The Modern Embroidery Movement Cynthia Fowler, 2018-02-22 WINNER OF A CHOICE OUTSTANDING ACADEMIC TITLE AWARD 2018 In the early twentieth century Marguerite Zorach and Georgiana Brown Harbeson were at the forefront of the modern embroidery movement in the United

States In the first scholarly examination of their work and influence Cynthia Fowler explores the arguments presented by these pioneering women and their collaborators for embroidery to be considered as art Using key exhibitions and contemporary criticism The Modern Embroidery Movement focuses extensively on the individual work of Zorach and Brown Harbeson casting a new light on their careers Documenting a previously marginalised movement Fowler brings together the history of craft art and women s rights and firmly establishes embroidery as a significant aspect of modern art **A Window on the Italian Female Modernist Subjectivity** Rossella M. Riccobono,2013-09-17 This collection of essays surveys some of the artistic productions by female figures who stood at the forefront of Italian modernity in the fields of literature photography and even the theatre in order to explore how artistic engagement in women informed their views on and reactions to the challenges of a changing society and a disinhibiting intellectual landscape However one other objective takes on a central role in this volume that of opening a window on the re definition of the subjectivity of the self that occurred during an intriguing and still not fully studied period of artistic and societal changes In particular the present volume aims to define a female Italian Modernism which can be seen as complementary and not necessarily in opposition to its male counterpart Modernist Articulations A. Goody,2007-04-12 This book explores the theoretical concerns of recent literary and cultural studies through a reappraisal of three innovative women writers of the modernist period Djuna Barnes Mina Loy and Gertrude Stein In its provocative combination of cultural methodologies it significantly expands on existing aesthetic cartographies of modernism **Heart of Darkness** Joseph Conrad,2011-03 This volume presents the text of the 1921 Heinemann edition of Conrad s classic short novel along with documents that place the work in historical context and critical essays that read Heart of Darkness from several contemporary critical perspectives The text and essays are complemented by biographical and critical introductions bibliographies and a glossary of critical and theoretical terms In this third edition the section of cultural documents and illustrations is entirely new as are two recent exemplary critical essays by Gabrielle McIntire and Tony C Brown that synthesize a variety of current critical approaches Virginia Woolf (Authors in Context) Michael H. Whitworth,2009-04-23 Political and social change during Woolf s lifetime led her to address the role of the state and the individual Michael H Whitworth shows how ideas and images from contemporary novelists philosophers theorists and scientists fuelled her writing and how critics film makers and novelists have reinterpreted her work for later generations **A New Heartland** Janet Galligani Casey,2009-04-16 This study investigates American rurality and modernity as mutually sustaining concepts and centres on women s engagement with those concepts The aim is to articulate a different mode of American modernism that signals meaning and appeal for women and to show how that mode responds to prevalent attitudes in the culture at large The Pilgrimage of Dorothy Richardson Joanne Winning,2000 Pilgrimage Dorothy Richardson s thirteen volume opus of autobiographical fiction follows the entire arc of an independent woman s life in early twentieth century Britain It is one of the major works of the modernist period indeed it is considered by many a classic of modernist

literature In this book Joanne Winning argues in this book however that Richardson s novels continue to be misunderstood in several important ways Winning is the first critic to fully explore the issues of lesbian identity in the novels Examining primary materials manuscript drafts and Richardson s previously unstudied correspondence Winning demonstrates that Pilgrimage contains a carefully constructed though concealed subtext of lesbian desire and sexuality The Pilgrimage of Dorothy Richardson explores the ways in which Richardson used such cultural forms as sexology psychoanalysis and other lesbian and modernist literature of her time to create an intertextual dialogue about lesbian identity Winning suggests that a sustained reading of lesbian sexuality in Pilgrimage is crucial to a more complete understanding of Richardson s long and sometimes difficult work Winning also places Pilgrimage in the context of other works by female modernist writers that record lesbian identity This approach Winning suggests is the first step toward recognizing and defining a literary movement that can be termed lesbian modernism as well as toward a deeper understanding of how lesbian modernist writers helped shape modernist literature as a whole

Blake, Politics, and History George A. Jr. Rosso Jr.,Christopher Z. Hobson,2013-05-13 This anthology of essays charts the work of William Blake combining traditional and current historicist methods with a plurality of other approaches While many essays here recuperate a radical Blake opposed to imperialism slavery and patriarchy differences emerge over the nature of Blake s radicalism and his stance on revolution violence and democratic pluralism Contributors may champion a Blake critical of patriarchal discourse and practice but they remain cautious about Blake s homocentric solutions In the Blake and women section authors seek to reorient discussions by connecting Blake to historical issues concerning women particularly domestic ideology and the idealised female of the conduct books
