Three Worlds in Conflict Stanley A. Ellison, 2011-05-11 As the millennium draws near only a handful of books on Bible prophecy will approach the clarity and scope of this one Three Worlds in Conflict satisfies the growing curiosity of both Christians and non Christians about God's vision for the future by simply yet fully explaining the facts and philosophy of scriptural prophecy Unlike many titles this book presents the whole range of Bible prophecy in chronological form not just bits and pieces And the style is contemporary and approachable unfolding the whys whats and whens of God's plan for His world with more twists and turns than a bestselling novel Adventures in Three Worlds Natesan Ramalingam Iyer, 2019-10-09 This book is a recollection of the events that happened in the author's life and the lessons he learned This memoir is an attempt to describe how his life began and nurtured Apart from his personal life it also covers significant instances from the upstream oil and gas industry His father taught him honesty in an era where the author realized with dismay that he can be honest but he can't make the world honest He is unable to erase this sickening feeling even today One day all of us will get separated from each other we will miss our conversations of everything and nothing and the dreams that we had Days will pass by months years until this contact becomes rare or when life comes to an end This is certain unlike birth which is an accident We are born without bringing anything and our first incident is tears We die without taking anything Absolutely nothing And the sad fact is that in the interval between birth and death we fight for what we did not bring and what we will not take What we are looking for in this interval is recognition popularity and self worth The book covers the three worlds of the author's life World 1 Borne with shackles and the struggles his family went through World 2 Sojourn with the offshore oil and gas industry World 3 Post turtle world and renaissance of his journey through the upstream Indian oil and gas industry Hopefully this memoir will remind readers that a good reputation is the most valuable asset to a
