Emily Dickinson, Accidental Buddhist Rupert C. Allen, R.C. Allen, 2007 Emily Dickinson at an early age became enlightened Ego transcendence awakened her to the Higher Self unleashing a torrent of creative energy that sustained her for 35 years producing hundreds of poems dealing with the phenomena of cosmic awareness This also made her a heretic for she like the Buddhists recognizes no creator god much less a deathless ego self in the form of a soul hence the secrecy of her poetic enterprise Over the years she made booklets of her poems and stashed them away to be discovered posthumously Dickinson's worldview was first described by the Buddha and has been examined at length in countless Buddhist commentaries which makes the dharma accessible to rational understanding This provides the cognitive framework of Emily Dickinson *Accidental Buddhist* It consists of lucid close readings demystifying many of Dickinson's most enigmatic poems The author R.C. Allen is a retired humanities professor and a veteran student of the Spanish transcendentalist poets His experience and familiarity with archetypal discourse are now devoted to the Dickinson oeuvre His previous book *Solitary Prowess The Transcendentalist Poetry of Emily Dickinson* Saru Press International appeared in 2005 **Raymond Carver** Ewing Campbell, 1992 Perhaps the most significant and influential figure in this century's wave of American realism Raymond Carver 1938-1988 is credited not only with reviving the short story as an artistically legitimate form but also with perfecting minimalist fiction His 1981 collection *What We Talk about When We Talk about Love* remains the standard against which minimalist literature is measured and his numerous prize winning and frequently anthologized stories have established him as the extender of a modernist tradition stretching from Chekhov through Joyce and Hemingway In his later collections such

as Cathedral 1983 and Where I m Calling From 1988 Carver surpasses even his own great achievement setting a bold new path for his short fiction and intensifying the scholarly attention he d first inspired with Will You Please Be Quiet Please anthologized in Best American Short Stories of 1967 Moving chronologically through Carver s complete short fiction canon and examining key stories in depth Ewing Campbell traces the author s development through and beyond literary minimalism into the tradition of tragic allegory He explores Carvers persistent use of myth and archetype motifs of the grotesque religious iconography and oppressed spiritually paralyzed characters From the earliest stories through the latest Campbell illuminates Carvers constant fascination with the way individuals connect or fail to connect with one another
