The Ballad-Singer in Georgian and Victorian London Oskar Cox Jensen, 2021-02-18 For three centuries ballad singers thrived at the heart of life in London. One of history's great paradoxes: they were routinely disparaged and persecuted, living on the margins yet playing a central part in the social, cultural and political life of the nation. This history spans the Georgian heyday and Victorian decline of those who sang in the city streets in order to sell printed songs. Focusing on the people who plied this musical trade, Oskar Cox Jensen interrogates their craft and their repertoire, the challenges they faced and the great changes in which they were caught up. From orphans to veterans, prostitutes to preachers, ballad singers sang of love and loss, the soil and the sea, mediating the events of the day to an audience of hundreds of thousands. Complemented by sixty-two recorded songs, this study demonstrates how ballad singers are figures of central importance in the cultural, social and political processes of continuity, contestation and change across the nineteenth century world.

Sherman, 2003-10-09 The attempt to play music with the styles and instruments of its era, commonly referred to as the early music movement, has become immensely popular in recent years. period instruments symphony cycle led by John Eliot Gardiner who is Deutsche Grammophon's top selling living conductor But the movement has generated as much controversy as it has best selling records not only about the merits of its results but also about the validity of its approach To what degree can we recreate long lost performing styles How important are historical period instruments for the performance of a piece Why should musicians bother with historical information Are they sacrificing art to scholarship Now in *Inside Early Music* Bernard D Sherman has invited many of the leading practitioners to speak out about their passion for early music why they are attracted to this movement and how it shapes their work Readers listen in on conversations with conductors Gardiner William Christie and Roger Norrington Peter Phillips of the Tallis Scholars vocalists Susan Hellauer of Anonymous 4 forte pianist Robert Levin cellist Anner Bylsma and many other leading artists The book is divided into musical eras Medieval Renaissance Baroque and Classic and Romantic with each interview focusing on particular composers or styles touching on heated topics such as the debate over what is authentic the value of playing on period instruments and how to interpret the composer's intentions Whether debating how to perform Monteverdi's madrigals or comparing Andrew Lawrence King's Renaissance harp playing to jazz the performers convey not only a devotion to the spirit of period performance but the joy of discovery as they struggle to bring the music most truthfully to life Spurred on by Sherman's probing questions and immense knowledge of the subject these conversations movingly document the aspirations growing pains and emerging maturity of the most exciting movement in contemporary classical performance allowing each artist's personality and love for his or her craft to shine through From medieval plainchant to Brahms orchestral works *Inside Early Music* takes readers whether enthusiasts or detractors behind the scenes to provide a masterful portrait of early music's controversies challenges and rewards
