Religious Newspapers In The Old Northwest To 1861 A History Bibliography And Record Of Opinion:

Religious Newspapers in the Old Northwest to 1861 Wesley Norton, 1977 The newspaper was one of several agencies which religious societies developed to promote their multiple objectives It was published weekly whenever possible to carry both the good news of the gospel and secular news and comment within a religious framework The clergy who conducted them intended to save men and make for them and fit them for a kingdom which had both religious and secular dimensions The combination of religious and secular function unique to that generation makes the religious newspaper the most revealing source of the complex motives interests and opinions of the religiously inclined In reaching for their goal the sponsors of this enterprise authentically reflected and influenced important segments of the public with all classes of Americans being involved

The Revival of 1857-58 Kathryn Long, 1998 This book provides a fresh in depth examination of the Revival of 1857 58 a widespread religious awakening most famous for urban prayer meetings in major metropolitan centers across the United States Often mentioned in religious history texts and articles but overshadowed by scholarly attention to the first and second Great Awakenings the revival has lacked a critical book length analysis This study will help to fill this gap and to place the event within the context of Protestant revival traditions in America The Revival of 1857 58 was a multifaceted religious movement that Long suggests may have been the closest thing to a truly national revival in American history The awakening marked the coming together of formalist and populist evangelical groups particularly in urban areas and helped to create the beginnings of a transdenominational religious identity among middle class American evangelicals Long explores the revival from various angles emphasizing the importance of historiography and examining the way Calvinist clergy and the editors of the daily press canonized particular versions of the revival story most notably its role in the history of great awakenings and its character as a masculine businessmen s revival She gives attention to grassroots perspectives on the awakening and also pursues wider social and cultural questions including whether the revival actually affected evangelical involvement in social reform The book combines insights from contemporary scholarship concerning revivals women s history and nineteenth century mass print with extensive primary source research The result is a clearly written study that blends careful description with nuanced analysis

A Press Divided David B. Sachsman, 2017-09-08 A Press Divided provides new insights regarding the sharp political divisions that existed among the newspapers of the Civil War era These newspapers were divided between North and South and also divided within the North and South These divisions reflected and exacerbated the conflicts in political thought that caused the Civil War and the political and ideological battles within the Union and the Confederacy about how to pursue the war In the North dissenting voices alarmed the Lincoln administration to such a degree that draconian measures were taken to suppress dissenting newspapers and editors while in the South the Confederate government held to its fundamental belief in freedom of speech and was more tolerant of political attacks in the press This volume consists of eighteen chapters on subjects including newspaper coverage of the rise of Lincoln press reports on George Armstrong Custer Confederate women war correspondents Civil War photojournalists newspaper coverage of the Emancipation Proclamation and the suppression of the dissident press This book tells the story of a divided press before and during the Civil War discussing the roles played by newspapers in splitting the nation newspaper coverage of the war and the responses by the Union and Confederate administrations to press criticism

The Mind of the Master Class Elizabeth Fox-Genovese, Eugene D. Genovese, 2005-10-17 The Mind of the Master Class tells of America's greatest historical tragedy It presents the slaveholders as men and women a great many of whom were intelligent honorable and pious It asks how people who were admirable in so many ways could have presided over a social system that proved itself an enormity and inflicted horrors on their slaves The South had formidable proslavery intellectuals who participated fully in transatlantic debates and boldly challenged an ascendant capitalist free labor society Blending classical and Christian traditions they forged a moral and political philosophy designed to sustain conservative principles in history political economy social theory and theology while translating them into political action Even those who judge their way of life most harshly have much to learn from their probing moral and political reflections on their times and ours beginning with the virtues and failings of their own society and culture

Houses Divided Lucas Volkman, 2018-02-01 Houses Divided provides new insights into the significance of the nineteenth century evangelical schisms that arose initially over the moral question of African American bondage Volkman examines such fractures in the Baptist Methodist and Presbyterian churches of the slaveholding border state of Missouri He maintains that congregational and local denominational ruptures before during and after the Civil War were central to the crisis of the Union in that state from 1837 to 1876 The schisms were

interlinked religious legal constitutional and political developments rife with implications for the transformation of evangelicalism and the United States from the late 1830s to the end of Reconstruction The evangelical disruptions in Missouri were grounded in divergent moral and political understandings of slavery abolitionism secession and disloyalty Publicly articulated by factional litigation over church property and a combative evangelical print culture the schisms were complicated by the race class and gender dynamics that marked the contending interests of white middle class women and men rural church goers and African American congregants These ruptures forged antagonistic northern and southern evangelical worldviews that increased antebellum sectarian strife and violence energized the notorious guerilla conflict that gripped Missouri through the Civil War and fueled post war vigilantism between opponents and proponents of emancipation The schisms produced the interrelated religious legal and constitutional controversies that shaped pro and anti slavery evangelical contention before 1861 wartime Radical rule and the rise and fall of Reconstruction

Central Ideas in the Development of American Journalism Marvin N. Olasky, 2015-07-16 Originally published in 1991 This fascinating book of journalism history outlines the author's concepts of the three central ideas in journalism which have evolved through time The first is the Official Story that which state authorities wanted people to know the second the Corruption Story emphasised the abuse of authority by those in power and focused on a willingness to oppose the official and tell the specific detail and the third the Oppression Story where journalists present the cause of events as down to external influences and work to change the social environment The book narrates the history from its European beginnings in the 16th and 17th Centuries up to the early 20th Century expressing how all interpretive journalism has a philosophic world view component and understanding journalism history entails understanding these insights of the times

Devotion to the Adopted Country Tyler V. Johnson, 2012-06-29 In Devotion to the Adopted Country Tyler V Johnson looks at the efforts of America's Democratic Party and Catholic leadership to use the service of immigrant volunteers in the U S Mexican War as a weapon against nativism and anti Catholicism Each chapter focuses on one of the five major events or issues that arose during the war finishing with how the Catholic and immigrant community remembered the war during the nativist resurgence of the 1850s and in the outbreak of the Civil War Johnson's book uncovers a new social aspect to military history by connecting the war to the larger social political and religious threads of antebellum history Having grown used to the repeated attacks of nativists upon the fidelity and competency of the German and Irish immigrants flooding into the United States Democratic and Catholic newspapers vigorously defended the adopted citizens they valued as constituents and congregants These efforts frequently consisted of arguments extolling the American virtues of the recent arrivals pointing to their hard work love of liberty and willingness to sacrifice for their adopted country However immigrants

sometimes undermined this portrayal by prioritizing their ethnic and or religious identities over their identities as new U S citizens Even opportunities seemingly tailor made for the defenders of Catholicism and the nation s adopted citizens could go awry When the supposedly well disciplined Irish volunteers from Savannah brawled with soldiers from another Georgia company on a Rio Grande steamboat the fight threatened to confirm the worst stereotypes of the nation s new Irish citizens In addition although the Jesuits John McElroy and Anthony Rey gained admirers in the army and in the rest of the country for their untiring care for wounded and sick soldiers in northern Mexico anti Catholic activists denounced them for taking advantage of vulnerable young men to win converts for the Church Using the letters and personal papers of soldiers the diaries and correspondence of Fathers McElroy and Rey Catholic and Democratic newspapers and military records Johnson illuminates the lives and actions of Catholic and immigrant volunteers and the debates over their participation in the war Shedding light on this understudied and misunderstood facet of the war with Mexico Devotion to the Adopted Country adds to the scholarship on immigration and religion in antebellum America illustrating the contentious and controversial process by which immigrants and their supporters tried to carve out a place in U S society *Indiana Magazine of History* ,1978

Battle for the Soul Keith R. Widder,1999-04-30 In 1823 William and Amanda Ferry opened a boarding school for M tis children on Mackinac Island Michigan Territory setting in motion an intense spiritual battle to win the souls and change the lives of the children their parents and all others living at Mackinac Battle for the Soul demonstrates how a group of enthusiastic missionaries empowered by an uncompromising religious motivation served as agents of Americanization The Ferrys high hopes crumbled however as they watched their work bring about a revival of Catholicism and their students refuse to abandon the fur trade as a way of life The story of the Mackinaw Mission is that of people who held differing world views negotiating to create a middle ground a society with room for all Widder s study is a welcome addition to the literature on American frontier missions Using Richard White s middle ground paradigm it focuses on the cultural interaction between French British American and various native groups at the Mackinac mission in Michigan during the early 19th century The author draws on materials from the American Board of Commissioners for Foreign Missions archives as well as other manuscript sources to trace not only the missionaries efforts to Christianize and Americanize the native peoples but the religious social and cultural conflicts between Protestant missionaries and Catholic priests in the region Much attention has been given to the missionaries to the Indians in other areas of the US but little to this region *The Publishers Weekly* ,1885
