Lost Subs Spencer Dunmore,2002 From the AE2 to the Hunley to the Kursk the greatest submarines ever lost and found **Overdue and Presumed Lost** Martin Sheridan,2013-01-15 The USS Bullhead was the last American naval vessel lost in World War II This history of the submarine from launch to disappearance is told by the only war correspondent allowed on a wartime submarine patrol Narrow escapes from floating mines fast dives to avoid enemy aircraft and a daring sortie to rescue three badly hurt survivors of a downed B 25 are just a few of the adventures Martin Sheridan recounts Trained as a feature writer he shares his own experiences as well as the humorous and poignant incidents of everyday life aboard the submarine to capture that intangible spirit of camaraderie and sense of impending danger First published in 1947 the narrative is based on a journal the author kept during the Bullhead's first war patrol in March and April 1945 and supplemental information from official Navy reports The book supported by a unique collection of period photographs describes the perilous undersea war in the Pacific as only a firsthand account can

Presumed Lost Stephen Moore,2009-10-01 When submarines failed to return to port from patrol they were officially listed by the Navy as overdue and presumed lost Loved ones were notified by the War Department that their siblings spouses and sons were missing in action and presumed lost While 52 U S submarines were sunk in the Pacific the Japanese took prisoners of war from the survivors of only seven of these lost submarines *Presumed Lost* is the compelling story of the final patrols of those seven submarines and the long captivity of the survivors Of the 196 sailors taken prisoner 158 would survive the horrors of the POW camps where torture starvation and slave labor were common This is the most complete and accurate record of their captivity experiences ever compiled Author Stephen L Moore draws on personal interviews with the survivors

as well as on diaries family archives and POW statements to reveal new details and correct longstanding errors in previously published accounts Moore s research brought to light the following facts Most crewmen from USS Perch endured 1 298 days of captivity without their families ever being told that they were still alive The Perch and USS Grenadier were so badly damaged by enemy depth charge attacks that their crews were forced to scuttle their ships USS Sculpin and USS S 44 went down fighting with only forty two men from the Sculpin being taken prisoner and half of them perishing on the way to Japan USS Tang and USS Tullibee victims of their own faulty circling torpedoes had few survivors five of whom managed to escape from the sunken burning Tang when it was 180 feet below the ocean surface As many as six men survived the loss of USS Robalo after it struck a mine off Palawan but none of those survived the prison camps The book includes dozens of rare photos of the POWs many of which have never before been published Appendices include final muster rolls of the seven submarines and a complete list of the U S submariners who were held as POWs with details of their various camps of internment

The USS Puffer in World War II Craig R. McDonald, 2015-03-19 Submarines were responsible for about 55 percent of the tonnage of the Japanese fleets sunk during World War II The 22 percent casualty rate of U S submariners was the highest of the military services This volume traces the career of the submarine the USS Puffer from the laying of her keel and her commissioning on April 27 1943 until her departure for the scrap yard in late 1960 Compiled from interviews with former crew members including the author s father Donald B McDonald as well as other contemporary sources it follows the crew of the Puffer through nine war patrols Events recollected include the First War Patrol which resulted in a record setting 38 hour submergence because of enemy fire the dangerous transfer of torpedoes while surfaced in enemy waters and the wild bombardment of Japanese shore installations with the 5 inch deck gun There are numerous wartime photographs and appendices providing a list of awards earned by the crew and a summary of claimed successful attacks Brief biographies of the seven commissioned officers are also included
