Religion in Contemporary Japan Ian Reader, 1991-04-01 What role does religion play in contemporary Japanese society and in the lives of Japanese people today This text examines the major areas in which the Japanese participate in religious events the role of religion in the social system and the underlying views within the Japanese religious world Through a series of case studies of religion in action at crowded temples and festivals in austere Zen meditation halls at home and at work at dramatic fire rituals it illustrates the immense variety energy and colour inherent in Japanese religion It also discusses the continued relevance and responses of religion in a rapidly modernizing and changing society

Religion and Politics in Contemporary Japan Anne Mette Fisker-Nielsen, 2012 Presenting a study of politics at grassroots level among young Japanese this book examines the alliance between the religious movement Soka Gakkai the Value creation Society and Komeito the Clean Government Party which shared power with the Liberal Democratic Party from 1999 to 2009 Drawing on primary research carried out among Komeito supporters the book focuses on the lives of supporters and voters in order to better understand the processes of democracy It goes on to discuss what the political behaviour of young Komeito supporters tell us about the role of religious organizations such as Soka Gakkai in Japanese politics Unlike most other books on politics in Japan which tend to concentrate on political elites this book provides extremely valuable insights into political culture at the grassroots level

The Category of 'Religion' in Contemporary Japan Mitsutoshi Horii, 2018-04-17 This book critically examines the term religion sh ky as a social category within the sociological context of contemporary Japan Whereas the nineteenth century construction of sh ky has been critically studied by many the same critical approach has not been extended to the contemporary context of the Japanese language discourse on sh ky and Temple Buddhism This work aims to unveil the norms and imperatives which govern the utilization of the term sh ky in the specific context of modern day Japan with a particular focus upon Temple Buddhism The author draws on a number of popular publications in Japanese many of which have been written by Buddhist priests In addition the book offers rich interview material from conversations with Buddhist priests Readers will gain insights into the critical deconstruction the historicization and the study of social classification system of religion in terms of its cross cultural application to the contemporary Japanese context The book will be of interest to students and scholars across a range of disciplines including Japanese Studies Buddhology Religious Studies Social Anthropology and Sociology

The Teaching and Teachings of Temple Buddhism in Contemporary Japan Stephen G. Covell, 2024-10-31 How have Buddhist teachings come to be in modern and contemporary Japan and how are they taught This pioneering work seeks to answer these questions by highlighting the public teachings of Temple Buddhism institutions in particular Temple Buddhism kindergartens and Buddhist secondary schools and colleges The community outreach provided by these Buddhist facilities is far greater than any other with the possible exception of funerals yet until now it has received little attention from scholars of Japanese religion After determining what is taught in Buddhist education and how Stephen

Covell introduces readers to a select group of monks who undergo some of the most grueling practices in Japanese Temple Buddhism to determine if the public facing teachings of Buddhist education are unique or similar to those of elite Buddhist practitioners. The teachings and sites of teaching examined here include but are not limited to classical doctrinal studies and temples focused on the education of Buddhist clergy. Covell uncovers the arguments made by priests involved in moral education, the dharma talks of famous ascetics and the ways in which laws and legal codes have changed Buddhist education. He looks at what is taught on the ground online and in popular texts to discuss the current teachings embraced as Buddhism within the institutions of Temple Buddhism. Among his numerous findings is such teachings and worldview are remarkably similar to those of New Religions and Buddhist lay movements as outlined by Japan religion scholars and government bodies in charge of education. The Teaching and Teachings of Temple Buddhism in Contemporary Japan will be welcomed by students and scholars in Japanese religious studies and early childhood and higher education as well as those interested in current Buddhist practice and teachings in general.

Japanese New Religions in Global Perspective Peter B. Clarke, Peter B. Clarke, 2013-11-05 Since the 1960s virtually every part of the world has seen the arrival and establishment of Japanese new religious movements, a process that has followed quickly on the heels of the most active period of Japanese economic expansion overseas. This book examines the nature and extent of this religious expansion outside Japan.

Religious Violence in Contemporary Japan Ian Reader, 2013-10-11 The Tokyo subway attack in March 1995 was just one of a series of criminal activities including murder, kidnapping, extortion and the illegal manufacture of arms and drugs carried out by the Japanese new religious movement Aum Shinrikyo under the guidance of its leader Asahara Shoko. Reader looks at Aum's claims about itself and asks why did a religious movement ostensibly focussed on yoga, meditation, asceticism and the pursuit of enlightenment become involved in violent activities. Reader discusses Aum's spiritual roots, placing it in the context of contemporary Japanese religious patterns. Asahara's teaching are examined from his earliest public pronouncements through to his sermons at the time of the attack and statements he has made in court. In analysing how Aum not only manufactured nerve gases but constructed its own internal doctrinal justifications for using them, Reader focuses on the formation of what made all this possible: Aum's internal thought world and on how this was developed. Reader argues that despite the horrors of this particular case, Aum should not be seen as unique nor as solely a political or criminal terror group. Rather, it can best be analysed within the context of religious violence as an extreme example of a religious movement that has created friction with the wider world that escalated into violence.

Religion and Psychotherapy in Modern Japan Christopher Harding, Iwata Fumiaki, Yoshinaga Shin'ichi, 2014-09-15 Since the late nineteenth century, religious ideas and practices in Japan have become increasingly intertwined with those associated with mental health and healing. This relationship developed against the backdrop of a far broader and deeply consequential meeting between Japan's long-standing Chinese-influenced intellectual and institutional forms and the politics, science, philosophy and religion of the post-Enlightenment West.

In striving to craft a modern society and culture that could exist on terms with rather than be subsumed by western power and influence Japan became home to a religion psy dialogue informed by pressing political priorities and rapidly shifting cultural concerns This book provides a historically contextualized introduction to the dialogue between religion and psychotherapy in modern Japan In doing so it draws out connections between developments in medicine government policy Japanese religion and spirituality social and cultural criticism regional dynamics and gender relations The chapters all focus on the meeting and intermingling of religious with psychotherapeutic ideas and draw on a wide range of case studies including how temple and shrine cures of early modern Japan fared in the light of German neuropsychiatry how Japanese Buddhist theories of mind body and self cultivation negotiated with the findings of western medicine how Buddhists Christians and other organizations and groups drew and redrew the lines between religious praxis and psychological healing how major European therapies such as Freud s fed into self consciously Japanese analyses of and treatments for the ills of the age and how distress suffering and individuality came to be reinterpreted across the twentieth and early twenty first centuries from the southern islands of Okinawa to the devastated northern neighbourhoods of the Tohoku region after the earthquake tsunami and nuclear disasters of March 2011 Religion and Psychotherapy in Modern Japan will be welcomed by students and scholars working across a broad range of subjects including Japanese culture and society religious studies psychology and psychotherapy mental health and international history Spirits and Animism in Contemporary Japan Fabio Rambelli,2019-05-23 This book draws attention to a striking aspect of contemporary Japanese culture the prevalence of discussions and representations of spirits tama or tamashii Ancestor cults have played a central role in Japanese culture and religion for many centuries in recent decades however other phenomena have expanded and diversified the realm of Japanese animism For example many manga anime TV shows literature and art works deal with spirits ghosts or with an invisible dimension of reality International contributors ask to what extent these are cultural forms created by the media for consumption rather than manifestations of traditional ancestral spirituality in their adaptations to contemporary society Spirits and Animism in Contemporary Japan considers the modes of representations and the possible cultural meanings of spirits as well as the metaphysical implications of contemporary Japanese ideas about spirits The chapters offer analyses of specific cases of animistic attitudes in which the presence of spirits and spiritual forces is alleged and attempt to trace cultural genealogies of those attitudes In particular they present various modes of representation of spirits in contemporary art architecture visual culture cinema literature diffuse spirituality while at the same time addressing their underlying intellectual and religious assumptions Modern Japan Louis G. Perez,R. W. Purdy,2024-05-30 Organized by theme this comprehensive encyclopedia examines all aspects of life in Japan from geography and government to food and etiquette and much more Japan or the Land of the Rising Sun is home to more than 126 million people nearly 10 million of whom live in Tokyo alone How did this tiny island nation become such a powerhouse in the 21st century and where will it go from here

Modern Japan examines history and contemporary life through thematic entries organized into chapters covering such topics as geography history government and politics economy religion and thought social classes and ethnicity gender marriage and sexuality education language etiquette literature and drama art and architecture music and dance food leisure and sports and media and popular culture Each chapter contains an overview of the topic and alphabetized entries on examples of each theme A chronology covers from prehistoric times to the present and special appendices offer profiles of a typical day in the life of representative members of Japanese society key facts and figures about Japan and a holiday chart This volume is ideal for students researching Japan as well as general readers interested in learning more about the country

Religion and Society in Modern Japan Mark Mullins, Susumu Shimazono, Paul Loren Swanson, 1993 Designed for classroom study this anthology provides the students with interpretations and perspectives on the significance of religion in modern Japan Emphasis is placed on the sociocultural expressions of religion in everyday life rather than on religious texts or traditions A particular strength of this collection is the combination of current Japanese and Western scholarship

Modern Japan Mikiso Hane, 2018-03-09 Integrating political events with cultural economic and intellectual movements Modern Japan provides a balanced and authoritative survey of modern Japanese history A summary of Japan's early history emphasizing institutions and systems that influenced Japanese society provides a well rounded introduction to this essential volume which focuses on the Tokugawa period to the present The fifth edition of Modern Japan is updated throughout to include the latest information on Japan's international relations including secret diplomatic correspondence recently disclosed on WikiLeaks This edition brings Japanese history up to date in the post 9 11 era detailing current issues such as the impact of the Gulf Wars on Japanese international relations the March 2011 earthquake tsunami and subsequent nuclear accident the recent tumultuous change of political leadership and Japan's current economic and global status An updated chronological chart list of prime ministers and bibliography are also included

On Being Nonreligious in Contemporary Japan Ian Reader, Clark Chilson, 2025-06-12 Challenging the notion of the nonreligious in Japan being religious through tradition and institution this book demonstrates how negativity and antipathy for religion relate to religious decline in Japan today Why do most Japanese say they are nonreligious mushukyo Since the 1990s scholars have answered this key question for understanding religion in contemporary Japan as follows although the Japanese say they are nonreligious because they do not identify with a particular religious tradition or institution they are in fact religious through their traditional practices New Year's visits to shinto Shrines Buddhist mortuary rites and festivals matsuri are typically seen as customs rather than as religious Challenging this answer this book argues that many Japanese say they are nonreligious because they actually dislike religion and want to distance themselves from it To support this argument the book explores how religion is in decline in Japan today Demonstrating how negative images of religion are produced in the mainstream media in popular culture and by various groups and people this book also explores specific case studies such as anti cult organizations lawyers government

agencies intellectuals and religious organizations Ian Reader and Clark Chilson argue that popular negative images and perceptions about religion create an ecology of dislike which encourages disassociation from religion and exacerbates problems for religions today Overall this book provides a new perspective on religion in contemporary Japan that has implications for our understanding of secularization in the modern world **Shinto, Nature and Ideology in**

Contemporary Japan Aike P. Rots, 2017-09-07 Shinto Nature and Ideology in Contemporary Japan is the first systematic study of Shinto's environmental turn The book traces the development in recent decades of the idea of Shinto as an ancient nature religion and a resource for overcoming environmental problems The volume shows how these ideas gradually achieved popularity among scientists priests Shinto related new religious movements and eventually the conservative shrine establishment Aike P Rots argues that central to this development is the notion of chinju no mori the sacred groves surrounding many Shinto shrines Although initially used to refer to remaining areas of primary or secondary forest today the term has come to be extended to any sort of shrine land signifying not only historical and ecological continuity but also abstract values such as community spirit patriotism and traditional culture The book shows how Shinto's environmental turn has also provided legitimacy internationally influenced by the global discourse on religion and ecology in recent years the Shinto establishment has actively engaged with international organizations devoted to the conservation of sacred sites Shinto sacred forests thus carry significance locally as well as nationally and internationally and figure prominently in attempts to reposition Shinto in the centre of public space *Spirituality and Alternativity in Contemporary Japan* Ioannis

Gaitanidis, 2022-10-20 This book critically analyses the creation and effects of spirituality as both discourse and practice in Japan It shows how the value of spirituality has been sustained by scholars who have wished for a more civic role for religion by the publishing industry whose exponential growth in the 1980s fashioned those who later identified as the representatives of this new spirituality culture by spiritual therapists who have sought to eke out a livelihood in an increasingly professionalized and regulated therapeutic field and by the cruel optimism of an increasingly precarious workforce placing its hopes in the imagined alternative that the supirichuaru represents Ioannis Gaitanidis offers a new transdisciplinary conceptualisation of alternativity that can be applied across and beyond the disciplines of religious studies media studies popular culture studies and the anthropology sociology of medicine **Bibliography of Japanese New Religious**

Movements Peter B Clarke, 2013-12-16 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications braches worldwide and membership *Bibliography of Japanese New Religions, with Annotations and an Introduction to Japanese New Religions at Home and Abroad* Peter Bernard Clarke, 1999 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications braches worldwide and membership **Ritual Practice in**

Modern Japan Satsuki Kawano, 2005-03-31 National surveys indicate that most Japanese while professing no religious commitment frequently perform rituals They regularly tend their family home altars look after family graves participate in neighborhood festivals and visit Shinto shrines and Buddhist temples Are these rituals mere formalities Based on fourteen months of fieldwork in Kamakura city near Tokyo Satsuki Kawano examines the power of ritual and its relevance for modern urbanites She reveals the indebtedness of ritual to forms that create an elevated context and infuse the mundane with a sense of moral order By employing acts and environments common to everyday life Kawano argues ritual evokes morally positive values such as purity gratitude respect and indebtedness Rather than objectify morality in a sacred text or religious doctrine ritual embodies and emplaces a sense of what it means to be a good person and creates moments of personal significance and engagement In Kamakura belief is therefore a consequence and not a prerequisite of ritual engagement Ritual Practice in Modern Japan effectively challenges the widespread assumption that ritual in non Western societies has little moral significance and that with modernization traditional practices inevitably disappear This is a book that will interest scholars and students of cultural anthropology ritual studies and Japanese studies Modern Japan, Student Economy Edition

Mikiso Hane, 2018-04-27 This book presents the essential facts of modern Japanese history It covers a variety of important developments through the 1990s giving special consideration to how traditional Japanese modes of thought and behavior have affected the recent developments *Religions in the Modern World* Christopher Partridge, Linda Woodhead, Hiroko Kawanami, 2003-09-02 This comprehensive guide offers an unrivalled introduction to recent work in the study of religion from the religious traditions of Asia and the West to new forms of religion and spirituality such as New Age With an historical introduction to each religion and detailed analysis of its place in the modern world Religions in the Modern World is ideal for newcomers to the study of religion It incorporates case studies and anecdotes text extracts chapter menus and end of chapter summaries glossaries and annotated further reading sections Topics covered include religion colonialism and postcolonialism religious nationalism women and religion religion and globalization religion and authority the rise of new spiritualities *Religions in the Modern World* Linda Woodhead, 2002 This comprehensive guide offers an unrivalled introduction to recent work in the study of religion from the religious traditions of Asia and the West to new forms of religion and spirituality such as New Age With an historical introduction to each religion and detailed analysis of its place in the modern world Religions in the Modern World is ideal for newcomers to the study of religion It incorporates case studies and anecdotes text extracts chapter menus and end of chapter summaries glossaries and annotated further reading sections Topics covered include religion colonialism and postcolonialism religious nationalism women and religion religion and globalization religion and authority the rise of new spiritualities

Religion Contemporary Japan Pr Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Religion Contemporary Japan Pr PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Religion Contemporary Japan Pr PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal

boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Religion Contemporary Japan Pr free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
