Renaissance in Haiti Selden Rodman, 1948      Red and Black in Haiti Matthew J. Smith, 2009-05-15 In 1934 the republic of Haiti celebrated its 130th anniversary as an independent nation In that year too another sort of Haitian independence occurred as the United States ended nearly two decades of occupation In the first comprehensive political history of postoccupation Haiti Matthew Smith argues that the period from 1934 until the rise of dictator Francois Papa Doc Duvalier to the presidency in 1957 constituted modern Haiti s greatest moment of political promise Smith emphasizes the key role that radical groups particularly Marxists and black nationalists played in shaping contemporary Haitian history These movements transformed Haiti s political culture widened political discourse and presented several ideological alternatives for the nation s future They were doomed however by a combination of intense internal rivalries pressures from both state authorities and the traditional elite class and the harsh climate of U S anticommunism Ultimately the political activism of the era failed to set Haiti firmly on the path to a strong independent future      **Continuing Perspectives on the Black**

**Diaspora** Aubrey W. Bonnett, Calvin B. Holder, 2009-07-16 Continuing Perspectives on the Black Diaspora is a response to a 1990 publication that studied the persistence and resilience of black African diasporic populations in the Caribbean Latin America North America and the United Kingdom In that book the authors used the themes of persistence and resilience to interrogate the social processes and the coping repertoire of these diasporic populations This volume investigates the often overlooked African presence in Asia Researchers sought to determine how many of these diasporic populations have fared in the context of political independence globalization economic marginalization and the presence of ethnic conflict and institutional racism even with positive class formations and declining significance of race in other geographical areas Prescriptions for the continued viability of these diasporic populations are provided India and China are undergoing a global renaissance emerging as potentially significant economic political and cultural actors on the world scene Meanwhile ancestral Africa is still socially politically and economically fragmented thereby causing a new migratory push to North America and Europe      The Negritude Movement Reiland Rabaka, 2015-05-20 The Negritude Movement provides readers with not only an intellectual history of the Negritude Movement but also its prehistory W E B Du Bois the New Negro Movement and the Harlem Renaissance and its posthistory Frantz Fanon and the evolution of Fanonism By viewing Negritude as an insurgent idea to invoke this book s intentionally incendiary subtitle as opposed to merely a form of poetics and aesthetics The Negritude Movement explores Negritude as a traveling theory la Edward Said s concept that consistently crisscrossed the Atlantic Ocean in the twentieth century from Harlem to Haiti Haiti to Paris Paris to Martinique Martinique to Senegal and on and on ad infinitum The Negritude Movement maps the movements of proto Negritude concepts from Du Bois s discourse in The Souls of Black Folk through to post Negritude concepts in Fanon s Black Skin White Masks and The Wretched of the Earth Utilizing Negritude as a conceptual framework to on the one hand explore the Africana intellectual

tradition in the twentieth century and on the other hand demonstrate discursive continuity between Du Bois and Fanon as well as the Harlem Renaissance and Negritude Movement The Negritude Movement ultimately accents what Negritude contributed to arguably its greatest intellectual heir Frantz Fanon and the development of his distinct critical theory Fanonism Rabaka argues that if Fanon and Fanonism remain relevant in the twenty first century then to a certain extent Negritude remains relevant in the twenty first century      **Caribbean Art (Second) (World of Art)** Veerle

Passage of Darkness Wade Davis, 2000-11-09 In 1982 Harvard trained ethnobotanist Wade Davis traveled into the Haitian countryside to research reports of zombies the infamous living dead of Haitian folklore A report by a team of physicians of a verifiable case of zombification led him to try to obtain the poison associated with the process and examine it for potential medical use Interdisciplinary in nature this study reveals a network of power relations reaching all levels of Haitian political life It sheds light on recent Haitian political history including the meteoric rise under Duvalier of the Tonton Macoute By explaining zombification as a rational process within the context of traditional Vodoun society Davis demystifies one of the most exploited of folk beliefs one that has been used to denigrate an entire people and their religion

**Alleviative Objects** David Frohnapfel, 2020-12-07 The global field of contemporary art is shaped by inter racial conflicts *Alleviative Objects* approaches Caribbean art through intersectional entanglements and combines decolonial epistemologies with critical whiteness studies and affect theory in order to rethink Euro and U S centric perspectives on art race and class David Frohnapfel shows how progressive racism in the discourse on Haitian art recenters Whiteness by performing benign innocent and heroic identifications with the artist group Atis Rezistans While the study turns critically towards Whiteness it also turns away from it and towards the compelling contributions of Haitian curators and artists to the decentralization of contemporary art

**From Douglass to Duvalier** Millery Polyné, 2010-06-13 Haiti has long been both a source of immense pride because of the Haitian Revolution and of profound disappointment because of the unshakable realities of poverty political instability and violence to the black diasporic imagination Charting the long history of these multiple meanings is the focus of Millery Polyne's rich and critical transnational history of U S African Americans and Haitians Stretching from the thoughts and words of American

intellectuals such as Frederick Douglass Robert Moton and Claude Barnett to the Civil Rights era Polyne s temporal scope is breathtaking But just as impressive is the thematic range of the work which carefully examines the political economic and cultural relations between U S African Americans and Haitians From Douglass to Duvalier examines the creative and critical ways U S African Americans and Haitians engaged the idealized tenets of Pan Americanism mutual cooperation egalitarianism and nonintervention between nation states in order to strengthen Haiti s social economic and political growth and stability The depth of Polyne s research allows him to speak confidently about the convoluted ways that these groups have viewed modernization uplift and racial unity as well as the shifting meanings and importance of the concepts over time

*Visit Haiti* Pan American Union. Travel Division,1950      Century of the Wind Eduardo Galeano,2014-04-29 Nothing less than a unified history of the Western Hemisphere The New Yorker From Guatemala to Rio de Janeiro La Paz to New York City Managua to Havana *Century of the Wind* ties together the events and people both large and small that define the Americas In hundreds of lyrical and vivid narratives the final installment of Galeano s indispensable trilogy sees the building of the Panama Canal the disenfranchisement of indigenous peoples living over Colombia s oil fields the creation of Superman and the heyday of Faulkner and coups and upheavals that cleaved an already fragmented continent Galeano s elegy moves year by year through the century of Castro Picasso and Reagan blending the many voices and varying locales of North and South America and forming a history that is stunning in its scope and savage beauty      Creative Destruction Tyler Cowen,2009-01-10 A Frenchman rents a Hollywood movie A Thai schoolgirl mimics Madonna Saddam Hussein chooses Frank Sinatra s *My Way* as the theme song for his fifty fourth birthday It is a commonplace that globalization is subverting local

culture But is it helping as much as it hurts In this strikingly original treatment of a fiercely debated issue Tyler Cowen makes a bold new case for a more sympathetic understanding of cross cultural trade Creative Destruction brings not stale suppositions but an economist s eye to bear on an age old question Are market exchange and aesthetic quality friends or foes On the whole argues Cowen in clear and vigorous prose they are friends Cultural destruction breeds not artistic demise but diversity Through an array of colorful examples from the areas where globalization s critics have been most vocal Cowen asks what happens when cultures collide through trade whether technology destroys native arts why and whether Hollywood movies rule the world whether globalized culture is dumbing down societies everywhere and if national cultures matter at all Scrutinizing such manifestations of indigenous culture as the steel band ensembles of Trinidad Indian handweaving and music from Zaire Cowen finds that they are more vibrant than ever thanks largely to cross cultural trade For all the pressures that market forces exert on individual cultures diversity typically increases within society even when cultures become more like each other Trade enhances the range of individual choice yielding forms of expression within cultures that flower as never before While some see cultural decline as a half empty glass Cowen sees it as a glass half full with the stirrings of cultural brilliance Not all readers will agree but all will want a say in the debate this exceptional book will stir
