## Remaking Ibieca:

**Remaking Ibieca** Susan Friend Harding, 1984 **Remaking Ibieca Rural Life in Aragon Under Franco** **Remaking Madrid** H. Stapell, 2015-10-14 Remaking Madrid is the first full length study of Madrid's transformation from the dreary home of the Franco dictatorship into a modern and vibrant city. It argues that this remarkable transformation in the 1980s helped secure Spain's fragile transition to democracy and that the transformation itself was primarily a product of regionalism even though the capital is typically associated with Spanishness and with the nation. The official project to distance Madrid from its dictatorial past included urban renewal and administrative reform but above all it involved greater cultural participation which led the revival of the capital's public festivals and the development of a modern cultural outpouring known as the *movida madrileña*. The book also explains the ultimate failure of regionalism in the capital by the end of the 1980s and asks whether or not Madrid's inclusive form of civic identity might have served as a model for the country as a whole. *The Franco Regime, 1936-1975* Stanley G. Payne, 2011-09-27 The history of modern Spain is dominated by the figure of Francisco Franco who presided over one of the longest authoritarian regimes of the twentieth century. Between 1936 and the end of the regime in 1975 Franco's Spain passed through several distinct phases of political institutional and economic development moving from the original semi fascist regime of 1936-45 to become the Catholic corporatist organic democracy under the monarchy from 1945 to 1957. Distinguished historian Stanley G. Payne offers deep insight into the career of this complex and formidable figure and the enormous changes that shaped Spanish history during his regime.

**The Book of Jerry Falwell** Susan Friend Harding, 2000 Harding focuses on the words sermons speeches books audiotapes and television broadcasts of individual preachers particularly Falwell as they rewrote their Bible based tradition to include rather than exclude intense worldly engagement. As a result of these efforts born again Christians recast themselves as a people not separated from but engaged in making history. Jacket **Free Women of Spain** Martha A. Ackelsberg, 2005 With fists upraised *Mujeres Libres* struggled for their own emancipation and the freedom of all. **Annual Review of Gerontology and Geriatrics, Volume 13, 1993**, 1993-10-22 During the past few decades the dramatic social changes with regard to our aging population and changes in the family unit have made both demographic and socioeconomic consequences as well as an effect on matters of social policy. The prestigious editors George L. Maddox and M. Powell Lawton have assembled an impressive group of expert contributors whose chapters address topics from the latest theory and research findings to the changing balance of work and families as well as patterns of kinship. Culture, Economy, Power Winnie Lem, Belinda Leach, 2012-02-01 Grounded in a conviction that anthropological knowledge implies critique and that engaging in anthropology is also ultimately an act of praxis various contributors explore the ways in which the precepts of Marxism continue to illuminate and enhance our understanding of culture economy and politics. They focus on the question of epistemology to examine the process of anthropological intellectual production in different national settings and analyze the

ways in which hierarchies of power and forms of state domination figure in the formation of subjectivities in different ethnographic contexts The authors also reflect upon how class gender ethnicity racialized forms of ethnicity as well as regional and national identities are configured through the relationships involved in making a living under late capitalism

**Democracy in Modern Spain** Richard Gunther, Professor Department of Political Science Richard Gunther, José R. Montero, José Ramón Montero Gibert, Juan Botella, Joan Botella Corral, 2004-01-01 Based on more than 500 hours of interviews with key political elites under both the Franco regime and the current democracy extensive analyses of public opinion and electoral behavior surveys and other original research the book sheds important new light on Spain's democratic regime and its key institutions **BOOK JACKET** *Making Democratic Citizens in Spain* P. Radcliff, 2011-03-23 A fascinating study of the contribution of ordinary men and women to Spain's democratic transition of the 1970s Radcliff argues that participants in neighbourhood and other associations experimented with new practices of civic participation that put pressure on the authoritarian state and made the building blocks of a future democratic citizenship [Aging and Generational Relations over the Life Course](#) Tamara K.
