Stories of Our Living Ephemera Emily Legg, 2023-12-15

Stories of Our Living Ephemera recovers the history of the Cherokee National Seminaries from scattered archives and colonized research practices by critically weaving together pedagogy and archival artifacts with Cherokee traditional stories and Indigenous worldviews. This unique text adds these voices to writing studies history and presents these stories as models of active rhetorical practices of assimilation resistance in colonized spaces. Emily Legg turns to the Cherokee medicine wheel and cardinal directions as a Cherokee rhetorical discipline of knowledge making in the archives, an embodied and material practice that steers knowledge through the four cardinal directions around all relations. Going beyond historiography, Legg delineates educational practices that are intertwined with multiple strands of traditional Cherokee stories that privilege Indigenous and matriarchal theoretical lenses. *Stories of Our Living Ephemera* synthesizes the connections between contemporary and nineteenth-century academic experiences to articulate the ways that colonial institutions and research can be Indigenized by centering Native American sovereignty. By undoing the erasure of Cherokee literacy and educational practices, *Stories of Our Living Ephemera* celebrates the importance of storytelling, especially for those who are learning about Indigenous histories and rhetorics. This book is of cultural importance and value to academics interested in composition and pedagogy, the Cherokee Nation, and a general audience seeking to learn about Indigenous rhetorical devices and Cherokee history.

Queer Soul and Queer Theology Laurel C. Schneider, Thelathia Nikki Young, 2021-04-01 This book takes up the question of Christian queer theology and ethics through the contested lens of redemption. Starting from the root verb to deem, the authors argue that queer lives and struggles can illuminate and revalue the richness of embodied experience that is implied in Christian incarnational theology and ethics. Offering a set of virtues gleaned from contemporary lesbian, gay, bisexual, transgender, intersex, queer, and asexual (LGBTIQA) lives and communities, this book introduces a new framework of ethical reasoning. Battered and wrongly condemned by life-denying theologies of redemption and deessicating ethics of virtue, this book asserts that the resilience, creativity, and epistemology manifesting in queer lives and communities are essential to a more generous and liberative Christian theology. In this book, queer virtues not only reveal and revalue queer soul but expose covert viciousness in the traditional, i.e., inherently colonial and racist, and thus ungodly, family values of dominant Christian ethics and theology. It argues that such reimagining has redemptive potential for Christian life writ large, including the redemption of God. This book will be a key resource for scholars of queer theology and ethics, as well as queer theory, gender, and race studies, religious studies, and theology more generally.
