Innovative Measurement and Evaluation of Community Development Practices Norman Walzer,Jane Leonard,Mary Emery,2017-10-02 Finding innovative and useful measurement practices for community development projects is gaining in importance as policymakers increase the demands for accountability This book examines some of the latest efforts to document the effectiveness of local development efforts The types of documentation differ by types of project jurisdiction and country but they have a common focus of recognizing the importance of the Community Capitals framework Public agencies in the past have often measured development successes by the number of jobs created and or amount of private investment forthcoming However the impacts of community development reach much deeper than those indicators Strengthening local decision making capacity is a common component of development efforts as is engaging populations that in the past have not been active in decision making These and other considerations are explored in more detail by authors in this volume Local policymakers and practitioners will be continually pressured to provide more documentation of outcomes and readers will gain considerable insights into alternative approaches that can be included in projects but can also see the common elements needed to create a solid measurement system International insights are a special strength of the discussions in this book This book was published as a special issue of Community Development

Community, Economy and COVID-19 Clifford J. Shultz, II,Don R. Rahtz,M. Joseph Sirgy,2022-08-23 This volume explores the impact of the COVID 19 pandemic on the health safety and socioeconomic well being of community residents of selected countries around the world It is built on an overarching framework of studying community well being applied here to the analyses of one of the most significant crises of our time Most important are the lessons learned from the experiences in these countries including insights and recommendations on how to mitigate future pandemics Building on years of research each chapter is written by an accomplished scholar with interests and expertise on various assessments of community well being development in the country of study The authors share cases and analyses and highlight failures and successes they offer sound policy recommendations on how to restore the health safety and multidimensional wellness of community

residents and how to decrease the likelihood and impact of future crises Some of the policy recommendations in this multi country compendium can be used to assist crisis prevention and recovery beyond pandemics The volume shows how the lessons learned and shared from community responses to the pandemic can provide critical and useful policy insights to shape best practices in mitigating other disasters like hurricanes floods earthquakes tornadoes wars riots acts of domestic and international terrorism weapons of mass destruction and industrial accidents This is a must read for researchers across the social sciences health sciences and management studies and for government and non government professionals involved in community health and well being

Boom Town Blues: Elliot Lake Anne-Marie Mawhiney, Jane Pitblado, 1999-09-01 Boom Town Blues Collapse and Revival in a Single Industry Community tells of the Northern Ontario city of Elliot Lake once the uranium capital of the world which was devastated by the closing of the uranium mines operated by Denison and Rio Algom The closures and mass layoffs were first announced in 1990 with the layoffs occurring from then until June 1996 Throughout the period after the layoffs were announced several major research projects were undertaken One the Elliot Lake Tracking and Adjustment Study follows approximately 1 000 of the laid off miners and 530 of their spouses through their adjustment processes Another the Seniors Needs Assessment examines the human resource and service needs of the increasing numbers of seniors moving to Elliot Lake as part of the community s economic strategy In addition to these social scientific studies several land and environmental reclamation research projects have been undertaken Boom Town Blues Collapse and Revival in a Single Industry Community tells the reader about the results of these studies and gives a variety of community based perspectives on the Elliot Lake story The book highlights the struggles and successes of families and of the community as a whole Boom Town Blues is about one community s struggle to survive to shift its economic base from mining to one where retirement living for seniors mine decommissioning and a community based research facility would be among several economic survival strategies The book is of interest to readers throughout Northern Ontario and indeed wherever single industry towns are threatened by major shifting in their economic base and are struggling to survive The book also provides an excellent case study for teachers students policy makers and politicians
