Unpackaging Art of the 1980s Alison Pearlman, 2003-06-15 American art of the 1980s is as misunderstood as it is notorious. Critics of the time feared that market hype and self promotion threatened the integrity of art. They lashed out at contemporary art questioning the validity of particular media and methods and dividing the art into opposing camps. While controversies have since subsided, critics still view art of the 1980s as a stylistic battlefield. Alison Pearlman rejects this picture which is truer of the period's criticism than of its art. Pearlman reassesses the works and careers of six artists who became critics' biggest targets. In each of three chapters she pairs two artists the critics viewed as emblematic of a given trend: Julian Schnabel and David Salle in association with Neo Expressionism; Jean Michel Basquiat and Keith Haring vis vis Graffiti Art; and Peter Halley and Jeff Koons in relation to Simulationism. Pearlman shows how all these artists shared important but unrecognized influences and approaches a crucial and overwhelming inheritance of 1960s and 1970s Conceptualism, a Warholian understanding of public identity and a deliberate and nuanced use of past styles and media. Through in depth discussions of works from Haring's body paintings of Grace Jones to Schnabel's movie Basquiat, Pearlman demonstrates how these artists' interests exemplified a broader generational shift unrecognized by critics. She sees this shift as starting not in the 1980s but in the mid 1970s when key developments in artistic style, art world structures and consumer culture converged to radically alter the course of American art. *Unpackaging Art of the 1980s* offers an innovative approach to one of the most significant yet least understood episodes in twentieth century art.

The Son of the Male Muse Ian Young, 1983 *The World*, 2000 *Keith Haring | Jean-Michel Basquiat* Dieter Buchhart, Ricardo Montez, Rene Ricard, Linda Yablonsky, Larry Warsh, 2022-02-08 An exploration of the personal and artistic connections between two icons of twentieth century art. Keith Haring 1958-1990 and Jean Michel Basquiat 1960-1988 changed the art world of the 1980s through their idiosyncratic imagery, radical ideas and complex sociopolitical commentary. Each artist invented a distinct visual language employing signs, symbols and words to convey strong messages in unconventional ways and each left an indelible legacy that remains a force in contemporary visual and popular culture. Offering fascinating new insights into the artists' work, Keith Haring: Jean Michel Basquiat reveals the many intersections among Haring and Basquiat's lives, ideas and practices. This lavishly illustrated volume brings together more than two hundred images: works created in public spaces, paintings, sculptures, objects, works on paper, photographs and more. These rich visuals are accompanied by essays and interviews from renowned scholars, artists and art critics exploring the reach and range of Haring and Basquiat's influence. Keith Haring: Jean Michel Basquiat provides a valuable look at two artistic peers and boundary breakers whose tragically short but prolific careers left their marks on the art world and beyond. Distributed for the National Gallery of Victoria in association with No More Rulers.
