Popular Politics and Political Culture in Upper Canada, 1800-1850 Carol Wilton, 2000 In Popular Politics and Political Culture in Upper Canada 1800 1850 Carol Wilton shows us that ordinary Canadians were much more involved in the political process than previous accounts have lead us to believe They demonstrated their interest in politics and their commitment to a particular viewpoint by active participation in the petitioning movements that were an important element of provincial political culture

Popular Politics and Political Culture in Upper Canada, 1800-1850 Carol Wilton, 2000-09-21 Wilton demonstrates that by the 1830s the political energies of Upper Canadians were far more likely to be channelled through petitioning movements than election campaigns Petitioning movements which were connected not only with public meetings but with demonstrations and parades were also increasingly associated with political violence The resulting assaults riots and effigy burnings prominent features of Tory governance not only contributed to the striking political polarization of the population but also helped provoke the Rebellion of 1837 Wilton provides new insights into the careers of leading figures explores the developing ethnic and religious conflicts in the context of the petitioning movements and illuminates the question of officially sponsored political violence Through a thorough examination of primary resources including a wide range of newspapers Colonial Office records published records of the Upper Canadian government pamphlet literature and private correspondence Wilton demonstrates how the province s dissidents challenged established patterns of paternalism subverted official notions of hierarchy and promoted the development of an expanded public sphere in ways that had a lasting influence on the province s political culture

Idea of Popular Schooling in Upper Canada Anthony Di Mascio, 2012-09-01 In The Idea of Popular Schooling in Upper Canada Anthony Di Mascio analyzes debates about education in the burgeoning print culture of the late eighteenth and early nineteenth centuries In it he finds that a widespread movement for popular schooling in Upper Canada began in earnest from the time of the colony s first Loyalist settlers Reviving the voices of Upper Canada s earliest school advocates Di Mascio reveals the lively public discussion about the need for a common system of schooling for all the colony s children Despite different and often contentious opinions on the means and ends of schooling there was widespread agreement about its need by the 1830s when the debate was no longer about whether a popular system of schooling was desirable but about what kinds of schools would be established The making of educational legislation in Upper Canada was a process in which many inhabitants both inside and outside of government participated The Idea of Popular Schooling in Upper Canada is the first full survey of schooling in Canada to focus on the pre 1840 period and how it framed policy debates that continue to the present day

The Idea of Liberty in Canada during the Age of Atlantic Revolutions, 1776-1838 Michel Ducharme, 2014-09-01 In *Idea of Liberty in Canada during the Age of Atlantic Revolutions 1776-1838* Michel Ducharme shows that Canadian intellectual and political history between the American Revolution and the Upper and Lower Canada rebellions of 1837-38 can be better understood by considering it in relation to the broad framework of revolution in the Atlantic world between 1776 and 1838 Inspired by intellectual histories of the Atlantic world Ducharme goes beyond the scholarly focus on Atlantic republicanism to present the rebellions of 1837-38 as a confrontation between two very different concepts of liberty He uses these concepts as lenses through which to read colonial ideological conflict Ducharme traces political discourse in both colonies showing how the differing fates and influence of republican and constitutional notions of liberty affected state development He also pursues a number of important revisionist historical claims including the idea that nationalist politics were not at issue in the period and that responsible government was never a Patriote party platform or interest Taking a wider view allows Ducharme to provide a solid understanding of the ideological substance of political conflict and shows that starting in 1791 Canadian colonial political culture revolved around an ideal of liberty that differed from the liberty at work within the revolutionary movements of the late eighteenth century but was nonetheless born of the Enlightenment
