Housman, 2010-07-29 A E Housman was one of the best loved poets of his day whose poems conjure up a potent and idyllic rural world imbued with a poignant sense of loss They are expressed in simple rhythms yet show a fine ear for the subtleties of metre and alliteration His scope is wide ranging from religious doubt to intense nostalgia for the countryside This volume brings together *A Shropshire Lad* 1896 and *Last Poems* 1922 along with the posthumous selections *More Poems* and *Additional Poems* and three translations of extracts from Aeschylus Sophocles and Euripides that display his mastery of Classical literature **Vane's Story** James Thomson, 1881 **The Westminster Review**, 1866 *The Monthly Review*, 1902 **The Monthly Review** Sir Henry John Newbolt, Charles Hanbury-Williams, 1902 *The Bookman*, 1893 *A Study Guide for Walt Whitman's "Out of the Cradle Endlessly Rocking"* Gale, Cengage Learning, 2016 **John O'London's Weekly**, 1919 **Mid-Victorian Studies** Geoffrey Tillotson, Kathleen Tillotson, 2014-01-13 This collection of lectures broadcasts reviews and articles several of which have not previously been published embraces many

aspects of the English literary scene in the middle of the nineteenth century Though various in origin the collection has this unity it has been the constant concern of its authors for many years that the great and lasting contribution of the mid Victorian period to our literature should be fully vindicated and its appraisal based upon secure foundations of critical scholarship The book has moreover an obvious connection with the volume on the mid nineteenth century which the Tillotsons are preparing for the Oxford History of English Literature though the items included here are not samples of that history but rather milestones or halting places in the several ways that lead towards it There are important studies of Carlyle John Henry Newman Tennyson Clough Matthew Arnold and George Eliot These however represent only one side of the book s interest for there are accounts of writers famous in their day as Harriett Mozley and Charlotte M Yonge but since the cross currents at work in the period notably Writers and Readers in 1851 which vividly convey much of the quality of the momentous years in which so many masterpieces were produced At several points indeed the volume demonstrates that the truth about the literature of the nineteenth century in distinction for the most part to that of earlier centuries may be recovered complete
