May the Farce Be With You Roger Foss, 2012-06-27 It seems a long way from Moliere to Ray Cooney There are immense distances between the worlds of Aristophanes Plautus Georges Feydeau Ben Travers Joe Orton and Basil Fawlty But as one of the oldest genres in the history of the theatre farce bridges the gaps by generating gales of helpless belly laughter across the generations Inspired by John Mortimer's observation that farce is tragedy played at a thousand revolutions a minute theatre critic Roger Foss embarks on a lightning tour of the rib tickling world of confused characters absurd situations ruined reputations sexual innuendo and bravura comic acting and finds out if farce really is a force to be reckoned with in the 21st century The latest addition to the Oberon Masters series May The Farce Be With You celebrates the great creators and performers of farce notably master farceur Ray Cooney who celebrates his 80th birthday in 2012 in essays that will inform and entertain both the aficionado and anyone with a sense of humour

Reel Men at War Ralph Donald, Karen MacDonald, 2011-04-18 As they transition into adulthood many American boys and young men spend a considerable amount of time engaging in physical sports playing violent video games and watching action movies including war films In many cases boys spend more time exposed to media models than they do with their fathers If as social learning theorists say masculinity is learned directly through a system of positive and negative reinforcement what manly behaviors do war films clearly define and reinforce And what unmanly behaviors do war films clearly prohibit In Reel Men at War Masculinity and the American War Film authors Ralph Donald and Karen MacDonald consider the influence that war films bring to bear on

the socialization of young boys in America Analyzing nearly 150 American war films and television programs this book considers such issues as major male stereotypes both positive and negative in film the influence of sports as an alternate to mortal combat why men admire war and value winning so highly and how war films define manly courage Throughout the book the authors comment on the depiction of post traumatic stress disorder the stages of grief and suicide in war films as well as applying Jungian and Freudian theories to war and soldiering *Reel Men at War* will be of interest not only to professors and students of cinema and mass communications but also to scholars of history gender studies and sociology

Good Nights Out Aleks Sierz, 2019-12-12 London's West End is a global success story staging phenomenal hit shows that have delighted millions of spectators and generated billions of pounds in revenue In Good Nights Out Aleks Sierz provides a thematic survey of such popular theatre shows that were enormous commercial successes over the past 75 years He argues that these outstanding hits have a lot to say about the collective cultural social and political attitudes and aspirations of the country and about how our national identity and theatre's role in creating it has evolved over the decades The book spans a range of work from almost forgotten plays such as R F Delderfield's Worm's Eye View and Hugh Hastings's Seagulls Over Sorrento to well known mega hits such as The Mousetrap and The Phantom of the Opera Such popular work has tended to be undervalued by some critics and commentators mainly because it has not been thought to be a suitable subject for inclusion in the canon of English Literature By contrast Sierz demonstrates that genres such as the British musical light comedy sex farce or murder mystery are worth appreciating not only for their intrinsic theatrical qualities but also as examples of the dream life of the British people The book challenges the idea that mega hits are merely escapist entertainments and instead shows how they contribute to the creation of powerful myths about our national life The analysis of such shows also points towards the possibility of creating an alternative history of postwar British theatre

Knock, Knock William Hartston, 2023-05-09 The first mainstream history of humour Hilarious and well researched this book from household name William Hartston a presenter author and journalist makes a perfect gift Of all human qualities humour is perhaps the most puzzling In this very first history of humour author and humourist William Hartston looks at every aspect of the evolution of humour and our attitudes towards it with a view to developing a proper Theory Of Everything Humorous From comedy in ancient Greece and jokes in ancient Rome to laughter in the Bible and the secret of comic delivery from how humour changed following the American civil war to how Mark Twain changed written comedy in the

English speaking world William leaves no stone unturned in his quest to understand what makes us chuckle Besides being academically well founded A History of Humour will unlike almost everything else written on the subject be both seriously humorous and humorously serious **Curse the Bells** Douglas Andrew Wakeling,2013-12-24 This story chronicles the life of John Joseph Layburn from his humble beginnings in the small market town of Otley where in his youth he was apprenticed to the famous Chippendale furniture makers to his death in the new continent sixty years later A family tragedy causes him to leave his wife and children in England and set off on a remarkable journey His adventures take him to the magnificent mighty Niagara Falls of British North America the historical island of St Helena in the South Atlantic where Napoleon Bonaparte was interned 2 and buried and finally to New South Wales On the way our traveller is shipwrecked on Flinders Island near Van Diemen s land now called Tasmania John finally settles in the picturesque mid west town of Carcoar which was to be his home for twenty years Although John does not allow the morality of the day stop him from having what he wanted he leaves a legacy of being a loving father whose indomitable spirit meant he was not afraid to take risks When tragedy strikes he demonstrates his courage in overcoming adversity and living life to the fullest **Some Joe You Don't Know** Anthony Slide,1996-01-23 Americans have been watching and enjoying British television programming since the mid 1950s but the information on the personalities involved is difficult if not impossible to find in the United States This guide provides biographical essays complete with bibliographies on 100 of the best known and loved actors and actresses from Richard Greene Robin Hood and William Russell Sir Lancelot in the 1950s through stars of Masterpiece Theatre including Robin Ellis and Jean Marsh to the new generation of British comedy performers such as Alexei Sayle and Jennifer Saunders Not only are serious dramatic actors and actresses such as Joan Hickson and Roy Marsden to be found here but also the great comedy stars including Benny Hill and John Inman Among the many shows discussed in the text are Absolutely Fabulous You Being Served Dad s Army Doctor Who Fawlty Towers The Good Life The Jewel in the Crown Poldark Rumpole of the Bailey Upstairs Downstairs and Yes Minister The guide offers not only factual information but also samplings of contemporary critical commentary and in depth interviews with Terence Alexander Richard Briers Benny Hill Wendy Richard Prunella Scales and Moray Watson This is a reference source that also serves as fascinating entree into the wonderful world of British television one that is as fun to browse as it is to use for factual documentation **Antifascism After Hitler** Catherine Plum,2015-02-20 Antifascism After Hitler investigates the antifascist stories memory sites and youth reception that were critical to the success of political education in East German schools and extracurricular activities As the German Democratic Republic GDR promoted national identity and socialist consciousness two of the most potent historical narratives to permeate youth education became tales of communist resistors who fought against fascism and the heroic deeds of the Red Army in World War II These stories and iconic images illustrate the message that was presented to school age children and adolescents in stages as they advanced through school and participated in the official communist youth organizations and

other activities This text delivers the first comprehensive study of youth antifascism in the GDR extending scholarship beyond the level of the state to consider the everyday contributions of local institutions and youth mentors responsible for conveying stories and commemorative practices to generations born during WWII and after the defeat of fascism While the government sought to use educators and former resistance fighters as ideological shock troops it could not completely dictate how these stories would be told with memory intermediaries altering at times the narrative and message Using a variety of primary sources including oral history interviews the author also assesses how students viewed antifascism with reactions ranging from strong identification to indifference and dissent Antifascist education and commemoration were never simply state prescribed and were not as participation less as some scholars and contemporary observers claim even as educators fought a losing battle to maintain enthusiasm
