Loves Double Image:

Double Image David Morrell, 2024-09-24 After a harrowing experience in Bosnia war photographer Mitch Coltrane makes a vow From now on he will only take those pictures that celebrate life that document hope instead of despair Still wartorn images continue to haunt him He learns to shield himself by fixating on a beautiful woman in an old photograph But slowly he grows obsessed Who is she He must know And as Coltrane searches for answers he falls hopelessly in love forgetting that the past can sometimes intrude on the present with terrifying consequences **The Unconscious** Anthony

Easthope, 2003-05-20 The unconscious is a term which is central to the understanding of psychoanalysis and indeed everyday life In this introductory guide Antony Easthope provides a witty and accessible overview of the subject showing the reality of the unconscious with a startling variety of examples He takes us on a vivid guided tour of this troubling topic via jokes rugby songs Hamlet Hitchcock s Psycho and the life and death of Princess Di Aimed at the absolute beginner The Unconscious is an enjoyable and easy to read introduction for the student and general reader **The Power of Love** Phil Young, Morag

Fold Rodolphe Gasché, 2011 This book seeks to develop a novel approach to literature beyond the conventional divide between realism formalism and history aestheticism It accomplishes this not only through a radical reassessment of the specificity of literature in distinction from one of its others namely philosophy but above all by taking critical issue with the venerable concept of the text and its association with the artisanal techniques of weaving and interlacing This conception of the text as an artisanal fabric is the author holds the unreflected presupposition of both realist or historicist and reflective or deconstructive criticism Gasch argues that the scenes of production within literary works created by their authors yet independent of those authors intentions stage a work s own production in virtual fashion and thus accomplish for those works a certain ideal ontological status that allows for both historical endurance and creative interpretation In Gasch s construction of these scenes in which literary works render visible within their own fabric the invisible conditions of their autonomous existence certain images prevail the fold the star the veil By showing that these literary images are not simply the opposites

of concepts he not only puts into question the common opposition between literature and philosophy but shows that literary works perform a way of argumentation that in spite of all its difference from philosophical conceptuality is on a par with it. The argument progresses through close readings of literary works by Lautréamont, Nerval, de l'Isle Adam, Huysmans, Flaubert, Artaud, Blanchot, Defoe, and Melville.

Images of the Mother of God Maria Vassilaki, 2017-03-02 Fully illustrated in colour and black and white *Images of the Mother of God* complements the successful exhibition catalogue of the Mother of God exhibition at the Benaki Museum in Athens. It brings together the work of leading international authorities and younger scholars to provide a wide ranging survey of how the Theotokos was perceived in the Byzantine world. It embraces the disciplines of art historians, archaeologists, traditional and feminist historians as well as theologians, philologists and social anthropologists. *Images of the Mother of God* will appeal not just to those interested in Byzantine art and culture but also to scholars of Western Europe in the Middle Ages who are looking for comparative materials in their own work.

For the Love of Music Darwin Floyd Scott, 2002

Bonds of Love R. Abma, 2018-03-20 *Bonds of love* offers a fresh interpretation of a selection of prophetic texts that present the covenant relationship as a marital relationship. The accent in this study is on method: historical and biographical categories such as the prophet and his career are left aside in order to concentrate on the composition and internal cohesion of the text. The reading strategy developed in this book is both synchronic and communication oriented. Since prophetic texts essentially consist of speech it is insufficient to study the text in abstraction from the audience that it addresses. The texts have a communication purpose and a three part model is developed in order to investigate the communication effects of the text on the implied audience and the contemporary reader. The studies of Isaiah 50 and 54, Hosea 1-3 and Jeremiah 2-3 reveal that a synchronic interpretation of these texts can be very fruitful. Larger patterns of coherence come to the surface when one refrains from the procedure of atomizing the texts in original and secondary parts. The final chapter is devoted to the theological implications of the marriage imagery. What intriguing model of divine and human partnership is presented here? And what sort of intimate interaction between Yhwh and Israel is precisely envisioned?

Figures in Black : Words, Signs, and the "Racial" Self Henry Louis Gates Jr. Chairman of the Department of Afro-American Studies and W.E.B. DuBois Professor of the Humanities, Harvard University, 1987-07-16 The originality, brilliance and scope of the work is remarkable. Gates will instruct, delight and stimulate a broad range of readers, both those who are already well versed in Afro American literature and those who after reading this book will eagerly begin to be.

Barbara E. Johnson, Harvard University. A critical enterprise of the first importance, Gates promises to lead and to show the way in boldness of conception, in vigor of execution and in vitality and pertinence of expression. James Olney, Louisiana State University. Recently awarded Honorable Mention from the John Hope Franklin Publication Prize Committee of the American Studies Association. *Figures in Black* takes a provocative new look at how we analyze and define black literature. Henry Louis Gates Jr. attacks the notion that the dominant mode of Afro American literature is or should be a kind of social realism.

evaluated primarily as a reflection of the Black Experience Instead Gates insists that critics turn to the language of the text and bring to their work the close methodical analysis of language made possible by modern literary theory But his goal in this volume is not merely to apply contemporary theory to black texts Indeed as he ranges from 18th century poet Phillis Wheatley to modern writers Ishmael Reed and Alice Walker he attempts to redefine literary criticism itself moving it away from a Eurocentric notion of a hierarchical canon mostly white Western and male to foster a truly comparative and pluralistic notion of literature In doing so he provides critics with a powerful tool for the analysis of black art and more important reveals for all readers the brilliance and depth of the Afro American tradition *The Double Bond* Carole Angier, 2002

Perhaps the most important writer to emerge from the death camps Primo Levi is known for *Survival in Auschwitz* The Reawakening and the classic *The Periodic Table* Angier has spent nearly ten years writing this meticulously researched vivid and moving biography *In and Out of the Mind* Ruth Padel, 2016-09-26 Ruth Padel explores Greek conceptions of human innerness and the way in which Greek tragedy shaped European notions of mind and self Arguing that Greek poetic language connects images of consciousness even male consciousness with the darkness attributed to Hades and to women Padel analyzes tragedy's biological and daemonological metaphors for what is within **Non-Cinema** William Brown, 2018-07-12

Non Cinema Global Digital Film making and the Multitude provides an original film philosophy through which to understand low budget digital filmmaking from around the globe It draws upon a wide range of western and non western philosophers physicists theorists of Third Cinema and contemporary film theorists and film philosophers in order to argue that the future of cinema lies at the margins in the extreme the overlooked and the under funded the sort that distributors exhibitors and audiences would not consider to be cinema at all hence non cinema Analysing numerous films William Brown argues that contemporary low budget digital cinema is also through its digital form a political cinema that suggests that we are not detached observers of the world but entangled participants therewith Non Cinema constructs this argument by looking at work by established filmmakers like Jean Luc Godard Abbas Kiarostami Jafar Panahi and Michael Winterbottom as well as lesser known work from places as diverse as Asia the Middle East Europe the Americas and Africa *Myths and Mysteries of Same-Sex Love* Christine Downing, 2006 *Myths and Mysteries of Same Sex Love* makes a powerful statement about the realities of gay and lesbian psyche A gay and lesbian psychic perspective may at first be startling but once examined it proves to be unforgettable *The Advocate*

An Exposition of the Epistle of Saint Paul to the Colossians, Delivered in Sundry Sermons, by Edward Elton ... The Third Edition, Corrected and Revised. [With the Text.], 1637 **Mary Wroth and Shakespeare** Paul Salzman, Marion Wynne-Davies, 2014-10-10 Over the last twenty five years scholarship on Early Modern women writers has produced editions and criticisms both on various groups and individual authors The work on Mary Wroth has been particularly impressive at integrating her poetry prose and drama into the canon This in turn has led to comparative studies that link Wroth to a number of male and female writers including of course William Shakespeare At the same time no

single volume has attempted a comprehensive comparative analysis This book sets out to explore the ways in which Wroth negotiated the discourses that are embedded in the Shakespearean canon in order to develop an understanding of her oeuvre based not on influence and imitation but on difference originality and innovation

The Good Marriage: How and Why Love Lasts Judith Wallerstein, 2019-08-09 When it first appeared in 1995 *The Good Marriage* became a best seller It offers timeless clues to the secret of happy long lasting marriages Based on a groundbreaking study of fifty couples who consider themselves happily married psychologist Judith Wallerstein presents the four basic types of marriage romantic rescue companionate and traditional and identifies nine developmental tasks that must be successfully undertaken in a good marriage separation from the family of origin up and down vicissitudes of early years children balance of work and home dealing with infidelities and more The men and women Wallerstein interviewed readily admit that even the best relationship requires hard work and continuing negotiation especially in the midst of societal pressures that can tear marriages apart But they also convey an inspirational message for almost all of them feel that their marriage is their single greatest accomplishment *The Good Marriage* explains why and its lively mix of storytelling and analysis will challenge every couple to think in a profoundly different way about the most important relationship in their lives Should be required reading for all who are interested in marriage W Walter Menninger

Should prove a lifesaver for many couples Publishers Weekly Will enrich the sparse literature on happy marriages USA Today One of the nice things about The Good Marriage is its modesty It doesn't pretend to offer a philosophy or even a lecture on marriage It takes no position on the ideologically charged issues of women's marital roles and status Equally important it ignores the two most common ways of talking about marriage as a contract negotiated between two equal parties and as the pathway to individual fulfillment For this reason it is refreshingly free of rights talk and therapy talk Indeed Wallerstein places much more emphasis on the development of good judgment and a moral sense than on the acquisition of effective communication or negotiation skills Barbara Dafoe Whitehead The Atlantic A lagniappe to enduring couplehood The strength of this study is that Ms Wallerstein a gifted interviewer persuades the couples to reveal their interior lives in rich explicit detail Susan Jacoby The New York Times Book Review Written in a masterful style that often reads like the best popular fiction Wallerstein and Blakeslee again combine their substantial talents deftly and entertainingly exploring the foundations of good marriages Tara Aronson San Francisco Examiner Chronicle Groundbreaking Boston Globe This is a wonderfully readable and immensely valuable book full of wise and original insights about the many many roads to marital happiness Judith Viorst With wisdom humor and sympathetic understanding Judith Wallerstein helps us recognize and rediscover the good marriage lucid psychologically sophisticated and generously wise David Blankenhorn Newsday Historically informative as well as profoundly wise psychologically Joan M Erikson For a long time as a Rabbi I've been using The Good Marriage by the late Judith Wallerstein in my pre marital counseling She provides amazingly helpful insights which open up conversations and lead couples to think much more deeply about what they are getting themselves into and what they might need to do to keep their marriages strong Rabbi Carl M Perkins A welcome addition to the field of literature on contemporary marriage The style is clear concise sensitive and occasionally personal Her personal additions add warmth emotional consciousness and greater insight into what makes individuals and couples happy in their relationships This book has value for the many audiences interested in relational theory that want to approach relationships from a realistic and positive perspective Nancy Williford Clinical Social Work Journal In The Good Marriage Wallerstein's new study of 50 married couples offers affirmation that the process of marriage itself presents a vehicle for transformation A best selling author Wallerstein employs a thoughtful nonaggressive style that appeals to the general public Wallerstein has performed an invaluable service in The Good Marriage Elizabeth M Tully M D Journal of Academy of Child and Adolescent Psychiatry Solid impressive Those interested in social policy should be pleased that so well respected a liberal academic as Ms Wallerstein has written a book that celebrates marriage and points the way toward restructuring it Wall Street Journal With extraordinary skill and compassion Wallerstein and Blakeslee take us inside the lives of fifty American couples and find that a good marriage still provides the best framework for enduring love and intimacy Sylvia Ann Hewlett A very appealing book clearly written and clearly thought out Library Journal Wallerstein's major contribution is not about how and why love lasts but about how and

why love develops It is in such a context less idyllic but more realistic that the book will prove to be a lasting contribution
