Malcolm Fraser A Biography:

Malcolm Fraser Philip Ayres, 1989 **Malcolm Fraser** Margaret Simons, 2015-04-21 In this part memoir and part authorised biography Malcolm Fraser talks about his time in public life The great task of statesmanship is to apply past lessons to new situations to draw correct analogies to understand and act upon present forces to recognise the need for change Malcolm Fraser Malcolm Fraser is one of the most interesting and possibly most misunderstood of Australia's Prime Ministers In this part memoir and part authorised biography Fraser at the age of 79 years talks about his time in public life From the Vietnam War to the Dismissal and his years as Prime Minister through to his concern in recent times for breaches in the Rule of Law and harsh treatment of refugees Fraser emerges as an enduring liberal constantly reinterpreting core values to meet the needs of changing times Written in collaboration with journalist Margaret Simons Malcolm Fraser's political memoirs trace the story of a shy boy who was raised to be seen and not heard yet grew to become one of the most persistent insistent and controversial political voices of our times The book offers insight into Malcolm Fraser's substantial achievements He was the first Australian politician to describe Australia's future as multicultural and his federal government was the first to pass Aboriginal Land Rights and Freedom of Information legislation also establishing the Human Rights Commission After his parliamentary career Fraser continued to be an important player in public life playing a key role in persuading the USA Congress to impose sanctions on South Africa as part of the battle against apartheid He was also the founding chair of CARE Australia one of our largest aid agencies **Malcolm Fraser**, 1994 **Life Wasn't Meant to be Easy** John Edwards, 1977-01-01 War Without Blood Russell Schneider, 1980 Pivot of Power Paul Strangio, Paul 't Hart, James Walter, 2017-08-28 The prime ministership remains the main prize in Australian politics but it is a precarious one Leadership turnover in recent years has seen more prime ministers rise and fall than at any time since the decade after federation What explains this volatility The Pivot of Power is the second volume in a unique blend of collective biography and institutional history that shows the skills limitations and passions of incumbents are only part of the story The ways in which prime ministers thrive and fail are influenced by the resources at their command the evolving nature of the parties they lead the daunting public expectations they face under a relentless media gaze and the challenges that history throws at them Recent changes in these areas have had a destabilising effect and made the role of prime minister more onerous than ever After decades of strong national leadership the office has rarely seemed quite so confounding as it does for its contemporary holders The Pivot of Power explains how this has come about And its rich account of prime ministerial fortune since the mid twentieth century yields historical lessons for overcoming the current malaise Dangerous Allies Malcolm Fraser, Cain Roberts, 2014-05-01 Australia has always been reliant on great and powerful friends for its sense of national security and for direction on its foreign policy first on the British Empire and now on the United States Australia has actively pursued a policy of strategic dependence believing that making a grand bargain with a powerful ally was the best policy to ensure its security

and prosperity *Dangerous Allies* examines Australia's history of strategic dependence and questions the continuation of this position. It argues that international circumstances in the world and in the Western Pacific especially now make such a policy highly questionable. Since the fall of the Soviet Union the United States has also changed dramatically making it less relevant to Australia and a less appropriate ally on which Australia should rely. Malcolm Fraser argues that Australia should adopt a much greater degree of independence in foreign policy and that we should no longer merely follow other nations into wars of no direct interest to Australia or Australia's security. He argues for an end to strategic dependence and for the timely establishment of a truly independent Australia.
