

MODERNITY AND WAR

THE CREED OF
ABSOLUTE VIOLENCE

PHILIP K. LAWRENCE

Modernity And War

Antoine J. Bousquet

Modernity And War:

War and Modernity Hans Joas, 2003-01-27 Written by one of Europe's leading social theorists this book takes up the claims of modernity and confronts them with a stark reality the ongoing proliferation of war How can contemporary social and political thought come to terms with this apparent failure of modernity Throughout the 20th century the global struggle of ideologies put paid to the dream that wars were somehow the relic of a bygone unenlightened age But now in the aftermath of the Cold War era how are we to account for the persistence of war and state violence Drawing on a wide range of material from World War I and Vietnam to the Gulf War and the conflicts in the Balkans Joas engages with current debates in the sociology and politics of war and develops his own distinctive line of argument concerning the role of warfare in modern societies He aligns himself with figures such as Giddens and Mann in the attempt to establish a new and non functionalist theory of social change This compelling and timely study confronts one of the great paradoxes of our era and Joas's book is a substantial contribution towards a new historico sociological perspective on the twentieth century It will be of particular interest to students and scholars of sociology and politics and will appeal to anyone who has puzzled over the persistence of modern war and the limits of enlightenment as an historical force Modernity and War Philip K.

Lawrence, 2016-07-27 *Modernity and War* explores and assesses the development of war in the modern period The book examines the contradiction between the optimistic view of social progress in the West and the actual involvement of Western states in mass violence The author explains the violence of the modern form of war by analysing cultural trends in Western states and their connections to racism nationalism and narcissism The text also explains how the practice of air warfare distances Western citizens from the consequences of contemporary military violence *World War I and the Cultures of Modernity*, The essays collected here chart the war and its cultural and literary contours from a variety of new and challenging intellectual vantage points Focusing in different essays on America France Britain and Germany the contributors to this book contest the long accepted argument about World War I as the crucible of modern life Instead their interrogations of the trench experience home front conditions forms of mass culture and literary genres reveal that the war was as much a moment of cultural opportunity as it was the point of origin for modern society or its cultural forms BOOK JACKET Title

Summary field provided by Blackwell North America Inc All Rights Reserved War, Medicine and Modernity Roger Cooter, 1998 This volume presents the first scholarly assessment of the interconnections between war medicine society and modernity Covering the period 1870 to 1945 this work emphasises the effects of warfare on the development of the modern world **Religion and War from Antiquity to Early Modernity** Irene Polinskaya, Alan James, Ioannis

Papadogiannakis, 2024-11-28 Responding to the profound challenges of our times this book provides a comparative and cross cultural exploration of the role of religion in war in a long historical perspective from the second millennium BCE and even earlier up to early modernity Individual chapters focus on the ancient Near East the Mediterranean basin Europe and North

Africa Widely diverse case studies explore the historic link between the conduct of war and the growing complexity of human society conditioned by the ownership of ideological authority The book explores how in most historical societies this authority was religious Written by experts from different disciplinary perspectives the volume challenges common assumptions about the historical relationship between religion and war and extends our understanding of the dangers and complexities of today's world

Modern War Richard English, 2013-07-25 Warfare is the most dangerous threat faced by modern humanity It is also one of the key influences that has shaped the politics economics and society of the modern period But what do we mean by modern war What causes modern wars to begin Why do people fight in them why do they end and what have they achieved In this accessible and compelling Very Short Introduction Richard English explores the assumptions we make about modern warfare and considers them against the backdrop of their historical reality Drawing on the wide literature available including direct accounts of the experience of war English provides an authoritative account of modern war its origins evolution dynamics and current trends ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Modernism, War, and Violence Marina MacKay, 2017-05-18 The modernist period was an era of world war and violent revolution Covering a wide range of authors from Joseph Conrad and Thomas Hardy at the beginning of the period to Elizabeth Bowen and Samuel Beckett at the end this book situates modernism's extraordinary literary achievements in their contexts of historical violence while surveying the ways in which the relationships between modernism and conflict have been understood by readers and critics over the past fifty years Ranging from the colonial conflicts of the late 19th century to the world wars and the civil wars in between and concluding with the institutionalization of modernism in the Cold War *Modernism War and Violence* provides a starting point for readers who are new to these topics and offers a comprehensive and up to date survey of the field for a more advanced audience

Romanticism and the Biopolitics of Modern War Writing Neil Ramsey, 2023-02-23 This book illuminates the genesis and development of modern war writing in relation to Romanticism biopolitics and disciplinary theory

Media, War and Postmodernity Philip Hammond, 2007-10-10 Discussing theorists including Baudrillard and Virilio and covering conflicts including the two Gulf Wars Somalia Bosnia Haiti Rwanda Kosovo Afghanistan and the War on Terror this book investigates the new character of modern warfare and why media presentation of conflict is so central to both Western military operations and terrorists

War, Strategy and the Modern State, 1792-1914 Carl Cavanagh Hodge, 2016-11-25 This book is a comparative study of military operations conducted by modern states between the French Revolution and World War I It examines the complex relationship between political purpose and strategy on the one hand and the challenge of realizing strategic goals through military operations on the other It argues further that following the experience of the Napoleonic Wars military strength was

awarded a primary status in determining the comparative modernity of all the Great Powers that military goals came progressively to distort a sober understanding of the national interest that a genuinely political and diplomatic understanding of national strategy was lost and that these developments collectively rendered the military and political catastrophe of 1914 not inevitable yet probable

The Sociology of War and Violence Siniša Malešević, 2010-06-10 War is a highly complex and dynamic form of social conflict This book demonstrates the importance of using sociological tools to understand the changing character of war and organised violence The author offers an original analysis of the historical and contemporary impact that coercion and warfare have on the transformation of social life and vice versa Although war and violence were decisive components in the formation of modernity most analyses tend to shy away from the sociological study of the gory origins of contemporary social life In contrast this book brings the study of organised violence to the fore by providing a wide ranging sociological analysis that links classical and contemporary theories with specific historical and geographical contexts Topics covered include violence before modernity warfare in the modern age nationalism and war war propaganda battlefield solidarity war and social stratification gender and organised violence and the new wars debate

The Scientific Way of Warfare Antoine J. Bousquet, 2022-06-15 Bousquet's landmark book examines the impact of key technologies and scientific ideas on the theory and practice of warfare and the handling of the perennial tension between order and chaos on the battlefield Spanning the entire modern era from the Scientific Revolution to the present it offers a systematic account of modern warfare as the constitution of increasingly complex assemblages of bodies and machines whose integration rests upon a military assimilation of scientific thought Reflecting the pervasive influence of scientific conceptual frameworks upon warfare modern armies have been successively organised by reference to the paradigmatic technologies of the clock engine computer and network Conversely major scientific developments and technological breakthroughs have become intertwined with the experience of war especially since the Second World War's unprecedented mobilisation of scientific rationality and technical expertise This increasingly tight symbiosis between science technology and war is at the heart of both the tremendous powers and enduring pathologies displayed by the contemporary military machine In this new and revised edition Bousquet extends the analysis to encompass the latest developments in the scientific way of warfare in the midst of renewed great power competition and a wave of technological innovation in artificial intelligence and robotics

War, Violence and the Modern Condition Bernd Hüppauf, 2010-11-05 No detailed description available for War Violence and the Modern Condition

Modern World Mr. Rohit Manglik, 2023-02-23 In this book we will study about major events and ideas that shaped the modern world including revolutions colonialism industrialization world wars and the rise of nation states

The Modernity of English Art, 1914-30 David Peters Corbett, 1997 The modernity of English art reconceptualises the history of English painting from 1914 to the end of the 1920s Whereas most accounts have tended to see the period as marked by a tension between the native tradition and Modernism this ground breaking book rethinks the

1920s by situating both Modernist and non Modernist painters within a wider cultural history Established figures such as Paul Nash Edward Wadsworth and Wyndham Lewis as well as lesser known artists like Charles Sims John Armstrong and Ethelbert White are discussed and illustrated in a series of innovative readings within this context The modernity of English art offers a new account of painting in England after 1914 and argues for a strongly revisionist view of the significance of the modern during this important but neglected period in English art Revolt Against Modernity Ted V. McAllister,1996 Provides the first comparison of the thought of these two political philosophers and its influence on contemporary American conservatism Urbicide in Palestine Nurhan Abujidi,2014-02-24 Exploring the way urbicide is used to un re make Palestine as well as how it is employed as a tool of spatial dispossession and control this book examines contemporary political violence and destruction in the context of colonial projects in Palestine The broader framework of the book is colonial and post urban destruction urbanism with a working hypothesis that there are links gaps and blind spots in the understanding of urbicide discourse Drawing on several examples from the Palestinian history of destruction and transformations such as Jenin Refugee Camp Hebron Old Town and Nablus Old Town a methodological framework to identify urbicidal episodes is also generated Advancing knowledge on one historical moment of the urban condition the moment of its destruction and enhancing the understanding of the Palestinian Israeli conflict from urbanistic architectonic and Urbicide Spacio cide perspectives through the use of case studies this book will be essential reading for scholars and researchers with an interest in Urban Geography and Middle East Politics more broadly **Strategy for Chaos** Colin Gray,2004-08-02 The remit of this study is to encourage further studies that make an honest and successful effort to achieve synergy between social science and history when analysing the impact of revolutions in military affairs RMAs *Order Wars and Floating Balance* Andreas Herberg-Rothe,Key-young Son,2017-07-14 This book is a synthesis of two separate bodies of thoughts from Western and East Asian ideas and philosophies respectively The authors deploy the major ideas of key Western and East Asian thinkers to shed a new light on their usefulness in understanding the transition of global order They locate new ideas to overcome the contradictions of the late modern world and provide some ideational building blocks of a new global order The new concepts proposed are recognition between the great civilizations a harmony and floating balance between and within contrasts individual versus community freedom versus equality and mediation between friends and foes *London, Modernism, and 1914* Michael J. K. Walsh,2010-05-06 A new take on the impact of war on the London art and literary scene and the emergence of modernism first published in 2010
