Making Sense Of Social Studies:

Making Sense of Social Studies David Jenness, 1990 EDUCATION **Making Sense of Social Theory** Charles H. Powers, 2010-01-16 Making Sense of Social Theory opens by carefully exploring what it means to follow the scientific method in a field like sociology The author goes on to analyze sociology as a genuine science with a body of explanatory insights It does this by a considering the major insights of key thinkers including Marx Durkheim Weber and Mead among others b distinguishing different analytical frameworks especially exchange symbolic interactionism conflict and structural functionalism in terms of their underlying assumptions and c revealing compelling social science explanatory insights in the form of predictive principles that can be applied in understanding processes of change at work in the social world from face to face encounters to major historical trends Sociological theory is applied in ways that make its relevance and power apparent In reading this book theory no longer stands divorced from real world research or practice Making Sense of Social Theory clearly establishes the pertinence of sociology s great theoretical insights for all social science researches and practitioners Book jacket **Making Sense of Social Research** Malcolm Williams, 2003-02-24 What are the essentials for undergraduates and postgraduates engaged in quantitative and qualitative research How can the gap between formulating a research question and carrying out research be bridged This accessible well judged text provides students with a matchless introduction to generic research skills It is uncluttered direct and unpatronizing Key features of the book are Accessibility Clarification of key issues and problem solving guidance Demonstration of the importance of interplay between theory and research Realism in defining essential research issues and the problems that researchers encounter It is not the case that anyone can do social research most research requires training Here Malcolm Williams provides such training Helpful and often humorous Roger Sapsford University of Teesside **Making Sense of Social Research Methodology** Pengfei Zhao, Karen Ross, Peiwei Li, Barbara Dennis, 2021-01-04 Making Sense of Social Research Methodology A Student and Practitioner Centered Approach introduces students to research methods by illuminating the underlying assumptions of social science inquiry Authors Pengfei Zhao Karen Ross Peiwei Li and Barbara Dennis show how research concepts are often an integral part of everyday life through illustrative common scenarios like looking for a recipe or going on a job interview The authors extrapolate from these personal but ubiquitous experiences to further explain concepts like gathering data or social context so students develop a deeper understanding of research and its applications outside of the classroom Students from across the social sciences can take this new understanding into their own research their professional lives and their personal lives with a new sense of relevancy and urgency This text is organized into clusters that center on major topics in social science research The first cluster introduces concepts that are fundamental to all aspects and steps of the research process These concepts include relationality identity ethics epistemology validity and the sociopolitical context within which research occurs The second and third clusters focus on data and inference These clusters engage concretely with steps of the

research process including decisions about designing research generating data making inferences Throughout the chapters Pause and Reflect open ended questions provide readers with the space for further inquiry into research concepts and how they apply to life Research Scenario features in each chapter offer new perspectives on major research topics from leading and emerging voices in methods Moving from this dialogic perspective to more actionable advice You and Research features offer students concrete steps for engaging with research Take your research into the world with Making Sense of Social Research Methodology A Student and Practitioner Centered Approach

Making Sense of Infinite Uniqueness Sergio Salvatore,Jaan Valsiner,Alessandro Gennaro,2013-02-01 YIS has been thought as an annual series of volumes collecting contributes aimed at developing the integration of idiographic and nomothetic approaches in psychological and more in general social science At the beginning 3 years ago we got an agreement with an Italian publisher FGP Firera Publishing Group interested in the scientific project and therefore willing to help the start up of this scientific enterprise After publishing the first volume YIS 2008 yet published in 2009 the Volume is freely available on the FPG s website we have had many positive feedbacks and signals of interests as well as several submissions from many parts of the world This has provided an acceleration of the following issues Above all this led us to realize that it was time to give an editorial collocation to YIS that can be more consistent with the interest it has raised and that can ulteriorly raise FPG does not put constraint on this perspective being aware and agreed of the necessity of a worldwide context for the YIS s development Moreover there are no constraints in the possibility of going on in using the label YIS starting from Volume 4 The Series addresses a quite large potential public students and researchers interested to theoretical and methodological development of psychology and more in general social science Persons engaged with qualitative dynamic informed models of analysis will find YIS a precious tool as well as a context enabling to develop a worlwide network of practices and cultures of research The first three volumes TOC witness how large and constantly increasing is the interest around the scientific project

Making Sense of Expertise Reiner Grundmann,2022-10-24 Current debates about experts are often polarized and based on mistaken assumptions with expertise either defended or denigrated Making Sense of Expertise instead proposes a conceptual framework for the study of expertise in order to facilitate a more nuanced understanding of the role of expertise in contemporary society Too often different meanings of experts and expertise are implied without making them explicit Grundmann s approach to expertise is based on a synthesis of approaches that exist in various fields of knowledge The book

aims at dispelling much of the confusion by offering a comprehensive and rigorous framework for the study of expertise A series of in depth case studies drawn from contemporary issues including the climate crisis and the COVID 19 pandemic provide the empirical basis of the author s comprehensive approach This thought provoking book will be of great interests to students instructors and researchers in a range of fields in the humanities social sciences and science and technology studies

Making Sense of Cinema CarrieLynn D. Reinhard,Christopher J. Olson,2016-02-25 There are a variety of theoretical and methodological approaches to researching how film spectators make sense of film texts from the film text itself the psychological traits and sociocultural group memberships of the viewer or even the location and surroundings of the viewer However we can only understand the agency of film spectators in situations of film spectatorship by studying actual spectators interactions with specific film texts in specific contexts of engagement Making Sense of Cinema Empirical Studies into Film Spectators and Spectatorship uses a number of empirical approaches ethnography focus groups interviews historical qualitative experiment and physiological experiment to consider how the film spectator makes sense of the text itself or the ways in which the text fits into his or her everyday life With case studies ranging from preoccupations of queer and ageing men in Spanish and French cinema and comparative eye tracking studies based on the two completely different soundscapes of Monsters Inc and Saving Private Ryan to cult fanbase of the Lord of the Rings Trilogy and attachment theory to its fictional characters Making Sense of Cinema aligns this subset of film studies with the larger fields of media reception studies allowing for dialogue with the broader audience and reception studies field

Making Sense of Suburbia Through Popular Culture Rupa Huq,2013-08-15 This book explores how notions of suburbia have developed in our collective imagination examining novels cinema popular music and television in the US and UK [inside/out](#) Rebecca A.

Martusewicz,William M. Reynolds,2012-12-06 This engaging text examines issues in education and curriculum theory from multiple critical perspectives Students are encouraged to look at education from the inside the complex processes methods and relations that operate within schools and from the outside the larger social economic and political forces that have affected schools over time Each essay begins with Guiding Questions and concludes with Questions for Discussion Teachers as Researchers activities and Suggested Readings

A Balanced Epistemological Orientation for the Social Sciences Charles F. Gattone,2020-12-08 A Balanced Epistemological Orientation for the Social Sciences challenges social researchers to rethink the epistemological assumptions grounding their work It reviews the strengths and weaknesses of four salient epistemological orientations in the field positivism relativism interpretivism and intersubjectivism to identify the characteristics of a theoretically informed epistemology for social science Relying on such an epistemology means seeking a deeper understanding of the social world without losing sight of the constructed nature of one s conceptual frames It involves adopting a reflexive position with regard to the norms and traditions in one s area of specialization and in the field as a whole Epistemologically balanced social research is neither the dispassionate gathering of factual information nor the elaboration

of universal assessments formed on the basis of armchair speculation It involves engaging in inquiry in an independent manner and being aware of the perspectival character of the claims being made in the attempt to shed new light on social phenomena The caliber of social science can be elevated when researchers recognize the symbolic nature of their work and the significance of their conclusions in the larger social order

The Social Semiotics of Populism Sebastián Moreno Barreneche, 2023-01-26 The concept of populism is currently used by scholars the media and political actors to refer to multiple and disparate manifestations and phenomena from across both the left and the right ends of the political spectrum As a result it defies neat definition as scholarship on the topic has shown over the last 50 years In this book Sebastián Moreno Barreneche approaches populism from a semiotic perspective and argues that it constitutes a specific social discourse grounded on a distinctive narrative structure that is brought to life by political actors that are labelled populist Conceiving of populism as a mode of semiotic production that is based on a conception of the social space as divided into two groups the People and the Other this book uses semiotic theory to make sense of this political phenomenon Exploring how the categories of the People and the Other are discursively constructed by populist political actors through the use of semiotic resources the ways in which meaning emerges through the oppositions between imagined collective actors is explained Drawing on examples from Europe North America and South America The Social Semiotics of Populism presents a systematic semiotic approach to this multifaceted political concept and bridges semiotic theory and populism studies in an original manner

Social Studies of Health, Illness and Disease, 2008-01-01 The studies of the human being in health and illness and how he can be cared for is concerned with more than the biological aspects and thus calls for a broader perspective Social sciences and medical humanities give insight into the context and conditions of being ill caring for the ill and understanding disease in a respective socio cultural frame This book brings together scholars from various countries who are interested in deepening the interdisciplinary discourse on the subject This book is the outcome of the 4th global conference on Making Sense of Health Illness and Disease held at Mansfield College Oxford in July 2005 This volume will be of interest to students in the medical humanities researchers as well as health care provider who wish to gain insight into the various perspectives through which we can understand health

illness and disease It has been brought to our attention that in a chapter in this volume Media Treatment of Organ Donation A Case Study in Switzerland By Peter J Schulz direct reference and citation of the works of other scholars is often inconsistent and in some cases totally lacking While we do not believe that it was the intention of the author of the article to misappropriate other persons material we do admit that the chapter does not meet standards currently expected of an academic publication We regret any misappropriation of another author s language thoughts ideas or expressions in our publications and will remain vigilant to prevent this recurring in the future We give notice that the chapter has been retracted and will not appear in any future editions of the book Brill February 2016 **The Public Value of the Social**

Sciences John D. Brewer,2013-05-23 John Brewer explores the essential nature of the social sciences and the ways in which notions of impact and value could be reframed to generate a more productive debate around their contribution to the good of society Making Sense of Research in Nursing, Health and Social Care Pam Moule,2018-01-27 What is research and how

does it work in the context of nursing health and social care Now in its 6th edition this easy to read guide provides a concise overview of the different research methods and terminology helping students to understand how research is implemented in practice The new edition includes Case examples of real research from a variety of settings and countries Updates in light of the new NMC standards More on critical appraisal tools and service improvement Chapter learning outcomes and key points Free online resources including an interactive glossary reflective exercises and free access to SAGE journal articles for students as well as SAGE videos seminar notes and more for lecturers This is essential reading for undergraduate and postgraduate students of nursing and health in the UK and internationally **Making Sense as a Cultural Practice** Jörg

Rogge,2014-04-15 In the cultural and social formations of the past practices exist for the generation and integration of moments having and giving sense with the objective of strengthening the cultural and social cohesion Such practices and processes have a constructive character even if this is not always the intention of the actors themselves As the production of sense is one of the central fields of action of cultural and political practice the articles examine with an interdisciplinary perspective how in different contexts the construction of sense was organized and implemented as a cultural practice

Cause and Meaning in the Social Sciences Ernest Gellner,2003 This volume focuses on key conceptual issues in the social sciences such as Winch s idea of a social science structuralism Malinowski and Evans Pritchard and the concept of kinship In particular it deals with such problems as the relationship of nature and culture the relevance of concepts drawn from within a given society to its understanding and the relation of theory to time *Making Sense of Women's Lives* , Lauri

Umansky,Michele Plott,2000-08-01 Making Sense of Women s Lives presents a wide range of writings about women s lives in the United States Michele Plott and Lauri Umansky have drawn on their experiences as both students and professors to assemble the collection Seeking to provide as full a sampling from a diverse and intellectually vibrant field as one volume permits the editors have also chosen writing that makes an enjoyable read A few of the selections here represent the

undisputed classics of the field More of them constitute simply the works drawn from academic and nonacademic sources alike that could make a difference in understanding what it means to be female in America Making Sense of Women s Lives is intended as the primary text in Women s Studies courses With that usage in mind Plott and Umansky have provided brief introductions to each article to help students understand the author s perspectives Thought and discussion questions follow each selection The book contains as well numerous Flash Exercises suggestions for class exercises and activities The editors have used these activities in their courses over the past decade in conjunction with readings in this volume and have found that the full complement of materials coalesces into an intellectually powerful introduction to Women s Studies A Collegiate Press book
