Cunliffe, 2017 The story of the contest between humans and the sea played out in the Mediterranean and the Atlantic from early prehistory until AD 1500 Twenty Battles That Shaped Medieval Europe Georgios Theotokis, 2019-07-31 Warfare has been central to European history for millennia Twenty Battles that Shaped

Collins,2013-02-12 The tenth century dawned in violence and disorder Charlemagne s empire was in ruins most of Spain had been claimed by Moorish invaders and even the papacy in Rome was embroiled in petty provincial conflicts To many historians it was a prime example of the ignorance and uncertainty of the Dark Ages Yet according to historian Paul Collins the story of the tenth century is the story of our culture s birth of the emergence of our civilization into the light of day The Birth of the West tells the story of a transformation from chaos to order exploring the alien landscape of Europe in transition

It is a fascinating narrative that thoroughly renovates older conceptions of feudalism and what medieval life was actually like. The result is a wholly new vision of how civilization sprang from the unlikelyst of origins and proof that our tenth century ancestors are not as remote as we might think.
