Visions of Progress Douglas Charles Rossinow, 2008 Rossinow revisits the period between the 1880s and the 1940s when reformers and radicals worked together along a middle path between the revolutionary left and establishment liberalism He takes the story up to the present showing how the progressive connection was lost and explaining the consequences that followed

**Learning on the Left** Stephen J. Whitfield, 2020-09-15 Brandeis University is the United States only Jewish sponsored nonsectarian university and while only being established after World War II it has risen to become one of the most respected universities in the nation The faculty and alumni of the university have made exceptional contributions to myriad disciplines but they have played a surprising formidable role in American politics Stephen J Whitfield makes the case for the pertinence of Brandeis University in understanding the vicissitudes of American liberalism since the mid twentieth century Founded to serve as a refuge for qualified professors and students haunted by academic antisemitism Brandeis University attracted those who generally envisioned the republic as worthy of betterment Whether as liberals or as radicals figures associated with the university typically adopted a critical stance toward American society and sometimes acted upon their reformist or militant beliefs This volume is not an institutional history but instead shows how one university over the course of seven decades employed and taught remarkable men and women who belong in our accounts of the evolution of American politics especially on the left In vivid prose Whitfield invites readers to appreciate a singular case of the linkage of political influence with the fate of a particular university in modern America

**Princeton Alumni Weekly**, 1954 *Isolationism Reconfigured* Eric Nordlinger, 1996-08-05 This iconoclastic and fundamental work Eric Nordlinger's last advocates a new variant of isolationism a national strategy confining U S military actions largely to North America and to neighboring sea and air lanes but encouraging international activism and engagement in nonsecurity realms In Nordlinger's view disengaging from security commitments on distant shores would liberate the United States to use its resources and decision making powers to act more effectively abroad in matters of economic policy and human rights A national strategy would then become a powerful new method of encouraging international ideals of democracy and isolationism would be freed of its previous associations with appeasement weakness economic protectionism and self serving nationalism Nordlinger draws on the recent historical record to show that a national strategy would have lessened the perils of earlier decades including those of the Cold War While real dangers did exist during this period engaged strategies such as containment too often exacerbated them The United States could have effectively and far less expensively helped to deter Communist aggression in Europe and Asia by encouraging other nations to make larger investments in their own protection Marshaling impressive empirical evidence in defense of a controversial position this final work by a leading scholar of international affairs is essential reading for scholars practitioners and lay readers alike

Griffith's the Birth of a Nation** Melvyn Stokes,2008-01-15 In this deeply researched and vividly written volume Melvyn Stokes illuminates the origins production reception and continuing history of this ground breaking aesthetically brilliant and yet highly controversial movie By going back to the original archives particularly the NAACP and D W Griffith Papers Stokes explodes many of the myths surrounding The Birth of a Nation 1915 Yet the story that remains is

fascinating the longest American film of its time Griffith's film incorporated many new features including the first full musical score compiled for an American film. It was distributed and advertised by pioneering methods that would quickly become standard. Through the high prices charged for admission and the fact that it was shown at first only in live theaters with orchestral accompaniment, *Birth of a Nation* played a major role in reconfiguring the American movie audience by attracting more middle class patrons. But if the film was a milestone in the history of cinema, it was also undeniably racist. Stokes shows that the darker side of this classic movie has its origins in the racist ideas of Thomas Dixon Jr and Griffith's own Kentuckian background and earlier film career. The book reveals how, as the years went by, the campaign against the film became increasingly successful. In the 1920s, for example, the NAACP exploited the fact that the new Ku Klux Klan, which used Griffith's film as a recruiting and retention tool, was not just anti-black but also anti-Catholic and anti-Jewish, as a way to mobilize new allies in opposition to the film. This crisply written book sheds light on both the film's racism and the aesthetic brilliance of Griffith's filmmaking. It is a must-read for anyone interested in the cinema.

**The Letters and Diaries of Colonel John Hart Caughey, 1944-1945** Roger B. Jeans, 2018-06-18 Colonel John Hart Caughey, a US Army war plans officer stationed in the Chinese Nationalist capital of Chungking, was an eyewitness to the battle for China in the final months of the war, 1944-45 and beyond, when he rose to become head of the Theater Planning Section. In frequent letters to his wife, as well as in several diaries, he chronicled the US military's role in wartime China, especially his life as an American planner when he was subject to military censorship. Previous accounts of the China Theater have largely neglected the role of the War Department planners stationed in Chungking, many of whom were Caughey's colleagues and friends. He also penned colorful descriptions of life in wartime China, which vividly remind the reader how far China has come in a mere seventy odd years. In addition, his letters and diaries deepen our understanding of several of the American leaders in this Asian war, including China Theater commander Albert C. Wedemeyer, Fourteenth Air Force chief Claire L. Chennault, former commander of the Flying Tigers, US ambassador to wartime China, Patrick J. Hurley, famed Time-Life reporter Theodore White, OSS director William Wild Bill Donovan, Louis Mountbatten, Supreme Commander of the Southeast Asia Command, and Jonathan Wainwright, who was in command when the American forces in the Philippines surrendered in 1942 and who stayed for a few days at Caughey's Chungking residence on his way home after several years as a Japanese POW in Manchuria. In his writings, Caughey also revealed a more appealing side of Wedemeyer, whose extreme political opinions in the postwar era probably cost him the post of US Army chief of staff. By making Caughey a member of his planning staff, Wedemeyer made possible an extraordinary experience for the young colonel during the war. Caughey also rubbed shoulders with Nationalist leader Chiang Kai-shek and traveled to the battlefields in Southeast China with the commander in chief of the Nationalist Army, He Yingqin, along with a number of other Chinese and American soldiers. Following the Japanese surrender, Caughey chronicled the resumption of the power struggle between the Chinese Nationalists and the Chinese Communists, largely postponed during the conflict. Shortly

after the war he had a brief encounter with the number two Communist leader Zhou Enlai whom he was to get to know much better during the Marshall Mission to China
