Lucky Man A Memoir

John Ware

Lucky Man A Memoir:

Lucky Man Michael J. Fox, 2003-04-09 A funny highly personal gorgeously written account of what it s like to be a 30 year old man who is told he has an 80 year old s disease Life is great Sometimes though you just have to put up with a little more crap Michael J Fox In September 1998 Michael J Fox stunned the world by announcing he had been diagnosed with Parkinson s disease a degenerative neurological condition In fact he had been secretly fighting it for seven years The worldwide response was staggering Fortunately he had accepted the diagnosis and by the time the public started grieving for him he had stopped grieving for himself Now with the same passion humor and energy that Fox has invested in his dozens of performances over the last 18 years he tells the story of his life his career and his campaign to find a cure for Parkinson s Combining his trademark ironic sensibility and keen sense of the absurd he recounts his life from his childhood in a small town in western Canada to his meteoric rise in film and television which made him a worldwide celebrity Most importantly however he writes of the last 10 years during which with the unswerving support of his wife family and friends he has dealt with his illness He talks about what Parkinson s has given him the chance to appreciate a wonderful life and career and the opportunity to help search for a cure and spread public awareness of the disease He is a very lucky man indeed The Michael J Fox Foundation Michael J Fox is donating the profits from his book to the Michael J Fox Foundation for Parkinson s Research which is dedicated to fast forwarding the cure for Parkinson s disease The Foundation will move aggressively to identify the most promising research and raise the funds to assure that a cure is found for the millions of people living with this disorder The Foundation s web site MichaelJFox.org carries the latest pertinent information about Parkinson s disease including A detailed description of Parkinson s disease How you can help find the cure Public Services Announcements that are aired on network and cable television stations across the country to increase awareness Upcoming related Parkinson s disease events and meetings Updates on recent research and developments *A Lucky Man* Bill Springer, 2021 **Lucky Man** Michael J. Fox, 2011-08-01 A funny warm and moving account of his battle with Parkinson s disease by the internationally beloved star of Spin City Family Ties and Back to the Future The ten years since my diagnosis have been the best ten years of my life and I consider myself a lucky man Michael J Fox When Michael J Fox announced to the world that he had Parkinson s disease a degenerative neurological condition he had been secretly fighting it for almost ten years By the time the public started grieving for him he had stopped grieving for himself Far from being bitter about being forced into retirement at the height of his career he considers himself a lucky man With the same energy passion and humour he invests in his performances Fox recounts the incredible story of his life changing experiences and what Parkinson s has given him the chance to appreciate a wonderful life and career his family and the opportunity to help find a cure **Memoir** G. Thomas Couser, 2012-01-19 A compact pithy guide to the most popular form of life writing Memoir An Introduction provides a primer to the ubiquitous literary form and its many subgenres **Life Stories** Maureen O'Connor, 2011-08-23 Memoirs autobiographies and diaries

represent the most personal and most intimate of genres as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2,800 read-alike and other related titles. The popularity of this body of literature has grown in recent years and it has also diversified in terms of the types of stories being told and persons telling them. In the past, readers' advisors have depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy. This guide offers an alternative organizing the literature according to popular genres, subgenres, and themes that reflect common reading interests. Describing titles that range from travel and adventure classics and celebrity autobiographies to foodie memoirs and environmental reads.

Life Stories: A Guide to Reading Interests in Memoirs, Autobiographies, and Diaries presents a unique overview of the genre that specifically addresses the needs of readers' advisors and others who work with readers in finding books.

Writing Your Life Mary Borg, 2021-10-03 To many, the task of writing about one's life seems daunting and difficult. Where does one begin? What stories will inspire your children and grandchildren, and which will simply amuse them? *Writing Your Life: A Guide to Writing Autobiographies* breaks down the barriers of personal narrative with an easy-to-follow guide that includes thought-provoking questions, encouraging suggestions, memory-jogging activities, tips for writing advice on publishing one's stories in print and online, and examples of ordinary people's writing. *Writing Your Life* has already helped thousands write their life stories, and this fourth edition is sure to help today's writers preserve their memories and wisdom for many generations to come.

Never Saw It Coming Karen A. Cerulo, 2008-09-15 People, especially Americans, are by and large optimists. They're much better at imagining best-case scenarios (I could win the lottery) than worst-case scenarios (A hurricane could destroy my neighborhood). This is true not just of their approach to imagining the future but of their memories as well: people are better able to describe the best moments of their lives than they are the worst. Though there are psychological reasons for this phenomenon, Karen A. Cerulo in *Never Saw It Coming* considers instead the role of society in fostering this attitude. What kinds of communities develop this pattern of thought, which do not, and what does that say about human ability to evaluate possible outcomes of decisions and events? Cerulo takes readers to diverse realms of experience, including intimate family relationships, key transitions in our lives, the places we work and play, and the boardrooms of organizations and bureaucracies. Using interviews, surveys, artistic and fictional accounts, media reports, historical data, and official records, she illuminates one of the most common yet least studied of human traits: a blatant disregard for worst-case scenarios. *Never Saw It Coming* therefore will be crucial to anyone who wants to understand human attempts to picture or plan the future. In *Never Saw It Coming*, Karen Cerulo argues that in American society there is a positive symmetry: a tendency to focus on and exaggerate the best, the winner, the most optimistic outcome and outlook. Thus, the conceptions of the worst are underdeveloped and elided. Naturally, as she masterfully outlines, there are dramatic consequences to this characterological inability to imagine and prepare for the worst, as the failure to heed memos leading up

to both the 9 11 and NASA Challenger disasters for instance so painfully reminded us Robin Wagner Pacifici Swarthmore College Katrina 9 11 and the War in Iraq all demonstrate the costliness of failing to anticipate worst case scenarios Never Saw It Coming explains why it is so hard to do so adaptive behavior hard wired into human cognition is complemented and reinforced by cultural practices which are in turn institutionalized in the rules and structures of formal organizations But Karen Cerulo doesn't just diagnose the problem she uses case studies of settings in which people effectively anticipate and deal with potential disaster to describe structural solutions to the chronic dilemmas she describes so well Never Saw It Coming is a powerful contribution to the emerging fields of cognitive and moral sociology Paul DiMaggio Princeton University

Memoir of Honoré de Balzac.
