*Policing Sexuality* Jessica R. Pliley, 2014-11-03 Brilliant A major contribution to the histories of sexuality and government surveillance Debby Applegate Pulitzer Prize winning author of *The Most Famous Man in America* America's first anti sex trafficking law the 1910 Mann Act made it illegal to transport women over state lines for prostitution or any other immoral purpose It was meant to protect women and girls from being seduced or sold into sexual slavery But as Jessica Pliley illustrates its enforcement resulted more often in the policing of women's sexual behavior reflecting conservative attitudes toward women's roles at home and their movements in public *Policing Sexuality* links the crusade against sex trafficking to the rapid growth of the Bureau from a few dozen agents at the time of the Mann Act into a formidable law enforcement organization that cooperated with state and municipal authorities across the nation In pursuit of offenders the Bureau often intervened in domestic squabbles on behalf of men intent on monitoring their wives and daughters Working prostitutes were imprisoned at dramatically increased rates while their male clients were seldom prosecuted In upholding the Mann Act the FBI reinforced sexually conservative views of the chaste woman and the respectable husband and father building national power by expanding its legal authority to police Americans sexuality and by marginalizing the very women it was charged to protect A fascinating first rate study Pliley resurrects a lost history of conflicts over gender sexuality masculinity disease and deviance in the early twentieth century United States Beverly Gage author of *The Day Wall Street Exploded* A valuable contribution for those curious about the history of women gender and sexuality as well as those interested in the role of policing and the FBI in the cultural and political history of the U S in the 20th century

**Uncoupling American Empire** Yu-Fang Cho, 2014-01-06 A cultural studies consideration of marriage and those considered deviant in the nineteenth century American imagination A radical revision of the politics of race and sexuality within racial capitalism *Uncoupling American Empire* provides an original cultural genealogy of how the institutionalization of marriage shaped imagined relationships among working people who were seen as sexually deviant in nineteenth century U S imperial cultures Departing from the longstanding focus on domesticity as a middle class white women's imaginary construct of home nation and empire this book foregrounds the relationship between marriage and subjects marked by slavery prostitution indentured labor and colonialism through tracing overlooked linkages among the period's fiction texts journalistic accounts pictorial illustrations and missionary narratives Yu Fang Cho's feminist intersectional approaches illuminate the complex web of social difference that uneven access to marriage has historically

produced the cumulative effects of the ironic and indeed cynical promise of freedom equality and inclusion through sexual conformity and the central role that cultural imagination plays in forging alternative relations among minoritized subjects I cannot state strongly enough how visionary and momentous Cho's book is and how much it will contribute to not only nineteenth century literary studies American studies and ethnic studies but also gender studies sexuality studies and queer theory Grace Kyungwon Hong UCLA This ambitious book demonstrates Yu Fang Cho's facility with feminist transnational and queer theory and her great dexterity moving between literary and historical methods The book's broad conceptual strokes are equally matched by her impressive archival research and close readings Siobhan B Somerville University of Illinois Urbana Champaign Utilizing arguably the best exemplar of a comparative and intersectional approach Cho exposes the contradictions of the promise of freedom and emphatically calls for scholars to address the multiple and differentiated ways that subjects are positioned by U S imperialism across national borders Kent A Ono University of Utah *Uncoupling American Empire* profoundly integrates a wide range of legal and social history with nuanced cultural and literary analysis This innovative project goes well beyond the forced borrowing that characterizes much work that calls itself interdisciplinary and truly challenges the divisions of ethnic studies gender and sexuality studies and transnational American studies Josephine D Lee University of Minnesota

**Emerging Theologies from the Global South** Mitri Raheb, Mark A. Lamport, 2023-03-29 In recent decades there has been a seismic shift in world Christianity Whereas formerly Christianity existed as a Caucasian Euro American phenomenon the majority of Christians today reside in the Southern Hemisphere or the Global South And what is true for the demographics of Christianity has followed lockstep for its theological developments The era of German theologians setting the tone for global church are gone Today some of the loudest and most creative voices in theology speak from the emerging contingencies of the Global South for example promoting Latinx Black Caribbean and Asian theologies and their influence often influences the conversation in the United States and Europe In addition just as the center of Christianity has moved geographically from north to south so with theological seminaries in the west which have declined as training centers for clergy These events coincide with new theological centers are opening in Asia Africa Oceania and Latin America The bottom line is contemporary Christianity today looks significantly different than it did a century ago and publications have been slow to acknowledge let alone describe and elaborate upon this major shift to the largest religion in the world These shifts guide our intentions in this book Such a reference book which could also be used as a textbook therefore is very much needed In fact there is nothing like the contents of this single volume book in the publishing market which allows for high quality interdisciplinary and international dialogue

**Multicultural America** Carlos E. Cortés, 2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U S Census data to examine multiculturalism today and tomorrow in America This distinction is important considering the following NPR report by Eyder Peralta Based on the first national numbers released by the Census Bureau the AP reports that minorities account for 90 percent of the total U S growth since 2000 due to immigration and higher birth rates for Latinos According to John Logan a Brown University sociologist who has analyzed most of the census figures The futures of most metropolitan areas in the country are contingent

on how attractive they are to Hispanic and Asian populations Both non Hispanic whites and blacks are getting older as a group These groups are tending to fade out he added Another demographer William H Frey with the Brookings Institution told The Washington Post that this has been a pivotal decade We re pivoting from a white black dominated American population to one that is multiracial and multicultural Multicultural America A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader s guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today s students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title s editors

**The Cinematic Representation of the Chinese American Family** Qijun Han, 2016-03-08 There has been an increasing recognition of the fluidity and ambiguity of ethnic identities within the context of global mobility With that in mind how have films constructed the identity of ethnic Chinese in the United States This book addresses this issue through three sub questions First why is the family narrative so characteristic of films about Chinese Americans in transnational Chinese cinema In other words how and why are images of Chinese or Chinese Americans in transnational Chinese cinema different from those in Hollywood movies Second how does transnational Chinese cinema define and negotiate the aesthetic conventions of melodrama commonly used to depict Chinese American families In terms of establishing melodrama as an evolving mode of how does Chinese American cinema historically connect with both Hollywood and Chinese cinema Third what have the narrative treatments of Chinese American families in transnational Chinese cinema contributed to the ongoing representation of Chinese culture and construction of ethnic Chinese identities in Western societies This book traverses fields such as cultural studies Chinese studies media studies American studies and film studies and engages with a select corpus of films from the 1990s to the 2000s directed by Chinese American Taiwanese and Hong Kong filmmakers and produced in the USA Taiwan Hong Kong and mainland China to analyze the role the American Chinese family plays in their work With sensitivity towards transnational bonds and historical processes a negotiation process of three sets of conflicting forces has subsequently emerged the traditional and the modern the national and the transnational and Chinese American identity crisis in favor of a Chinese identity or a true American identity Contrasting cultural beliefs undoubtedly create cross cultural and generational conflicts within the family yet also open the way to negotiation and compromise This research on the cinematic depiction of Chinese Americans reveals the historically significant transnational connection among Chinese American Chinese and American cultures On the one hand ethnic Chinese are represented by boundaries that establish and define the

Chinese American community against other communities and yet on the other hand the representation of family life and structure of Chinese immigrants is multiple and fluid as culture itself is unstable and uncertain Therefore a process of fixation and a process of fluidity seem to take place at the same time      **Ethnic Historians and the Mainstream** Alan M. Kraut, David A. Gerber, 2013-11-06 Do historians write their biographies with the subjects they choose to address in their research In this collection editors Alan M Kraut and David A Gerber compiled eleven original essays by historians whose own ethnic backgrounds shaped the choices they have made about their own research and writing as scholars These authors historians of American immigration and ethnicity revisited family and personal experiences and reflect on how their lives helped shape their later scholarly pursuits at times inspiring specific questions they asked of the nation s immigrant past They address issues of diversity multiculturalism and assimilation in academia in the discipline of history and in society at large Most have been pioneers not only in their respective fields but also in representing their ethnic group within American academia Some of the women in the group were in the vanguard of gender diversity in the discipline of history as well as on the faculties of the institutions where they have taught The authors in this collection represent a wide array of backgrounds spanning Europe Africa Asia the Middle East and Latin America What they have in common is their passionate engagement with the making of social and personal identities and with finding a voice to explain their personal stories in public terms Contributors Theresa Alfaro Velcamp John Bodnar Mar a C Garc a David A Gerber Violet M Showers Johnson Alan M Kraut Timothy J Meagher Deborah Dash Moore Dominic A Pacyga Barbara M Posadas Eileen H Tamura Virginia Yans Judy Yung

**Filthy Fictions** Monica Chiu, 2004-01-20 Filthy Fictions addresses Asian American literature by women to explore and explode the sedimented and solidified meanings we have created about Asian Americans and dirt through dialogues that not only cross disciplinary and institutional formations and borders but also question the very borders and territories upon which these arguments may be founded Expertly questioning the construction of the ethnic body the book discusses critical discourses in ethnic and feminist studies around the topic of identity re production and transnational representation      The Chinese Lady Nancy E. Davis, 2022 In 1834 a Chinese woman named Afong Moy arrived in America as both a prized guest and an advertisement for a merchant firm a promotional curiosity with bound feet and a celebrity used to peddle exotic wares from the East This first biography of Afong Moy explores how she shaped Americans impressions of China while living as a stranger in a foreign land
