Pure Danger:

Moderan David R. Bunch, 2018-09-11 A collection of chilling and prescient stories about ecological apocalypse and the merging of human and machine Welcome to Moderan world of the future Here perpetual war is waged by furious masters fighting from Strongholds well stocked with arsenals of fear and everyone is enamored with hate The devastated earth is coated by vast sheets of gray plastic while humans vie to replace more and more of their own soft parts with steel What need is there for nature when trees and flowers can be pushed up through holes in the plastic Who requires human companionship when new metal mistresses are waiting But even a Stronghold master can doubt the catechism of Moderan Wanderers poets and his own children pay visits proving that another world is possible As if Whitman and Nietzsche had collaborated wrote Brian Aldiss of David R Bunch s work Originally published in science fiction magazines in the 1960s and 70s these mordant stories though passionately sought by collectors have been unavailable in a single volume for close to half a century Like Anthony Burgess in A Clockwork Orange Bunch coined a mind bending new vocabulary He sought not to divert readers from the horror of modernity but to make us face it squarely This volume includes eleven previously uncollected Moderan stories

The Last Book Richard Wesley Clough, 2019-08-26 At the beginning of

the morning one's life often feels relaxed until the daily drag of life negates even the former birds singing where one is often forced into some other way of living and thinking the way I've done just for the prospect of freedom to ruin the second life after freedom Nevertheless I can still for a short time revel in my deliberations and creations that reflect the incorporation of the lost life the same way a DVD player reflects some intricacies of science to someone as starved and appreciative as we might create a DVD like creativity For this writer who is also the hero my job must show how what one seemingly honored in life but disappeared by the dynamics of life was real So real that others scoffed at my essential feelings defying my relative paltriness in relation to those former illusory illustrious lives facing the end of times the apex where much is lost by everyone's anxiety that even excludes my alchemical process A process created by someone so possessed by his former grandeur he must reconcile his worth by the laws of the reverse and the inverse So we begin my last book the way James Fenimore Cooper couldn't with *The Deerslayer* by using myself as the model for my hero who finds redemption by discovering himself through his living travail and Spartan tenacity A hero whose only redeeming trait is the freedom that he radiates by some mystic connection to the birds singing just before doomsday's eerie rings

Self Definition Teodros Kiros, 2019-10-10 Self Definition argues that sex gender and race are constructions by the ineffable self as it seeks to define its possibilities free of domination The self's embodiments are themselves performances of self definition Teodros Kiros supports his argument by a careful reading of the literature from both the Global South and Global North that spans figures works and eras from antiquity to our late modern present These readings demonstrate that race gender and sex are performed in the Global South radically differently from in the Global North These three notions as markers of identity are fluid open and expansive and Kiros brilliantly shows this through inquiry into thought rooted in Egypt Ethiopia India and China By the time that the Global North forges possibilities of the self in the modern period race gender and sex become fixed Biology and anatomy become understood as destinies and the possibilities of the self are deeply constrained This book approaches case studies of key figures and movements chronologically and thematically and in doing so Kiros highlights the tensions between the openness of the Global South and the rigidity of the Global North through which human possibilities as exercises of self definition become clear under conditions of freedom Our views of self definition will forever be transformed after reading this important text
