Remember My Lai:

My Lai Howard Jones, 2017-05-04 On the early morning of March 16 1968 American soldiers from three platoons of Charlie Company 1st Battalion 20th Infantry Regiment 11th Brigade 23rd Infantry Division entered a group of hamlets located in the Son Tinh district of South Vietnam located near the Demilitarized Zone and known as Pinkville because of the high level of Vietcong infiltration The soldiers many still teenagers who had been in the country for three months were on a search and destroy mission The Tet Offensive had occurred only weeks earlier and in the same area and had made them jittery so had mounting losses from booby traps and a seemingly invisible enemy Three hours after the GIs entered the hamlets more than five hundred unarmed villagers lay dead killed in cold blood The atrocity took its name from one of the hamlets known by the Americans as My Lai 4 Military authorities attempted to suppress the news of My Lai until some who had been there in particular a helicopter pilot named Hugh Thompson and a door gunner named Lawrence Colburn spoke up about what they had seen The official line was that the villagers had been killed by artillery and gunship fire rather than by small arms That line soon began to fray Lieutenant William Calley one of the platoon leaders admitted to shooting the villagers but insisted that he had acted upon orders An exposé of the massacre and cover up by journalist Seymour Hersh followed by graphic photographs incited international outrage and Congressional and U S Army inquiries began Calley and nearly thirty other officers were charged with war crimes though Calley alone was convicted and would serve three and a half years under house arrest before being paroled in 1974 My Lai polarized American sentiment Many saw Calley as a scapegoat the victim of a doomed strategy in an unwinnable war Others saw a war criminal President Nixon was poised to offer a presidential pardon The atrocity intensified opposition to the war devastating any pretense of American moral superiority Its effect on military morale and policy was profound and enduring The Army implemented reforms and began enforcing adherence to the Hague and Geneva conventions Before launching an offensive during Desert Storm in 1991 one general warned his brigade commanders No My Lais in this division do you hear me Compelling comprehensive and haunting based on both exhaustive archival research and extensive interviews Howard Jones's My Lai will stand as the definitive book on one of the most devastating events in American military history

About to Die Barbie Zelizer, 2010-12-01 Due to its ability to freeze a moment in time the photo is a uniquely powerful device for ordering and understanding the world But when an image depicts complex ambiguous or controversial events terrorist attacks wars political assassinations its ability to influence perception can prove deeply unsettling Are we really seeing the world as it is or is the image a fabrication or projection How do a photo's content and form shape a viewer's impressions What do such images contribute to historical memory About to Die focuses on one emotionally charged category of news photograph depictions of individuals who are facing imminent death as a prism for addressing such vital questions Tracking events as wide ranging as the 1906 San Francisco Earthquake the Holocaust the Vietnam War and 9 11 Barbie Zelizer demonstrates that modes of journalistic

depiction and the power of the image are immense cultural forces that are still far from understood Through a survey of a century of photojournalism including close analysis of over sixty photos About to Die provides a framework and vocabulary for understanding the news imagery that so profoundly shapes our view of the world *Congressional Record* United States. McAllister, 2006-12-01 As a visual medium the photograph has many culturally resonant properties that it shares with no other medium These essays develop innovative cultural strategies for reading re reading and re using photographs as well as for re creating photographs and other artworks and evoke varied sites of memory in contemporary landscapes from sites of war and other violence through the lost places of indigenous peoples to the once familiar everyday places of home family neighborhood and community Paying close attention to the settings in which such photographs are made and used family collections public archives museums newspapers art galleries the contributors consider how meanings in photographs may be shifted challenged and renewed over time and for different purposes from historical inquiry to quests for personal familial ethnic and national identity New Wars and New Soldiers Asst Prof Jessica Wolfendale, Dr Paolo Tripodi, 2013-03-28

Modern conflicts now bear little relation to traditional wars between states The threat of terrorism the creation of new military technologies the rise of private military companies and the increasing involvement of the military in counter terrorism and humanitarian operations all pose challenges to traditional ideas about the ethics of war the relevance of current international law governing armed conflict and Just War theory How then should military ethics approach these new forms of conflict Modern military ethics now includes work from disciplines as diverse as philosophy history sociology international relations politics and psychology This diversity of approaches suggests that the approach to contemporary military ethics that is best suited to understanding the wars of today is a broad multidisciplinary vision By bringing together contributors from philosophy international relations security studies and strategic studies this volume offers just such an interdisciplinary analysis The chapters in this volume explore the ethical issues posed by recent developments in both the nature and conduct of war as well as focusing on the role and needs of modern military personnel This comprehensive approach allows the reader to see the broad scope of modern military ethics and to understand the numerous questions about modern conflict that require critical scrutiny Aimed at both military and academic audiences this volume will be of significant interest to researchers and students in philosophy sociology military and strategic studies international relations politics and security studies *Last Seen* Kent Harrington, 2021-05-18 Detective Michael O Higgins and Detective Marvin
