Branches of the Vine: the Price of Admission O.M. Davis, 2012-12-29 Its all quiet now in cities like Birmingham Chicago Detroit New York and Newark where blacks once protested and rioted against their segregated conditions in the 1960s and women burned their bras during the Womens Liberation era in the 1970s But for five years O M Davis a pioneer in equal employment opportunity analyzed employment practices and wrote affirmative action plans for public and private sector clients throughout the United States This was concurrent with her CEO refusing to pay her comparable wages as whites and males citing that although

qualified she had two strikes against her of being black and a woman One CEO stated that she had delusions of grandeur while the other stated that she was ahead of her time From 1968 to 1999 O M Davis used the court of law to redress her fight with CEOs across race and gender lines for pay equity and inclusion Along the way she weaves in her enslaved Native American Cherokee ancestry a world conference of women and anecdotes of spiritual inspiration Davis cites the family as the key to her success In *Branches of the Vine The Price of Admission* she gives you an inside look at her story of inspiration embedded in her stable nuclear Christian family background which she accessed to function in today's society By looking deep within herself she interweaves her enslaved bloodline where her re imagination of past conditions empowers her with knowledge of unity and diversity As a contemporary woman whose world pivots on individualized systemic gender and race discrimination it also becomes the stuff on which she renders decisions in the business world There are certain basic truths that are so solid in the foundation of our being that it can become monumental for any era or new world order

Gender Talk Johnnetta B. Cole, Beverly Guy-Sheftall, 2009-01-16 Why has the African American community remained silent about gender even as race has moved to the forefront of our nation's consciousness In this important new book two of the nation's leading African American intellectuals offer a resounding and far reaching answer to a question that has been ignored for far too long Hard hitting and brilliant in its analysis of culture and sexual politics *Gender Talk* asserts boldly that gender matters are critical to the Black community in the twenty first century In the Black community rape violence against women and sexual harassment are as much the legacy of slavery as is racism Johnnetta Betsch Cole and Beverly Guy Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender *Gender Talk* examines why the race problem has become so male centered and how this has opened a deep divide between Black women and men The authors turn to their own lives offering intimate accounts of their experiences as daughters wives and leaders They examine pivotal moments in African American history when race and gender issues collided with explosive results from the struggle for women's suffrage in the nineteenth century to women's attempts to gain a voice in the Black Baptist movement and on into the 1960s when the Civil Rights movement and the upsurge of Black Power transformed the Black community while sidelining women Along the way they present the testimonies of a large and influential group of Black women and men including bell hooks Faye Wattleton Byllye Avery Cornell West Robin DG Kelley Michael Eric Dyson Marcia Gillispie and Dorothy Height Providing searching analysis into the present Cole and Guy Sheftall uncover the cultural assumptions and attitudes in hip hop and rap in the O J Simpson and Mike Tyson trials in the Million Men and Million Women Marches and in the battle over Clarence Thomas's appointment to the Supreme Court Fearless and eye opening *Gender Talk* is required reading for anyone concerned with the future of African American women and men

Judgment Calls John Sloop,2018-05-04 The concept of judgment has occupied a place of special importance in the tradition of Western thought In antiquity and especially in the Enlightenment judgment served as the rubric under which

Western thinkers struggled to come to terms with how the world of human concerns is constituted in thought and perhaps more important how humans call for timely and appropriate actions Recently judgment has again emerged as a highly contestatory site for philosophical rhetorical and cultural reflection and inquiry This book puts into contact a variety of responses to the question of judgment in a postmodern age seeking out the question of how once solid ground is pulled out from underneath the position of the judge one continues to tread judgment to meet obligations while remaining afloat The essays in this edited volume investigate judgment as a rhetorical problem to be discussed philosophically and examines the standards by which judgments are made and can be made in contemporary culture The essays clarify the links between rhetoric and judgment as they are played out on public and meta critical levels Nursing History Review, Volume 7, 1999

Feminist Vivian M. May, 2012-08-21 Vivian M May explores the theoretical and political contributions of Anna Julia Cooper a renowned Black feminist scholar educator and activist whose ideas deserve far more attention than they have received Drawing on Africana and feminist theory May places Cooper s theorizing in its historical contexts and offers new ways to interpret the evolution of Cooper s visionary politics subversive methodology and defiant philosophical outlook Rejecting notions that Cooper was an elitist duped by dominant ideologies May contends that Cooper s ambiguity code switching and irony should be understood as strategies of a radical methodology of dissent May shows how across six decades of work Cooper traced history s silences and delineated the workings of power and inequality in an array of contexts from science to literature economics to popular culture religion to the law education to social work and from the political to the personal May emphasizes that Cooper eschewed all forms of mastery and called for critical consciousness and collective action on the part

of marginalized people at home and abroad She concludes that in using a border crossing intersectional approach Cooper successfully argues for theorizing from experience develops inclusive methods of liberation and crafts a vision of a fundamentally egalitarian social imaginary
