**Religious Education and Religious Understanding** Raymond Holley, 2016-09-13 This book first published in 1978 introduces readers to the topic of the philosophy of religious education in a way which demands little philosophical expertise on their part It puts forward a particular theory of religious education in such a way that most of the major questions are faced and sufficient answers given to enable readers to examine the theory critically and so further the development of philosophy and education

*Becoming Religious*, 1999 *Becoming Religious Understanding Devotion to the Unseen* presents the lives of fourteen contemporary south Georgians who in the manner of religious believers around the world devote themselves to supernatural powers and goals The book is a contemporary treatment of the classical question raised by F Max Muller in 1882 Why we believe why we are conscious of things which we can neither perceive with our senses nor conceive with our reason People everywhere are religious Muller noted and wherever there is religion the question whence it came cannot be long suppressed

*Failure and Nerve in the Academic Study of Religion* William E. Arnal, Willi Braun, Russell T. McCutcheon, 2014-09-11 *Failure and Nerve in the Academic Study of Religion* presents a provocative critique of the unwillingness of modern scholars to publically distinguish research into comparative religion from confessional studies written within denominationally affiliated institutions The book offers the 19th Century founders of the study of religion as a bracing corrective to contemporary timidity The issue was analysed and documented by Wiebe a quarter of a century ago Here marking Wiebe s work a wide

range of contributors reassess the methodology and ambition of contemporary religious research The book argues that conceptualizing religion as part of the world of human action and experience is the first requirement of the study of religion

**Digital Religion** Taylor & Francis Group,2021-09-23 This book offers a critical and systematic survey of the study of religion and digital media It covers religious engagement with a wide range of digital media forms and highlights examples of new media engagement in all five of the major world religions From mobile apps and video games to virtual reality and social media the book provides a detailed review of major topics including ritual identity community authority and embodiment includes a series of engaging case studies to illustrate and elucidate the thematic explorations considers the theoretical ethical and theological issues raised This unique volume draws together the work of experts from key disciplinary perspectives and is the go to volume for students and scholars wanting to develop a deeper understanding of the subject area Thoroughly updated throughout with new case studies and in depth analysis of recent scholarship and developments this new edition provides a comprehensive overview of this fast paced constantly developing and fascinating field

**Dimensions of Faith** Steve Donaldson,2015-07-28 In Dimensions of Faith cognitive scientist Steve Donaldson takes readers on a journey from the world of assumptions set minds widely varying beliefs and popular misconceptions to an understanding of the true essence and role of faith as the natural and inevitable product of brains Using numerous illustrations and examples Donaldson shows how faith is necessitated by a variety of unavoidable limitations exposes the myth of a divide between faith and critical thinking provides practical advice for crafting coherent beliefs and explains why there can never be such a place as Factland Along the way he takes a special look at religious faith evaluating its attributes exploring its relation to other manifestations of faith investigating whether God has done his job well enough to warrant the faith placed in him and pondering how truth seekers can sometimes end up in very different places

**Marxist-Leninist "scientific Atheism" and the Study of Religion and Atheism in the USSR** James Thrower,1983 Since its founding by Jacques Waardenburg in 1971 Religion and Reason has been a leading forum for contributions on theories theoretical issues and agendas related to the phenomenon and the study of religion Topics include among others category formation comparison ethnophilosophy hermeneutics methodology myth phenomenology philosophy of science scientific atheism structuralism and theories of religion From time to time the series publishes volumes that map the state of the art and the history of the discipline

The Oxford Handbook of Religion and Education Liam Francis Gearon,Arniika Kuusisto,2025-04-29 The Oxford Handbook of Religion and Education offers a multi disciplinary work of scholarship and research highlighting the global significance of a critical interface of cultural and social political and theological importance Drawing on historical perspective and contemporary reflection the collection provides a uniquely transformative analysis of why the interface of

religion and education is of such critical significance With contributions from some of the leading thinkers in the field this Handbook presents a cumulatively powerful argument to reassess the complexities of the intersection of religion and education With ambitious and yet accessible intellectual engagements the Handbook here furthers a central thesis that the interface of religion and education is not merely a matter of arcane disputation about a domain of ancient origin or a rudimentary matter of formal educational process but a vibrant domain of critical contestation fundamental to knowing understanding and living in the modern world

Religious Education John Sealey, 2019-08-13 The majority of books on religious education are written by those who are themselves adherents of particular religious beliefs and such books almost invariably reflect their authors religious inclinations Therefore a critical look at certain key aspects in religious education from a secular point of view was long overdue when this title was f

**Wittgenstein, Religion and Ethics** Mikel Burley, 2018-08-23 Ludwig Wittgenstein was an outstanding 20th century philosopher whose influence has reverberated throughout not only philosophy but also numerous other areas of inquiry including theology and the study of religions Exemplifying how Wittgenstein's thought can be engaged with both sympathetically and critically Wittgenstein Religion and Ethics pushes forward our thinking about religion and ethics and their place in the modern world Bringing Wittgenstein's ideas into productive dialogue with several other important thinkers including Elizabeth Anscombe St Thomas Aquinas Georg Cantor Søren Kierkegaard and George Orwell this collection fosters a highly informative picture of how different strands of contemporary and historical thought intersect and bear upon one another Chapters are written by leading scholars in the field and tackle current debates concerning religious and ethical matters with particular attention to the nature of religious language This is a substantial contribution to religion and ethics demonstrating the significance of Wittgenstein's ideas for these and related subjects

The Routledge Handbook of Religious Literacy, Pluralism, and Global Engagement Chris Seiple, Dennis R. Hoover, 2021-12-27 This pioneering handbook proposes an approach to pluralism that is relational principled and non relativistic going beyond banal calls for mere tolerance The growing religious diversity within societies around the world presents both challenges and opportunities A degree of competition between deeply held religious worldview perspectives is natural and inevitable yet at the same time the world urgently needs engagement and partnership across lines of difference None of the world's most pressing problems can be solved by any single actor and as such it is not a question of if but when you partner with an individual or institution that does not think act or believe as you do The authors argue that religious literacy defined as a dynamic combination of competencies and skills continuously refined through real world cross cultural engagement is vital to building societies and states of neighborly solidarity and civic fairness Through examination reflection and case studies across multiple faith traditions and professional fields this handbook equips scholars and students as well as policymakers and practitioners to assess analyze and act collaboratively in a world of deep diversity The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative
