Remaking The Chinese Leviathan Market Transition And The Politics O:

Remaking the Chinese Leviathan Dali L. Yang, 2022 In this provocative important study Dali L Yang examines a wide range of governance reforms in the People's Republic of China including administrative rationalization divestiture of businesses operated by the military and the building of anticorruption mechanisms The author also analyzes how China's leaders have reformed existing institutions and constructed new ones to cope with unruly markets curb corrupt practices and bring about a regulated economic order Though still a work in progress Yang argues taken together these reforms have improved the institutional environment for economic development and altered the landscape for China's ongoing struggle against rampant corruption These measures are also likely to have important implications for the exercise of governmental authority and for China's future political development As China's role on the world stage expands the way the State conducts itself assumes increasing importance not just for those concerned about the welfare of the Chinese people but also for those interested in China's role in regional and world affairs

Remaking the Chinese Leviathan Dali L. Yang, 2004 This book examines a wide range of governance reforms in the People's Republic of China including administrative rationalization divestiture of businesses operated by the military and the building of anticorruption mechanisms to analyze how China's leaders have reformed existing institutions and constructed new ones to cope with unruly markets curb corrupt practices and bring about a regulated economic order

China's Transition from Communism - New Perspectives Guoguang Wu, Helen Lansdowne, 2015-11-06 As China moved from a planned to a market economy many people expected that China's political system would similarly move from authoritarianism to democracy It is now clear however that political liberalisation does not necessarily follow economic liberalisation This book explores this apparent contradiction presenting many new perspectives and new thinking on the subject It considers the path of transition in China historically makes comparisons with other countries and examines how political culture and the political outlook in China are developing at present A key feature of the book is the fact that most of the contributors are China born Western trained scholars who bring deep knowledge and well informed views to the study

At the Crossroads of Post-Communist Modernisation C. Pursiainen, 2012-09-10 This volume takes a comparative approach to understand general tendencies in post Communist transition in Russia and China Bringing together perspectives from Political Science Sociology and IR it analyses three arenas of social change socio economic systems political systems and foreign policies

China's Frontier Regions Doug Smith, Michael E. Clarke, 2016-03-08 China has traditionally viewed her frontier regions Xinjiang Tibet Inner Mongolia and Yunnan as buffer zones Yet their importance as commercial and cosmopolitan hubs intimately involved in the transmission of goods peoples and ideas between China and its west and southwest has meant they are crucial for China's ongoing development The resurgence of China under Deng Xiaoping's policy of reform and opening has therefore led to a focus on integrating these regions into the PRC People's Republic of China This has important implications not only for the frontier regions themselves but also for the neighbouring

states with which they have strong cultural religious linguistic and economic ties China's Frontier Regions explores the challenges presented by this integrationist policy both for domestic relations and for diplomatic and foreign policy relations with the countries abutting their frontier regions

The BRICs and Emerging Economies in Comparative Perspective

Uwe Becker, 2013-10-23 In the past ten to twenty years the global political economy picture has dramatically changed with the emergence of the economies of Brazil Russia India and notably China BRICs as big players and competitors of the advanced economies in the West and Eastern Asia The book comparatively analyses institutional change in the BRICs This book examines the BRICs by analysing their institutional development their main continuities and changes and their differences It provides a comparative analysis of the political economies of the BRICs but also considers South Africa and Turkey The contributors provide a systematic comparison of the state economy and the capital labour relationships and explore whether they liberalized or followed a specific trajectory The book also addresses debates on the varieties of capitalism and explores whether the emerging economies fit into the dichotomous construction of liberal and coordinated capitalism or whether they require a more differentiated typological approach Moving away from rigid conceptions and the static classification of political economies as either liberal or coordinated and presenting a more open approach The BRICs and Emerging Economies in Comparative Perspective will be vital reading for students and scholars of comparative political economy international relations capitalism the BRICs emerging markets and the role of the state in the economy

E-Government in China

Jesper Schlæger, 2013-07-24 This book looks at how information and communication technology and e government influences power relations in public administration in China It highlights the role of technology in combating corruption and clarifies the interplay between ideas institutions and technologies in shaping the foundation for organisational change Using fieldwork based case studies the book provides an incisive view into the working processes of the Chinese administration previously inaccessible to research It challenges the high expectations for the transformative potential of information technology and is a valuable contribution to the debate on Chinese reforms

Rural Politics in Contemporary China Emily T. Yeh, Kevin O'Brien, Jingzhong Ye, 2016-01-22

This collection provides an overview of China's rural politics bringing scholarship on agrarian politics from various social science disciplines together in one place The twelve contributions spanning history anthropology sociology environmental studies political science and geography address enduring questions in peasant studies including the relationship between states and peasants taxation social movements rural urban linkages land rights and struggles gender relations and environmental politics Taking rural politics as the power inflected processes and struggles that shape access and control over resources in the countryside as well as the values ideologies and discourses that shape

those processes the volume brings research on China into conversation with the traditions and concerns of peasant studies scholarship It provides both an introduction to those unfamiliar with Chinese politics as well as in depth new research for experts in the field This book was published as a special issue of the Journal of Peasant Studies

China and Transboundary Water Politics in Asia Hongzhou Zhang, Mingjiang Li, 2017-12-14 Water related conflicts have a long history and will continue to be a global and regional problem Asia with 1.5 billion of its people living in shared river basins and with very few transboundary rivers governed by treaties is especially prone to such conflicts The key to mitigating transboundary water conflicts and advancing cooperation in Asia is largely in the hands of China the upstream country for most of Asia's major transboundary rivers To avert the looming water crisis apart from spending billions of dollars on domestic water transfer projects such as the South North Water Diversion Megaproject as well as on water conservancy and pollution abatement China has sought to utilize the water resources of the major rivers that run across borders with neighbouring countries On these transboundary rivers China has built or plans to build large dams for hydroelectricity and major water diversion facilities which has triggered anxiety and complaints from downstream countries and criticism from the international society This book aims to systematically examine the complex reality of water contestations between China and its neighbouring countries It provides a discussion on transboundary hydropolitics beyond the state centric geopolitical perspective to dig into various political institutional legal historical geographical and demographic factors that affect China's policies and practices towards transboundary water issues This book also provides a collection of comparative case studies on China's water resources management on the Mekong River with other five riparian states in the Lower Mekong region the Salween River with Myanmar the Brahmaputra River with India the Amur River with Russia and Mongolia the Ili and Irtysh Rivers with Kazakhstan and the Yalu and Tumen Rivers with North Korea Furthermore this book sheds light on China's future role in global water governance

Paradoxes Of China's Prosperity: Political Dilemmas And Global Implications Guoguang Wu, 2015-01-15 The world seems divided to either applaud or fear the rise of China but this book probes deeper by investigating three aspects of the phenomenon in detail 1 the institutional dilemmas of the prosperity as it integrates Asian authoritarianism with globalizing capitalism to create economic accomplishments 2 the political struggles alongside the prosperity as Chinese citizens begin to demand equality rights and justice that might be viewed to disturb the continuity of stability and development and 3 the global implications entailed by the prosperity not only in power politics war and peace or competitions among nations but especially on global public goods termed human security Articles included here combine political economic analyses lens with historical depth and global concerns to add a perspective that highlights the paradoxes of prosperity surrounding the ongoing debate on the rise of China and its global ramifications Readers will find an analysis that goes beyond the dichotomy viewing the rise of China either in positive or negative perspectives Investigations on the internal dilemmas and the global implications of the rise of China are well situated in the historical context of China's

own search for modernization since the late 19th century This is one of the few books in which China's rise is examined from a global perspective rather than from a national perspective of China the United States or any other specific nation a global perspective that addresses the challenges facing all human societies with the rise of China The Political Economy of Agro-Food Markets in China L. Augustin-Jean, B. Alpermann, 2013-11-19 China's agricultural production and food consumption have increased tremendously leading to a complete evolution of agro food markets The book is divided into two parts the first part reviews the theoretical framework for the social construction of the markets while the second part presents the implication for the agro food markets in China **Democratization in Confucian East Asia: Citizen Politics in China, Japan, Singapore, South Korea, Taiwan, and Vietnam**, **The Politics of Nuclear Energy in China** X. Yi-chong, 2010-10-14 Explores the history and challenges of nuclear energy development in China across five main areas politics economics environment technology transfer and the nuclear fuel cycle It emphasizes the political challenges in developing a set of long term national strategies to ensure speedy safe and secure nuclear energy development **Energy Security in Times of Economic Transition** Yao Lixia, 2021-01-20 This book provides a quantitative framework for evaluating China's energy security in the economic transition period and comprehensively explains how China's macroeconomic reforms have impacted on its energy sector *Chinese Society - Change and Transformation* Li Peilin, 2012-07-26 There is growing interest in social transformation in contemporary China with much work published on the subject This book is different from other books in that it presents an overview of the work of Chinese sociologists on how Chinese society is changing It reports on a great deal of original research by leading outstanding Chinese scholars including extensive fieldwork and large scale social change survey data and covers comprehensively the full range of aspects of the subject It assesses developments since the beginning of reform in China and provides overall a comprehensive understanding of China's social development and of the likely impact of future social changes on China Handbook of China's Governance and Domestic Politics Chris Ogden, Christopher Ogden, 2013 Provides an in depth overview of how China is governed how its domestic political system functions and the critical issues it faces in the coming decades Discusses China's transition to a modern state and its rise within the international system The Rise of China and the Capitalist World Order Li Xing, 2016-03-03 China's rise within global society and politics has brought it into the spotlight for social scientists the country's long and dramatic transformations in the twentieth and twenty first centuries make it an ideal case study for research on political and economic development and social changes China's size integration and dynamism are impacting on the functioning of the capitalist world system This book offers a non conventional analysis of the possible outcomes from China's transformation and provides a dialectical understanding of the complexities and underlying dynamics brought about by the rise of modern day China The theoretical and methodological approaches will prove useful for students and researchers of development studies and international relations Socialism Vanquished, Socialism Challenged Nina

Bandelj,Dorothy J. Solinger,2012-09-05 *Socialism Vanquished Socialism Challenged* examines the twenty year aftermath of the 1989 assaults on established state sponsored socialism in the former Soviet bloc and in China Editors Nina Bandelj and Dorothy J Solinger bring together prominent experts on Eastern Europe and China to examine the respective trajectories of political economic and social transformations that unfolded in these two areas while also comparing the changes that ensued within the two regions
