covert it had to change the word UFO to UAP just to escape the stigma created by the CIA around the term This feature came with confirmed videos of the latest U S navy fighter jets being made to look like paper planes by anti gravity effect vehicles Craft racing at mind boggling speeds that would turn human pilots into meat paste Since then Stephen has been exploring deep down this rabbit hole Now in his very first non fiction book he brings you the results of his strange voyage of exploration seeking the answers to such eye opening questions as Has the U S government a lost its mind or b are they really trying to back engineer crashed alien craft wreckage What is the connection between UFOs UAPs and high strangeness portals ghosts Bigfoot Given there are between 100 and 400 billion star systems in our Milky Way Galaxy where the heck is everyone else Is humanity truly that unique The only machine using species What does the U S government know that we don't Are UFO witnesses and whistle blowers influenced by popular science fiction entertainment or are our media companies dropping approved UFO alien bread crumbs Is this new wave of official U S sanctioned UFO openness a prelude to something shocking coming our planet's way Revelations so improbable they'll change humanity forever Stephen Hunt examines this fascinating and astonishing universe through the eyes of a science fiction author drawing the parallels between our sci fictions and what just might be a bizarre classified reality of actual alien derived sci facts
