Looking At Iran:

Iran Looking East Annalisa Perteghella, 2020-01-12 In February 2018 anticipating the US withdrawal from the JCPOA Iran's Supreme Leader Ayatollah Ali Khamenei declared a policy of preferring East over West thus paving the way for deeper cooperation with Asian powers such as China Russia and India Differently from the Look East policy promoted during the presidency of Ahmadinejad 2005-2013 the current Iranian strategy is not only functional to escape the US led isolation but it rather seems devoted to the consolidation of a block of power which can commit to security and economic schemes in alternative to the Western dominated ones This ISPI report aims to answer few crucial questions Which are the major initiatives promoted within Iran's Look East 2020 strategy To what extent will Tehran succeed in creating a solid Eastern block What will be the influence of the wider geopolitical context And finally what role is left for the EU *Through the Looking Glass* Anu Sharma, 2022-01-31 This book analyses Iran's foreign policy in order to better assess its relations with India and the factors that are propelling the two nations closer In a region susceptible to power plays how far can India Iran partnership go This book will be of interest to scholars of International Relations Iranian Politics and Iranian Foreign Policy Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Congress. Senate. Committee on Governmental Affairs. Subcommittee on International Security, Proliferation, and Federal Services,2001 Iran and China Shirzad Azad,2017-02-09 Because of their historical roles and politico economic significance in contemporary international politics Iran and China have perpetually been in the crosshairs of both policy circles and interested observers in almost every other part of the world Crucial interactions touching upon any aspect of Tehran Beijing ties from diplomatic and military links to economic and cultural connections have especially been in the limelight of such riveting inquisitiveness which has often given rise to a flurry of rash comments sensational claims and impetuous conclusions But a detached probe into critical developments involving Iran and China however elucidates this rather inconvenient eventuality that the relations between the two important countries are not essentially based on pivotal principles and clear cut commitments nor do their ties really rest on tenuous thoughts and flimsy foundations devoid of any common interests in short term or well conceived objectives in long run In the same way the two political systems in Tehran and Beijing may ultimately end up each contributing to a separate pole of power regionally and internationally rather than moving faithfully and steadfastly in lockstep with what it requires them to truly materialize their more recent aspiration and design to move toward achieving a very close strategic partnership A Social History of Iranian Cinema, Volume 4 Hamid Naficy,2011 In the fourth and final volume of A History of Iranian Cinema Hamid Naficy looks at the extraordinary efflorescence in Iranian film and other visual media since the Islamic Revolution *Iran's Foreign Policy in the Post-Soviet Era* Shireen T. Hunter,2010-05-20 A comprehensive exploration of postrevolution Iranian foreign policy analyzes the country s relations with key nations and regions and the impact of both Iran s domestic situation and the developing global system *Iran s Foreign Policy in the Post Soviet Era* Resisting the New International Order provides the first truly comprehensive in depth survey of Iranian foreign policy issue by issue and country by country since the Islamic Revolution To help readers understand both the what and the why of Iran s role in the world and formulate useful responses to that role the author provides a detailed analysis of Iranian foreign policy in all its dimensions The first part of the book places Iranian actions particularly its relations with the United States and other key players within the context of the emerging international system while also showing how domestic developments impact foreign policy The second part surveys Iranian relations with specific actors notably the United States and Russia and with key regions including Europe Central Asia the Arab world Latin America and Africa Providing an antidote to existing preconceptions this incisive analysis lays an analytically sound basis for shaping policies toward Iran policies with potentially high payoff in terms of regional security and stability *Iran* Patricia L.
