Losing The Empress:

Gaining and Losing Imperial Favour in Late Antiquity Kamil Cyprian Choda, Maurits Sterk de Leeuw, Fabian Schulz, 2019-10-07 The collective volume *Gaining and Losing Imperial Favour in Late Antiquity Representation and Reality* edited by Kamil Cyprian Choda, Maurits Sterk de Leeuw and Fabian Schulz offers new insights into the political culture of the Roman Empire in the 4th and 5th centuries A.D. where the emperor's favour was paramount. The articles examine how people gained, maintained, or lost imperial favour. The contributors approach this theme by studying processes of interpersonal influence and competition through the lens of modern sociological models. Taking into account both political reality and literary representation, this volume will have much to offer students of late antique history and literature as well as those interested in the politics of pre-modern monarchical states. *End of the Line* Don McIver, 2013-02-16 In 1857 a Toronto to Hamilton train crashed on the Desjardins Canal bridge. Sixty people died, making it one of the worst railway disasters in North America. These are the stories of those associated with the bridge's construction and those who perished in the accident, capturing the ebullient economic confidence of pre-Confederation Canada. **The Lady's Magazine and Museum of the Belles-lettres, Fine Arts, Music, Drama, Fashions, Etc**, 1836 **Abandoned Women and Boudoir Resentment** Qiulei Hu, 2023-05-25 This book studies the formation of the male constructed conventional voice of women in Chinese literature from the 3rd to 6th century. It highlights specific moments during which the feminine voice became recognized, accepted, and stabilized, including the shift of focus from the performative to the textual in female representations, the formation of a male literary community, the popularity of romanticized historical narratives, and the emerging sense of literary history. This study emphasizes the historicity of the feminine voice and strives to question and challenge established notions about textual stability, authorship, the literary canon, and literary history. **The Way of Tarot** Alejandro Jodorowsky, Marianne Costa, 2009-11-17 Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path. Works with the original Marseille Tarot to reveal the roots of Western wisdom. Provides the key to the symbolic language of the Tarot's nomadic cathedral. Transforms a simple divination tool into a vehicle for self-realization and healing. Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot, created during a time of religious tolerance in the 11th century, to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a nomadic cathedral whose parts, the 78 cards or arcana, should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings.

Each description of the Major Arcana includes key word summaries symbolic meanings traditional interpretations and a section where the card speaks for itself Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible Using their work with Tarology a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality they offer a powerful tool for self realization creativity and healing

well armed succeeded in escaping from the city dressed in the costumes of our dead and it is to be feared that the new Emperor was able to escape with them This Emperor Hon Fo Tsen who in fact did succeed in fleeing from Nang King was looked upon by the real Chinese as their legitimate sovereign and his descendants in secret no doubt reigned after him uninterruptedly To be continue in this ebook
