

## REMBRANDT IN HET MAURITSHUIS

Rembrandt's 'The Anatomy Lesson of Dr. Nicolaes Tulp' is a masterpiece of Baroque painting. It depicts a group of medical professionals gathered around a table, examining a cadaver. The painting is characterized by its dramatic use of light and shadow, highlighting the figures and the anatomical details. The scene is set in a dimly lit room, with the light source coming from the left, creating a strong contrast between the illuminated figures and the dark background. The figures are dressed in 17th-century attire, and the overall composition is a masterful study of human anatomy and light.
