Sherby,2013-07-18 Have you ever wondered what a therapist really thinks Have you ever wondered if a therapist truly cares about her patients Have you tried to imagine the unimaginable the loss of the person most dear to you Is it true that tis better to have loved and lost than never to have loved at all Love and loss are a ubiquitous part of life bringing the greatest joys and the greatest heartaches In one way or another all relationships end People leave move on die Loss is an ever present part of life In Love and Loss Linda B Sherby illustrates that in order to grow and thrive we must learn to mourn to move beyond the person we have lost while taking that person with us in our minds Love unlike loss is not inevitable but she argues no satisfying life can be lived without deeply meaningful relationships The focus of Love and Loss is how patients and therapists independent experiences of love and loss as well as the love and loss that they experience in the treatment room intermingle and interact There are always two people in the consulting room both of whom are involved in their own respective lives as well as the mutually responsive relationship that exists between them Love and loss in the life of one of the parties affects the other whether that affect takes place on a conscious or unconscious level Love and Loss is unique in two respects The first is its focus on the analyst s current life situation and how that necessarily affects both the patient and the treatment The second is Sherby s willingness to share the personal memoir of her own loss which she has interwoven with extensive clinical material to clearly illustrate the effect the analyst s current life circumstance has on the treatment Writing as both a psychoanalyst and a widow Linda B Sherby makes it possible for the reader to gain an inside view of the emotional experience of being an analyst making this book of interest to a wide audience Professionals from psychoanalysts and psychotherapists and bereavement specialists through students in all the mental health fields to the public in general will resonate and learn from this heartfelt and straightforward book *Books in Print Supplement* ,1973 Prophet Muhammad (SAW): The Hallmark of Leadership MISG US & Canada,2015-01-28 This book synthesizes the advanced knowledge in modern leadership science with leadership examples of Prophet Muhammad SAW and the history of the generation of the Companions The approach taken is to start with a known modern leadership reference model that is well documented It then collected and collated evidences from Hadith a collection of traditions containing sayings of the Prophet Muhammad SAW and Seerah the life history behavior and habits of the Prophet Muhammad SAW based upon the classifications of the model It helps to make the readers to become better leaders to help them personally and to help them provide much better leadership for the Muslim community *At Home with the Word*® 2025 Rebekah Eklund, Michael R.
