Real Worlds Of Canadian Politics Cases In Process And Policy:

The Real Worlds of Canadian Politics Robert Malcolm Campbell, Leslie Alexander Pal, 1991 **Game Theory and Canadian Politics** Thomas Flanagan, 1998-01-01 The first book length application of game theory to Canadian politics It uses a series of case studies taken from real life political situations to illustrate fundamental concepts of game theory

Interpreting Censorship in Canada Allan C. Hutchinson, Klaus Petersen, 1999-01-01 Socially organized activity cannot occur without censorship Going beyond ideological arguments this collections of essays explores the extent of censorship in Canada today the forms censorship takes and the interests it serves *Understanding Canadian Public Administration* Gregory J. Inwood, 2025-03-07 Understanding Canadian Public Administration introduces students to both the theory and the practice of public administration in Canada It surveys the basic elements of the field in a historical context but with close attention to contemporary issues and developments to emphasize the real day to day impacts of public administration The text provides an overview of the field in the context of democratic government including a comparison of the roles of the private and public sectors The real world of government is examined with a focus on how theoretical ideas are translated into practice This fifth edition features updates on topical issues and new developments in the field including the impact of the Covid 19 pandemic on governmental policy and action as well as new and updated sections on Aboriginal self government human resources accountability financial management and intergovernmental administrative relations Understanding Canadian Public Administration invites students to examine the issues of public administration from their own viewpoints and through their own experiences bringing the field to life and making it immediately relevant to their current context

Politics in North America Yasmeen Abu-Laban, Radha Jhappan, Francois Rocher, 2007-09-01 It is no longer sufficient to examine discrete nation states in isolation from each other In Politics in North America Redefining Continental Relations prominent authors from Canada the United States and Mexico explore the politics of redefining the institutional economic geographic and cultural boundaries of North America The contributors argue that the study of politics in the twenty first century requires simultaneous attention to all levels local national and international as well as increasingly to continents This argument is explored through the historical and contemporary social and political forces that have created competing visions of what it means to belong to a North American political community In this process new debates emerge in the book concerning the appropriate role for the state as well as the meaning of sovereignty democracy and rights **Canada's Francophone Minority Communities** Michael D. Behiels, 2004-03-10 Convinced that education was one of the essential keys to the renewal and growth of their communities revitalized Francophone organizations and leaders lobbied for constitutional entrenchment of official bilingualism and of a mandated Charter right to education in their own language including the right to governance over their own schools and school boards Having achieved their objectives in the 1982 Charter of Rights and Freedoms Francophone provincial and national leaders learned the techniques of micro constitutional

politics to convince the Ontario Alberta and Manitoba provincial governments to implement full and unfettered school governance by and for Francophone minority communities These communities received the backing of Canada s Supreme Court which gave a collectivist and remedial interpretation to the Charter s official language minority education rights section 23 The Canadian government assisted the Francophone minority in two ways it made funds available to Francophone organizations and parents via the Court Challenges program and it signed lucrative financial agreements with the provinces to help defray the additional costs of establishing French language schools and school boards While the Francophone minority communities were pursuing implementation of their section 23 Charter rights they found themselves drawn into the mega constitutional negotiations and ratification procedures surrounding the controversial Meech Lake Constitutional Accord 1987 90 and the omnibus Charlottetown Consensus Report 1990 92 During the Quebec Provincial Round their Charter rights remained intact when the Meech Lake Accord failed to obtain ratification During the Canada Round they managed to obtain recognition of their conception of a pan Canadian cultural and linguistic duality which helped minimize the constitutional and political impact of the Quebec government s insistence upon a territorial conception of duality that is an asymmetrical Canada Quebec federation When Canadians rejected the Charlottetown deal neither conception achieved formal constitutional recognition Nevertheless Canada s Francophone minority communities were regenerated by the intertwined developments of constitutional renewal and their winning of school governance A new vigorous Francophone pan Canadian national community emerged one capable of ensuring the survival of its constituents communities well into the twenty first century

Freedom and Indigenous Constitutionalism John Borrows,2016-05-12 Indigenous traditions can be uplifting positive and liberating forces when they are connected to living systems of thought and practice Problems arise when they are treated as timeless models of unchanging truth that require unwavering deference and unquestioning obedience Freedom and Indigenous Constitutionalism celebrates the emancipatory potential of Indigenous traditions considers their value as the basis for good laws and good lives and critiques the failure of Canadian constitutional traditions to recognize their significance Demonstrating how Canada s constitutional structures marginalize Indigenous peoples ability to exercise power in the real world John Borrows uses Ojibwe law stories and principles to suggest alternative ways in which Indigenous peoples can work to enhance freedom Among the stimulating issues he approaches are the democratic potential of civil disobedience the hazards of applying originalism rather than living tree jurisprudence in the interpretation of Aboriginal and treaty rights American legislative actions that could also animate Indigenous self determination in Canada and the opportunity for Indigenous governmental action to address violence against women [Blockades or Breakthroughs?](#) Yale D. Belanger,P. Whitney Lackenbauer,2014-11-01 Blockades have become a common response to Canada s failure to address and resolve the legitimate claims of First Nations Blockades or Breakthroughs debates the importance and effectiveness of blockades and occupations as political and diplomatic tools for Aboriginal people The adoption of direct

action tactics like blockades and occupations is predicated on the idea that something drastic is needed for Aboriginal groups to break an unfavourable status quo overcome structural barriers and achieve their goals But are blockades actually breakthroughs What are the objectives of Aboriginal people and communities who adopt this approach How can the success of these methods be measured This collection offers an in depth survey of occupations blockades and their legacies from 1968 to the present Individual case studies situate specific blockades and conflicts in historical context examine each group s reasons for occupation and analyze the media labels and frames applied to both Aboriginal and state responses Direct action tactics remain a powerful political tool for First Nations in Canada The authors of Blockades or Breakthroughs Argue that blockades and occupations are instrumental symbolic and complex events that demand equally multifaceted responses Contributors include Yale D Belanger Tom Flanagan Sarah King P Whitney Lackenbauer David Rossiter John Sandlos Nick Shrubsole and Timothy Winegard **Queerly Canadian, Second Edition** Scott Rayter,Laine Halpern Zisman,2022-09-14

In the second edition of this remarkable and comprehensive anthology many of Canada s leading sexuality studies scholars examine the fundamental role that sexuality has played and continues to play in the building of our nation and in our national narratives myths and anxieties about Canadian identity Thoroughly updated this new edition features twenty six new chapters on topics including Indigenous kinship Blackness masculinity disability queer resistance and sex education Covering both historical and contemporary perspectives on nation and community law and criminal justice organizing and activism health and medicine education marriage and family sport and popular culture and representation the essays also take a strong intersectional approach integrating analyses of race class and gender This interdisciplinary collection is essential for the Canadian sexuality studies classroom and for anyone interested in the mythologies and realities of queer life in Canada FEATURES Sixty percent new and expanded content with twenty six new chapters Thoroughly updated to reflect a strong emphasis on the diversity of queer experiences and identities in Canada Each chapter includes a brief introduction written for this collection by the author that provides helpful context about their work for both students and teachers *Political*

Turmoil in a Tumultuous World David Carment,Richard Nimijean,2021-05-22 In the last two years Canadian society has been marked by political and ideological turmoil How does an increasingly divided country engage a world that is itself divided and tumultuous Political instability has been reinforced by international uncertainty the COVID 19 pandemic populism Black Lives Matter and the chaotic final year of the Trump presidency that increased tensions between the West China and Russia Even with a Biden presidency these issues will continue to influence Canada s domestic situation and its ability to engage as an effective global actor Contributors explore issues that cause or reflect these tensions such as Canada s willingness to address pressing crises through multilateralism including the COVID 19 pandemic Can Canada forge its own path in a turbulent world **A Short History of Quebec** John A. Dickinson,Brian Young,2008-09-19 John A Dickinson and Brian

Young bring a refreshing perspective to the history of Quebec focusing on the social and economic development of the region

as well as the identity issues of its diverse peoples This revised fourth edition covers Quebec's recent political history and includes an updated bibliography and chronology and new illustrations A Canadian classic A Short History of Quebec now takes into account such issues as the 1995 referendum recent ideological shifts and societal changes considers Quebec's place in North America in the light of NAFTA and offers reflections on the G rard Bouchard Charles Taylor Commission on Accommodation and Cultural Differences in 2008 Constitutional Predicament Curtis Cook,1994 This collection of essays by prominent Canadian political scientists and philosophers examines why the Charlottetown Accord failed to resolve Canada's constitutional problems and explains the design and fate of the accord as reflected in the theories and political forces that framed it *Arming and Disarming* R. Blake Brown,2012-01-01 From the Cole Polytechnique shootings of 1989 to the political controversy surrounding the elimination of the federal long gun registry the issue of gun control has been a subject of fierce debate in Canada But in fact firearm regulation has been a sharply contested issue in the country since Confederation *Arming and Disarming* offers the first comprehensive history of gun control in Canada from the colonial period to the present In this sweeping immersive book R Blake Brown outlines efforts to regulate the use of guns by young people punish the misuse of arms impose licensing regimes and create firearm registries Brown also challenges many popular assumptions about Canadian history suggesting that gun ownership was far from universal during much of the colonial period and that many nineteenth century lawyers including John A Macdonald believed in a limited right to bear arms *Arming and Disarming* provides a careful exploration of how social economic cultural legal and constitutional concerns shaped gun legislation and its implementation as well as how these factors defined Canada's historical and contemporary gun culture

Imperial Justice Bonny Ibhawoh,2013-10-03 *Imperial Justice* explores the imperial control of judicial governance and the adjudication of colonial difference in British Africa Focusing on the Judicial Committee of the Privy Council and the colonial regional Appeal Courts for West Africa and East Africa it examines how judicial discourses of native difference and imperial universalism in local disputes influenced practices of power in colonial settings and shaped an evolving jurisprudence of Empire Arguing that the Imperial Appeal Courts were key sites where colonial legal modernity was fashioned the book examines the tensions that permeated the colonial legal system such as the difficulty of upholding basic standards of British justice while at the same time allowing for local customary divergence which was thought essential to achieving that justice The modernizing mission of British justice could only truly be achieved through recognition of local exceptionality and difference Natives who appealed to the Courts of Empire were entitled to the same standards of justice as their civilized colonists yet the boundaries of racial ethnic and cultural difference somehow had to be recognized and maintained in the adjudicatory process Meeting these divergent goals required flexibility in colonial law making as well as in the administration of justice In the paradox of integration and differentiation imperial power and local cultures were not always in conflict but were sometimes complementary and mutually reinforcing The book draws attention not only to the role

of Imperial Appeal Courts in the colonies but also to the reciprocal place of colonized peoples in shaping the processes and outcomes of imperial justice A valuable addition to British colonial literature this book places Africa in a central role and examines the role of the African colonies in the shaping of British Imperial jurisprudence *Just One Vote* Ian Stewart, 2009-04-30 On January 12 1986 Jim Walding was nominated as the New Democratic Party candidate for the Manitoba constituency of St Vital Although Walding had been an MLA for fifteen years he had fallen out of favour with key elements in his party and won the nomination by only a single vote Walding went on in turn to bring down his own government by a single vote marking the only time in the history of Canadian politics that a majority government was brought down from within Combining data drawn from archives interviews and the media *Just One Vote* is a vivid and exceptionally detailed study of the nomination process Ian Stewart outlines the geographic social and political backdrop behind Walding's contested party nomination the unusual chain of events triggered by the contestation including the fall of the Pawley government and the NDP's defeat in the 1988 provincial election and examines the fallout from these events on Manitobans and Canadians **As I Recall** John Meisel, Institute for Research on Public Policy, 1999 This collection of papers seeks to bridge the divide between English and French Canada by bringing to light the distinctive viewpoints of those two sides regarding historical events It chronicles 34 events that have marked political relations between the two linguistic communities from the arrival of the British in 1759 through to the 1995 Quebec referendum Each event is summarized from the viewpoint of both Anglophones and Francophones Chapter 1 covers early events including the British conquest the 1830s rebellions Confederation and the hanging of Louis Riel Chapter 2 covers the making of the welfare state including unemployment insurance tax rental agreements pension plans and health insurance Chapter 3 covers Canadian identity events such as creation of the Canadian Broadcasting Corporation adoption of a new flag and bilingualism multiculturalism policies Chapter 4 covers events in Quebec since the Quiet Revolution including the DeGaulle visit in 1967 the October 1970 crisis Quebec language laws and the 1982 patriation of the Constitution Chapter 5 covers economic debates including the Churchill Falls power contract and the Canada US Free Trade Agreement The final chapter is entitled Failed reconciliation and includes papers on the Meech Lake Accord the 1990 crisis at Oka and the Charlottetown accord of 1992 Includes index

Politics Larry Johnston, 2007-04-01 Larry Johnston's third edition of *Politics* is easily one of the best introductions to political studies written in the last decade Dimitrios Karmis University of Ottawa **The ^AUnited States and Canada** Paul J. Quirk, 2019-07-11 This edited volume presents an integrated comparative examination of the political systems of the United States and Canada with special attention to the effects of political institutions and their interaction with political values and other factors in policymaking It explores in particular the differences between the American presidential or separation of powers system and the Canadian parliamentary system It also considers a number of further institutional differences concerning federalism bureaucratic leadership judicial definitions of citizens rights and others *The Canadian*

Defence Industry in the New Global Environment Alistair D. Edgar, David G. Haglund, 1995 The defence industry in Canada is facing serious challenges Declining defence expenditures protectionism in Canada's principal markets political resistance and escalating costs of weapons technology all threaten it The Canadian Defence Industry in the New Global Environment is a thorough examination and assessment of the problems and prospects of the industry given the recent dramatic changes that have transformed the international security environment

Continentalizing Canada Gregory J. Inwood, 2005-01-01 Free trade has been a highly contentious issue since the Conservative government of Brian Mulroney negotiated the first deal with the United States in the 1980s Tracing the roots of Canada's contemporary involvement in North American free trade back to the Royal Commission on the Economic Union and Development Prospects for Canada in 1985 also known as the Macdonald Commission Gregory J Inwood offers a critical examination of the commission and how its findings affected Canada's political and economic landscape including its present day reverberations Using original research including content analysis interviews archival information and surveys of relevant literature Inwood argues that the Macdonald Commission created an atmosphere and political discourse that made the continentalization of Canada possible by way of free trade agreements with the U S and Mexico Through the use of a suspect research program and with the aid of a select oligarchy within the Commission and the government bureaucracy opposition to continentalism from both the majority of the Canadian population and even several commissioners was ignored Accessible to readers interested in Canadian politics policy or economy Continentalizing Canada offers a thorough examination into the Macdonald Commission and the resulting discourse in the Canadian political economy
