The Genius of Impeachment John Nichols, 2016-01-12 A more timely than ever argument that impeachment is an essential American institution from the author of Horsemen of the Trumpocalypse This surprising and irreverent book by one of America's leading political reporters makes the case that impeachment is much more than a legal and congressional process it is an essential instrument of America's democratic system Articles of impeachment have been brought sixty two times in American history Thomas Jefferson himself forwarded the evidence for impeachment of the first federal official to be removed under the process John Pickering in 1803 Impeachment is as American as apple pie The founders designed impeachment as one of the checks against executive power As John Nichols reveals in this fascinating look at impeachment's hidden history impeachment movements in addition to congressional proceedings themselves have played an important role in countering an out of control executive branch The threat of impeachment has worked to temper presidential excesses and to reassert democratic values in times of national drift The Genius of Impeachment makes clear that we sorely need such a movement today and that both the president and vice president deserve impeachment In the spirit of maverick congressman Henry B Gonzalez who introduced articles of impeachment against both George H W Bush and Ronald Reagan for making war without a declaration this book is a fearless call to Americans to hold our leaders accountable to democracy Arguing that regular elections are an insufficient democratic guardian against corrupt officeholders this work relies on its power to the people persona for its appeal

Citizen Cash Michael Stewart Foley,2021-12-07 A leading historian argues that Johnny Cash was the most important political artist of his time Johnny Cash was an American icon known for his level bass baritone voice and somber demeanor and for huge hits like Ring of Fire and I Walk the Line But he was also the most prominent political artist in the United States even if he wasn't recognized for it in his own lifetime or since his death in 2003 Then and now people have misread Cash's politics usually accepting the idea of him as a walking contradiction Cash didn't fit into easy political categories liberal or conservative Republican or Democrat hawk or dove Like most people Cash's politics were remarkably consistent in that they were based not on ideology or scripts but on empathy emotion instinct and identification Drawing on untapped archives and new research on social movements and grassroots activism Citizen Cash offers a major reassessment of a legendary figure
