

The background of the book cover features a detailed illustration of various pieces of laboratory glassware. On the left, a large vertical distillation column with a side arm and a round-bottom flask at its base is prominent. To its right is a graduated cylinder. In the upper right corner, a smaller piece of glassware, possibly a condenser or a small flask, is visible. At the bottom of the cover, an NMR spectrum is depicted, showing several distinct peaks of varying heights and widths, representing chemical signals. The entire scene is set against a dark, gradient background that transitions from a deep red on the left to a dark blue on the right.
