Public Libraries, Art Gallery and Museum,1896 Lady Mary Wortley Montagu and the Eighteenth-Century Familiar Letter Cynthia J. Lowenthal,2010-07-01 This is is the first critical study of one of the most important women writers of the early eighteenth century Lady Mary Wortley Montagu 1689 1762 who produced a body of erudite and entertaining correspondence that spanned more than fifty years Lady Mary s letters illuminate the difficulties encountered by a sensitive intelligent and gifted woman writer living through an era of significant cultural change These letters display the tensions inherent in the competing demands of public and private life revealing Lady Mary s own discomfort about the problems of authorship and authority in an age that held publication to be an improper activity for respectable women Through the discourse of supposedly private letters Lady Mary was able to find an avenue for her talents

that brought her public stature without violating the imperatives of her position as a woman and an aristocrat Cynthia Lowenthal argues persuasively that Lady Mary's letters themselves central to the establishment of the familiar letter as an important eighteenth-century genre were self-consciously constructed as literary artifacts and crafted as part of a larger female epistolary tradition Moreover Lowenthal contends the works of Lady Mary are essential to the feminist recuperation of women's writing precisely because she provided an aristocratic critique a voice often ignored of the class and gender codes of her day Dictionary Catalog of the Harris Collection of American Poetry and Plays, Brown University Library, Providence, Rhode Island Brown University.
