and elsewhere dramas neoclassical Faustian or Biblical satires love songs or the seventeen cantos of his comic epic Don Juan The coverage is wide from the very beginning of Byron s career in Nottinghamshire to its very end in Greece and the approach is accessible giving readers something to think about rather than telling them what to think without explaining poems away The focus is sometimes biographical sometimes historical sometimes generic sometimes formalist but always the texts are chosen on the basis of their quality first and foremost The book is designed to be dipped into or read from cover to cover as the reader prefers and of course the choice of Byron s fifty best things will itself promote discussion of a poet who deserves to stand just behind Shakespeare alongside Chaucer Milton Pope and Wordsworth as one of the central figures in English verse **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1891
