Lost Magic Of Christianity:

The Lost Magic of Christianity Michael Poynder, 1997 **WITCHCRAFT OF BOSKEDNAN The Lost Magic of Cornwall** Tamara Von Forslun, 2023-08-09 Wiccheecraft the Way the Powers that be for the young and the old the bold and the free The Path is to know the Path is to see the way of the Ancients as it used to be All be Earth s children of Sun and of Moon down through the ages we ve danced to the tune The flow of all life through Goddess and God none shall forsake thee the Sword and the Rod Holy the Star that is worshipped in Truth Morgaine and Merlin forever in Youth All is the Horned One Fertility Rite and Blessed Be Diana in Love and in Light Candles and Incense and Tools of the Trade for Magus and Wicche Queen all debts shall be paid Praise are the Elements Fire Earth Water and Air Celebrations and Sabbats you will find us there Blessed be the Power and Bind ye the Cord Blessed is the Union and Love the reward The Wicches song of the Ages echoes again Blessed is the knowledge long may it reign The Path of the Wicche the Path of the Wise in Power and Glory all Truth shall rise We stand United through Ages long past the Truth that is Wiccheecraft forever shall it last Gathered together those of the Kin in freedom and Love beyond any sin Merry Meet Merry Part tis Union for all Blessed the Fellowship that answers Her Call Tamara Von Forslun 1978 Knowledge Lost Martin Mulsow, 2025-08-19 A compelling alternative account of the history of knowledge from the Renaissance to the Enlightenment Until now the history of knowledge has largely been about formal and documented accumulation concentrating on systems collections academies and institutions The central narrative has been one of advancement refinement and expansion Martin Mulsow tells a different story Knowledge can be lost manuscripts are burned oral learning dies with its bearers new ideas are suppressed by censors Knowledge Lost is a history of efforts from the Renaissance to the Enlightenment to counter such loss It describes how critics of ruling political and religious regimes developed tactics to preserve their views how they buried their ideas in footnotes and allusions how they circulated their tracts and treatises in handwritten copies and how they commissioned younger scholars to spread their writings after death Filled with exciting stories Knowledge Lost follows the trail of precarious knowledge through a series of richly detailed episodes It deals not with the major themes of metaphysics and epistemology but rather with interpretations of the Bible Orientalism and such marginal zones as magic And it focuses not on the usual major thinkers but rather on forgotten or half forgotten members of the knowledge underclass such as Pietro della Vecchia a libertine painter and intellectual Charles C sar Baudelot an antiquarian and numismatist and Johann Christoph Wolf a pastor Hebrew scholar and witness to the persecution of heretics Offering a fascinating new approach to the intellectual history of early modern Europe Knowledge Lost is also an ambitious attempt to rethink the very concept of knowledge **Lost Christianity** Jacob Needleman, 2003-08-25 Unavailable for several years Lost Christianity is a profound reexamination of the essence of Christian thought and faith Philosopher and bestselling author Jacob Needleman has sought out the ancient texts and modern practitioners of essential Christianity whose message speaks directly to contemporary seekers **Lost Christianity** Jacob

Needleman,1990 This classic work on the Christian message speaks directly to all who seek genuine religious experience

Hidden Gospels Philip Jenkins,2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity

Maidens, Magic and Martyrs in Early Christianity Jan N. Bremmer,2017-07-13 In this work Jan N Bremmer aims to bring together the worlds of early Christianity and those of ancient history and classical literature worlds that still all too rarely interlock Contextualising the life and literature of the early Christians in their Greco Roman environment he focusses on four areas A first section looks at more general aspects of early Christianity the name of the Christians their religious and social capital prophecy and the place of widows and upper class women in the Christian movement Second the chronology and place of composition of the early apocryphal Acts of the Apostles and Pseudo Clementines are newly determined by paying close attention to their doctrinal contents but also innovatively to their onomastics and social vocabulary The author also analyses the frequent use of magic in the Acts and explains the prominence of women by comparing the Acts to the Greek novel Third an investigation into the theme of the tours of hell suggests a new chronological order shows that the Christian tours were indebted to both Greek and Jewish models and illustrates that in the course of time the genre dropped a large part of its Jewish heritage The fourth and final section concentrates on the most famous and intriguing report of an ancient martyrdom the Passion of Perpetua It pays special attention to the motivation and visions of Perpetua which are analyzed not by taking recourse to modern theories such as psychoanalysis but by looking to the world in which Perpetua lived both Christian and pagan It is only by seeing the early Christians in their ancient world that we might begin to understand them and their emerging communities Publisher s description
