Prayer and Religion in the Public Schools

David M. Ackerman, 2001 Since children spend a great deal of their productive hours each day in the school setting the

propagation or non propagation of religious ideas is a legitimate issue Many parents especially those located outside the coastal elite states believe that religious acts belong in schools as a crucial part of child rearing This book examines the core questions of what is and what is not permitted regarding prayer and religion in the public schools as of the latest rulings and presents a selective bibliography of the book and journal literature for further analysis and reading **Religious**

Tolerance, Education and the Curriculum Elizabeth Burns Coleman, Kevin White, 2011-10-30 The creation of a secular education system was one of the great social experiments designed to break down religious intolerance within society One element of this design was administrative involving the creation of non denominational schools and another element involved a centralised curriculum In this collection of essays political philosophers lawyers sociologists theologians and educators explore the role of state schools in promoting tolerance within 21st century multicultural religiously pluralistic societies How may different models of liberalism in the secular state have different outcomes in relation to religious tolerance in the education system Does a state education system have a role in teaching values such as tolerance and if so how is this best achieved How are epistemology and truth connected with tolerance How does the ideal of a value free secular education mask the values that the secular state teaches The essays are written from both theoretical and practical perspectives and engage with each other directly to address one of the significant issues of our day This is the fourth volume arising from a series of conferences on the theme of Negotiating the Sacred Previous volumes have included Blasphemy and Sacrilege in a Multicultural Society Blasphemy and Sacrilege in the Arts and Medicine Religion and the Body **Religion in the**

Classroom Jonathan M. Golden, Joseph J. McCallister, 2023-09-21 An indispensable resource for understanding religion s place in American schools and in matters concerning the separation of church and state in the United States There are few places where the tension between freedom of religion and separation of church and state is more salient than in America s public schools This book serves as a point of reference for many of the most important instances of this tension including the court cases laws and legal documents policies and principles involved Approximately 50 reference entries are included covering topics such as the American Civil Liberties Union school dress code and the Scopes Trial The entries provide cross references and suggestions for further reading and the volume closes with an annotated bibliography **Law, Education,**

and the Place of Religion in Public Schools Charles Russo, 2021-09-30 This text presents a comparative cross cultural analysis of the legal status of religion in public education in eighteen different nations while offering recommendations for the future improvement of religious education in public schools Offering rich analytical insights from a range of renowned scholars with expertise in law education and religion this volume provides detailed consideration of legal complexities impacting the place of religion and religious education in public education The volume pays attention to issues of national and international relevance including the separation of the church and state public funding of religious education the accommodation of students devotional needs and compulsory religious education The volume thus highlights the increasingly

complex interplay of religion law and education in diverse educational settings and cultures across developing and developed nations Providing a valuable contribution to the field of religious secondary education research this volume will be of interest to researchers academics and educators with an interest in religion and law international and comparative education and those involved with educational policy at all levels Those more broadly interested in moral and values education will also benefit from the discussions the book contains
