Religion For A New Society:

The Centrality of Religion in Social Life Eileen Barker, 2021-11-18 James A Beckford's work is internationally acclaimed not only in the sociology of religion but also in other fields of the social sciences Beckford has long been arguing that the barriers that have grown up between the different sub disciplines should be broken down with those specialising in religion becoming more cognisant of new theoretical developments and sociologists in general becoming more aware of the significance of developments in the religious scene This book is a collection of essays written in Beckford's honour drawing on a number of religious themes that have been central to Beckford's interests whilst also offering a significant contribution to our understanding of the wider society A central theme is modernity and its relation to the post modern and how religion affects and is affected by the dynamics of contemporary society with the primary focus of many of the chapters being a concern with how society copes with the minority religions that have become visible with the globalising tendencies of contemporary society The contributors who come from America Asia and various parts of Europe are all internationally renowned scholars Beckford's most important publications are listed in an Appendix and the volume opens with a short account of his contribution to sociology by Eileen Barker the editor and James T Richardson

Invented Religions Professor Carole M Cusack, 2013-06-28 Utilizing contemporary scholarship on secularization individualism and consumer capitalism this book explores religious movements founded in the West which are intentionally fictional Discordianism the Church of All Worlds the Church of the SubGenius and Jediism Their continued appeal and success principally in America but gaining wider audience through the 1980s and 1990s is chiefly as a result of underground publishing and the internet This book deals with immensely popular subject matter Jediism developed from George Lucas Star Wars films the Church of the Flying Spaghetti Monster founded by 26 year old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students The Church of All Worlds focus on Gaia theology and environmental issues makes it a popular focus of attention The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late post modern religious forms including the use of fiction as part of a bricolage for spirituality identity formation and personal orientation

Religion and Politics in Contemporary Japan Anne Mette Fisker-Nielsen, 2012 Presenting a study of politics at grassroots level among young Japanese this book examines the alliance between the religious movement Soka Gakkai the Value creation Society and Komeito the Clean Government Party which shared power with the Liberal Democratic Party from 1999 to 2009 Drawing on primary research carried out among Komeito supporters the book focuses on the lives of supporters and voters in order to better understand the processes of democracy It goes on to discuss what the political behaviour of young Komeito supporters tell us about the role of religious organizations such as Soka Gakkai in Japanese politics Unlike most other books on politics in Japan which tend to concentrate on political elites this book provides extremely valuable insights into political culture at the grassroots level

Routledge Library Editions: Sociology of Religion Various, 2021-07-14 This set collects together in 19 volumes a wealth of texts on Sociology of Religion An invaluable reference resource it contains classic books

on a wide range of topics including religion and violence religion and family life religion and society culture and class **Dr Ambedkar and the Revival of Buddhism I** Sangharakshita, 2016-09-15 One of the most far reaching of Sangharakshita's contributions to modern Buddhism was giving shape to the Buddhist conversion movement begun by the great Indian

statesman and reformer Dr B R Ambedkar The first part tells the story of how Ambedkar overcame the suffering and struggle of his early years to become the shaper of the Indian constitution and the leader of his people to a new life The second part is a collection of 36 talks from Sangharakshita's tour of the Buddhist communities in India in 1981 2 **Toward an Islamic**

Enlightenment M. Hakan Yavuz, 2012-12-10 M Hakan Yavuz offers an insightful and wide ranging study of the Gulen Movement one of the most imaginative developments in contemporary Islam Founded in Turkey by the Muslim thinker Fethullah Gulen the Gulen Movement aims to disseminate a moderate interpretation of Islam through faith based education Its activities have fundamentally altered religious and political discourse in Turkey in recent decades and its schools and other institutions have been established throughout Central Asia and the Balkans as well as western Europe and North America Consequently its goals and modus operandi have come under increasing scrutiny around the world Yavuz introduces readers to the movement its leader its philosophies and its practical applications After recounting Gulen's personal history he analyzes Gulen's theological outlook the structure of the movement its educational premise and promise its financial structure and its contributions particularly to debates in the Turkish public sphere its scientific outlook and its role in interfaith dialogue Towards an Islamic Enlightenment shows the many facets of the movement arguing that it is marked by an identity paradox despite its tremendous contribution to the introduction of a moderate peaceful and modern Islamic outlook so different from the Iranian or Saudi forms of radical and political Islam the Gulen Movement is at once liberal and communitarian provoking both hope and fear in its works and influence Faith and Ethnicity Borght, Dirk van

Keulen, Martien Brinkman, 2019-12-30 In writing In Christ there is neither Jew nor Greek the apostle Paul touched on a topic

that still is hotly debated among Christians today the relationship between faith and ethnicity The Reformed Churches usually organised along regional or national lines are no exception and wrestle world wide with the issue This volume offers Asian and African perspectives especially exploring the Indonesian and South African context This and the next volume of Studies in Reformed Theology contain contributions to the fourth international conference of the International Reformed Theological Institute IRTI held in Princeton N J U S A 2001 on the theme of Faith and Ethnicity **History, Religion, and**

Antisemitism Gavin I. Langmuir, 1990-05-08 Gavin I. Langmuir's work on the formation and nature of antisemitism has earned him an international reputation In History Religion and Antisemitism he bravely confronts the problems that arise when historians have to describe and explain religious phenomena as any historian of antisemitism must How and to what extent can the historian be objective Is it possible to discuss Christian attitudes toward Jews for example without adopting the historical explanations of those whose thoughts and actions one is discussing What exactly does the historian mean by religion or religious Langmuir's original and stimulating responses to these questions reflect his inquiry into the approaches of anthropology sociology and psychology and into recent empirical research on the functioning of the mind and the nature of thought His distinction between religiosity a property of individuals and religion a social phenomenon allows him to place unusual emphasis on the role of religious doubts and tensions and the irrationality they can produce Defining antisemitism as irrational beliefs about Jews he distinguishes Christian anti Judaism from Christian antisemitism demonstrates that antisemitism emerged in the twelfth and thirteenth centuries because of rising Christian doubts and sketches how the revolutionary changes in religion and mentality in the modern period brought new faiths new kinds of religious doubt and a deadlier expression of antisemitism Although he developed it in dealing with the difficult question of antisemitism Langmuir's approach to religious history is important for historians in all areas Religions of Modernity Stef Aupers, Dick

Houtman, 2010 Religions of Modernity challenges the social scientific orthodoxy that once unleashed the modern forces of individualism science and technology inevitably erode the sacred and evoke the profane The book's chapters some by established scholars others by junior researchers document instead in rich empirical detail how modernity relocates the sacred to the deeper layers of the self and the domain of digital technology Rather than destroying the sacred tout court then the cultural logic of modernization spawns its own religious meanings unacknowledged spiritualities and magical enchantments The editors argue in the introductory chapter that the classical theoretical accounts of modernity by Max Weber Emile Durkheim and others already hinted at the future emergence of these religions of modernity **The**

Encyclopedia of Caribbean Religions Patrick Taylor, Frederick I. Case, 2013-04-30 The Encyclopedia of Caribbean Religions is the definitive reference for Caribbean religious phenomena from a Caribbean perspective Generously illustrated this landmark project combines the breadth of a comparative approach to religion with the depth of understanding of Caribbean spirituality as an ever changing and varied historical phenomenon Organized alphabetically entries examine how

Caribbean religious experiences have been shaped by and have responded to the processes of colonialism and the challenges of the postcolonial world Systematically organized by theme and area the encyclopedia considers religious traditions such as Vodou Rastafari Sunni Islam Sanatan Dharma Judaism and the Roman Catholic and Seventh day Adventist churches Detailed subentries present topics such as religious rituals beliefs practices specific historical developments geographical differences and gender roles within major traditions Also included are entries that address the religious dimensions of geographical territories that make up the Caribbean Representing the culmination of more than a decade of work by the associates of the Caribbean Religions Project The Encyclopedia of Caribbean Religions will foster a greater understanding of the role of religion in Caribbean life and society in the Caribbean diaspora and in wider national and transnational spaces PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume III Ursula Oswald Spring, Ada Aharoni, Ralph V. Cyclopædia of Biblical, Theological, and Ecclesiastical Literature John McClintock, 1894 **Africa Since 1935**

Unesco. International Scientific Committee for the Drafting of a General History of Africa,1999 The hardcover edition of volume 8 was published in 1994 This paperback edition is the eighth and final volume to be published in the UNESCO General History of Africa Volume 8 examines the period from 1935 to the present and details the role of African states in the Second World War and the rise of postwar Africa This is one of the most important books in the entire series and as such it is an unabridged paperback Positivist Republic Gillis J. Harp,2010-11-01 Kenya Shadrack W. Nasong'o,Godwin R. Murunga,2013-07-18 The path towards democracy in Kenya has been long and often tortuous Though it has been trumpeted as a goal for decades democratic government has never been fully realised largely as a result of the authoritarian excesses of the Kenyatta Moi and Kibaki regimes This uniquely comprehensive study of Kenya s political trajectory shows how the struggle for democracy has been waged in civil society through opposition parties and amongst traditionally marginalised groups like women and the young It also considers the remaining impediments to democratisation in the form of a powerful police force and damaging structural adjustment policies Thus the authors argue democratisation in Kenya is a laborious and non linear process Kenyans recent electoral successes the book concludes have empowered them and reinvigorated the prospects for democracy heralding a more autonomous and peaceful twenty first century **The Sociology of the Third World** J.
