avid so insatiable a public interest Patrick O'Brian knew Picasso sufficiently well to have a strong sense of his personality The man that emerges from this scholarly passionate and brilliantly written biography is one of many contradictions hard and tender mean and generous affectionate and cold private despite the relish of his fame In his later years he professed communism yet in O'Brian's view retained to the end of his life a residual Catholic outlook Not that such matters were allowed to interfere with his vigorous sensuality Sex and money eating and drinking friends and quarrels comedies and tragedies suicides and wars tumble one another in the vast chaos of his experience he was a man almost as lonely as the sun but one who glowed with much the same fierce burning life It is with that impression of its subject that this book leaves its readers *A Life of Picasso: 1881-1906* John Richardson, Marilyn McCully, 1991 A three volume study of the life and work of Pablo Picasso captures the artist from his early life in Málaga and Barcelona through his revolutionary Cubist period to the height of his talent in prewar Europe *Side by Side* Sebastian Smee, 2002-01-01 Matisse and Picasso influenced each other from 1905 on This is the story of their creative rivalry from its beginnings in the salons of Paris and under the auspices of Gertrude and Leo Stein through the years leading to World War I and beyond *Picasso* Leo

Steinberg,2022-06-24 The fourth volume in the Essays by Leo Steinberg series focusing on the artist Pablo Picasso Leo Steinberg was one of the most original art historians of the twentieth century known for taking interpretive risks that challenged the profession by overturning reigning orthodoxies In essays and lectures ranging from old masters to modern art he combined scholarly erudition with eloquent prose that illuminated his subject and a credo that privileged the visual evidence of the image over the literature written about it His writings sometimes provocative and controversial remain vital and influential reading Steinberg s perceptions evolved from long hard looking at his objects of study Almost everything he wrote included passages of formal analysis but always put into the service of interpretation This volume brings together Steinberg s essays on Pablo Picasso many of which have been studied and debated for decades such as The Philosophical Brothel as well as unpublished lectures including The Intelligence of Picasso a wide ranging look at Picasso s enduring ambition to stretch the agenda of representation from childhood drawings to his last self portrait An introduction by art historian Richard Shiff contextualizes these works and illuminates Steinberg s lifelong dedication to refining the expository interpretive and rhetorical features of his writing Picasso is the fourth volume in a series that presents Steinberg s writings selected and edited by his longtime associate Sheila Schwartz *Matisse Picasso* Elizabeth Cowling,2002 Annotation Henri Matisse and Pablo Picasso have long been seen as the twin giants of modern art as polar opposites but also as complementary figures Between them they are the originators of many of the most significant innovations of 20th century painting and sculpture but their relationship has rarely been explored in all of its closeness and complexity In spite of their initial rivalry the two masters eventually acknowledged one another as equals becoming in their old age increasingly important to one another both artistically and personally From the time of their initial encounters in 1906 in Gertrude and Leo Stein s Paris studio until 1917 they individually produced some of the greatest art of the 20th century and maintained an openly competitive relationship brimming with intense innovation Matisse Picasso presents the artists oeuvres in groupings that reveal the affinities but also the extreme contrasts of their artistic visions Published to accompany the landmark exhibition a joint effort of The Museum of Modern Art New York the Tate Modern London the Reunion des musees nationaux Musee Picasso and the Musee national d art moderne Centre Georges Pompidou Paris Matisse Picasso is the first major examination of the fascinating relationships between their art their careers and their lives Thirty four essays each by a member of the exhibition s curatorial team focus on a particular moment in the artists evolving relationship These texts are accompanied by an introductory history commentary on the public perception of important artistic relationships and an extensive chronology *Paris* Mary McAuliffe,2023-05-15 Follow in the footsteps of history to discover the hidden places extraordinary people and captivating stories of Paris Paris Secret Gardens Hidden Places and Stories of the City of Light Mary McAuliffe s multilayered exploration of Paris weaves a narrative that takes the reader into secret and hidden places even in the midst of the most well known Paris destinations McAuliffe s hidden places can be small but are always revealing

whether a bas relief on an ignored corner of Notre Dame or an overlooked courtyard inside an ancient and busy hospital She takes the reader below the streets and sidewalks of Paris to discover ancient aqueducts and a lost river and she prompts the reader to notice overlooked treasures in the most trafficked of museums Always McAuliffe s focus is on people and their stories Evil queens designing noblemen bold chevaliers and desperate lovers mingle with Resistance fighters and obsessed artists rising out of abject poverty into unexpected fame and fortune adding to the tidal wave of creativity that is the lifeblood of the City of Light One person place and story lead to another each linked by a common thread within the layered richness of Paris s past The story of Paris is not a chronology but an exploration of the many layers of this remarkable city throughout the ages

A Life of Picasso II: The Cubist Rebel John Richardson, 2007-10-16 In the second volume of his Life of Picasso Richardson reveals the young Picasso in the Baudelairean role of the painter of modern life Never before have Picasso s revolutionary vision technical versatility prodigious achievements and not least his sardonic humor been analyzed with such clarity Hence his great breakthrough painting Les Femmes d'Alger (O. J. R. 1965) with which this book opens As well as portraying Picasso as a revolutionary Richardson analyzes the more compassionate side of his genius The misogynist of posthumous legend turns out to have been surprisingly vulnerable more often sinned against than sinning Heartbroken at the death of his mistress Eva Picasso tried desperately to find a wife Richardson recounts the untold story of how his two great loves of 1915 17 successively turned him down These disappointments as well as his horror at the outbreak of World War I and the wounds it inflicted on his closest friends Braque and Apollinaire shadowed his painting and drove him off to work for the Ballets Russes in Rome and Naples back to the ancient world In this volume we see the artist s life and work during the crucial decade of 1907 17 a period during which Picasso and Georges Braque devised what has come to be known as cubism and in doing so engendered modernism Thanks to the author s friendship with Picasso and some of the women in his life as well as Braque and their dealer D H Kahnweiler and other associates he has had access to untapped sources and unpublished material In The Cubist Rebel Richardson also introduces us to key figures in Picasso s life who have been totally overlooked by previous biographers Among these are the artist s Chilean patron collector and mother figure Eugenia Errazuriz as well as two fiancées the loveable Geneviève Laporte and the promiscuous bisexual painter Irène Lagot By harnessing biography to art history he has managed to crack the code of cubism more successfully than any of his predecessors And by bringing fresh light to bear on the artist s private life he has succeeded in coming up with a new view of this paradoxical man and of his paradoxical work Never before have Picasso s revolutionary vision technical versatility prodigious achievements and not least his sardonic humor been analyzed with such clarity

The Art of Looking Lance Esplund, 2018-11-27 A veteran art critic helps us make sense of modern and contemporary art The landscape of contemporary art has changed dramatically during the last hundred years from Malevich s 1915 painting of a single black square and Duchamp s 1917 signed porcelain urinal to Jackson Pollock s midcentury drip paintings Chris Burden s Shoot 1971 in which the artist was voluntarily shot in the arm

with a rifle Urs Fischer's *You* 2007 a giant hole dug in the floor of a New York gallery and the conceptual and performance art of today's Ai Weiwei and Marina Abramovic The shifts have left the art viewing public understandably perplexed In *The Art of Looking* renowned art critic Lance Esplund demonstrates that works of modern and contemporary art are not as indecipherable as they might seem With patience insight and wit Esplund guides us through the last century of art and empowers us to approach and appreciate it with new eyes Eager to democratize genres that can feel inaccessible Esplund encourages viewers to trust their own taste guts and common sense *The Art of Looking* will open the eyes of viewers who think that recent art is obtuse nonsensical and irrelevant as well as the eyes of those who believe that the art of the past has nothing to say to our present

Strategic Intuition William Duggan, 2013-06-18 How Aha really happens When do you get your best ideas You probably answer At night or In the shower or Stuck in traffic You get a flash of insight Things come together in your mind You connect the dots You say to yourself Aha I see what to do Brain science now reveals how these flashes of insight happen It's a special form of intuition We call it strategic intuition because it gives you an idea for action a strategy Brain science tells us there are three kinds of intuition ordinary expert and strategic Ordinary intuition is just a feeling a gut instinct Expert intuition is snap judgments when you instantly recognize something familiar the way a tennis pro knows where the ball will go from the arc and speed of the opponent's racket Malcolm Gladwell wrote about this kind of intuition in *Blink* The third kind strategic intuition is not a vague feeling like ordinary intuition Strategic intuition is a clear thought And it's not fast like expert intuition It's slow That flash of insight you had last night might solve a problem that's been on your mind for a month And it doesn't happen in familiar situations like a tennis match Strategic intuition works in new situations That's when you need it most Everyone knows you need creative thinking or entrepreneurial thinking or innovative thinking or strategic thinking to succeed in the modern world All these kinds of thinking happen through flashes of insight strategic intuition And now that we know how it works you can learn to do it better That's what this book is about Over the past ten years William Duggan has conducted pioneering research on strategic intuition and for the past three years has taught a popular course at Columbia Business School on the subject He now gives us this eye opening book that shows how strategic intuition lies at the heart of great achievements throughout human history the scientific and computer revolutions women's suffrage the civil rights movement modern art microfinance in poor countries and more Considering the achievements of people and organizations from Bill Gates to Google Copernicus to Martin Luther King Picasso to Patton you'll never think the same way about strategy again Three kinds of strategic ideas apply to human achievement Strategic analysis where you study the situation you face Strategic intuition where you get a creative idea for what to do Strategic planning where you work out the details of how to do it There is no shortage of books about strategic analysis and strategic planning This new book by William Duggan is the first full treatment of strategic intuition It's the missing piece of the strategy puzzle that makes essential reading for anyone interested in achieving more in any field of human endeavor
