Man And His Powers 1934:

The 1931-1940: American Film Institute Catalog of Motion Pictures Produced in the United States American Film Institute,1993 The entire field of film historians awaits the AFI volumes with eagerness Eileen Bowser Museum of Modern Art Film Department Comments on previous volumes The source of last resort for finding socially valuable films that received such scant attention that they seem lost until discovered in the AFI Catalog Thomas Cripps Endlessly absorbing as an excursion into cultural history and national memory Arthur Schlesinger Jr *Modern Moral Philosophy* Stephen Darwall,2023-06-15 In this magisterial study one of our leading moral philosophers refutes the charge originally made by Elizabeth Anscombe that modern ethics is incoherent because it essentially depends on theological and religious assumptions that it cannot acknowledge Stephen Darwall s panoramic picture starts with the seventeenth century thinker Grotius and tells the story continuously down to the time of Kant exploring what was in fact a completely new way of doing ethics based on secular ideas of human psychology and universal accountability He shows that thinkers from Grotius to Kant are profoundly united by this modern approach and that it helped them to create a theory of natural human rights that remains of great political relevance today He further shows that this new way of thinking provides conceptual resources that are far from exhausted and that moral philosophy in this idiom still has a vibrant future *The Years of Anger* Andy Croft,2020-05-01 Randall Swingler 1909 67 was arguably the most significant and the best known radical English poet of his generation A widely published poet playwright novelist editor and critic his work was set to music by almost all the major British composers of his time This new biography draws on extensive sources including the security services files to present the most detailed account yet of this influential poet lyricist and activist A literary entrepreneur Swingler was founder of radical paperback publishing company Fore Publications editor of Left Review and Our Time and literary editor of the Daily Worker later becoming a staff reporter until the paper was banned in 1941 In the 1930s he contributed several plays for Unity Theatre including the Mass Declamation Spain the Munich play Crisis and the revues Sandbag Follies and Get Cracking In 1936 MI5 opened a 20 year long file on him prompted by a song he co wrote with Alan Bush for a concert organised to mark the arrival of the 1934 Hunger March into London During the Second World War Swingler served in North Africa and Italy and was awarded the Military Medal for his part in the battle of Lake Comacchio His collections *The Years of Anger* 1946 and *The God in the Cave* 1950 contain arguably some of the greatest poems of the Italian campaign After the war Swingler was blacklisted by the BBC Orwell attacked him in *Polemic* and included him in the list of names he offered the security services in 1949 Stephen Spender vilified him in *The God That Failed* The book will challenge the Cold War assumptions that have excluded Swingler s life and work from standard histories of the period and should be of great interest to activists scholars and those with an interest in the history of the literary and radical left **The Canadian Mining and Metallurgical Bulletin** ,1928 *The Great American Mosaic* Gary Y. Hayward,2014-03-05 While many discussions of the economic crisis of 2007 2008 have sought to explain the causes of the financial collapse this volume looks to supplement these accounts by exploring possible alternatives for the post crisis world in which we now live However rather than offering a strictly economic approach Cultural Studies and Finance Capitalism argues that the crisis was as much cultural as economic and that any way forward must understand the complex relationship between media culture and the economy The chapters in this volume deal with a wide range of themes including celebrity culture media coverage of the economy examinations of economic theory and financial markets They bring together research that combines an historical perspective with a view towards the future of critical cultural and political analysis In a period marked by anxiety and economic austerity this volume offers the reader tools for understanding the place and importance of cultural research in the post crisis era This book was originally published as a special issue of the journal Cultural Studies

A Force for Good Rodger Streitmatter,2015-03-19 America s news media are relentlessly criticized as too negative sensationalistic profit oriented and biased not to mention unpatriotic and a miserable failure at reflecting the nation s diversity Rodger Streitmatter makes clear that although much of the criticism is deserved it obscures the fact that news outlets have also made and continue to make many positive contributions to the country s well being *A Force for Good* How the American News Media Have Propelled Positive Change offers a compelling account of the Fourth Estate s efforts to improve U S society Whether documenting the appalling conditions in mental institutions exposing financial shenanigans and sex abuse scandals or championing an obscure pill as a form of contraception Streitmatter argues print and broadcast journalists have propelled significant social topics onto the public agenda and helped build support for change This text draws on both historical and contemporary examples from a wide range of social contexts the result is a fascinating tour of American history social change and the benefits of a robust media

The Power Broker Robert A. Caro, 2024-09-16 PULITZER PRIZE WINNER A modern American classic this huge and galvanizing biography of Robert Moses reveals not only the saga of one man's incredible accumulation of power but the story of his shaping and misshaping of twentieth century New York One of the Modern Library's hundred greatest books of the twentieth century Robert Caro's monumental book makes public what few outsiders knew that Robert Moses was the single most powerful man of his time in the City and in the State of New York And in telling the Moses story Caro both opens up to an unprecedented degree the way in which politics really happens the way things really get done in America's City Halls and Statehouses and brings to light a bonanza of vital information about such national figures as Alfred E Smith and Franklin D Roosevelt and the genesis of their blood feud about Fiorello La Guardia John V Lindsay and Nelson Rockefeller But The Power Broker is first and foremost a brilliant multidimensional portrait of a man an extraordinary man who denied power within the normal framework of the democratic process stepped outside that framework to grasp power sufficient to shape a great city and to hold sway over the

very texture of millions of lives We see how Moses began the handsome intellectual young heir to the world of Our Crowd an idealist How rebuffed by the entrenched political establishment he fought for the power to accomplish his ideals How he first created a miraculous flowering of parks and parkways playlands and beaches and then ultimately brought down on the city the smog choked aridity of our urban landscape the endless miles of never sufficient highway the hopeless sprawl of Long Island the massive failures of public housing and countless other barriers to humane living How inevitably the accumulation of power became an end in itself Moses built an empire and lived like an emperor He was held in fear his dossiers could disgorge the dark secret of anyone who opposed him He was he claimed above politics above deals and through decade after decade the newspapers and the public believed Meanwhile he was developing his public authorities into a fourth branch of government known as Triborough a government whose records were closed to the public whose policies and plans were decided not by voters or elected officials but solely by Moses an immense economic force directing pressure on labor unions on banks on all the city's political and economic institutions and on the press and on the Church He doled out millions of dollars worth of legal fees insurance commissions lucrative contracts on the basis of who could best pay him back in the only coin he coveted power He dominated the politics and politicians of his time without ever having been elected to any office He was in essence above our democratic system Robert Moses held power in the state for 44 years through the governorships of Smith Roosevelt Lehman Dewey Harriman and Rockefeller and in the city for 34 years through the mayoralities of La Guardia O'Dwyer Impellitteri Wagner and Lindsay He personally conceived and carried through public works costing 27 billion dollars he was undoubtedly America's greatest builder This is how he built and dominated New York before finally he was stripped of his reputation by the press and his power by Nelson Rockefeller But his work and his will had been done
