Mister Kreasey's Demon Raymond Nickford, 2017-11-26 Broken by his street hardened London students reduced to paranoia can Amy's teacher stop himself losing her alone he might trust might have loved Mister Kreasey's Demon Visiting his apartment to bring her teacher an overdue essay Kreasey noticed Amy stood on her very highest heels the ones that gave her an extra three and a half inches over a world that had always seemed to look down on her beyond the narrow back streets from which she'd been born On her first visit she had seemed almost undernourished shivering in a short skirt with a slit up the side He'd wanted to tell her that she'd made him happy just by appearing on his doorstep with her essay and those eyes eyes which spoke of deprivation and yet held for him openness and simplicity more beautiful than he'd seen in any student before Amy alone among his students had tried to help him She was searching his eyes confused He recalled those moments when beside him in bed her face had shared that open comic side of her lovemaking with him He couldn't forget how much she'd tried to be his passport to those roughnecks from classroom 12D those who always seemed to be gathering with a hunting knife getting closer Well are we going to see you in them she smiled still holding his shorts out like a trophy But as he watched her lips they seemed to shape like those in a poorly dubbed film where the voice is out of sync with the words reminding him to eat up all his tablets and then he'd never be cut up Editorial Reviews An atmospheric vibrant almost spooky page turner and a psychological suspense both moving and tender Reay Tannahill historian novelist and author of *The Seventh Son* As a former London teacher Raymond Nickford has nailed the teacher's fear of the Lord of the Flies pack mentality perfectly And what a cliffhanger Marsha Moore author of *The Hating Game* The author Raymond Nickford has a degree in Psychology and Philosophy from University College of North Wales Troubled souls the lonely his inspiration raymondnickford psychologicalsuspense weebly com Other Titles *Family Tree* *Stories of Love Beyond the Grave* The body of Eddy's mother was found entangled in fungus laden roots of the rotting ancient yew on the cemetery side of the family's garden fence At nights Eddy stutters imploring his father to believe that the tree or is it his mother seems to call him Dad just keeps saying Grief works in strange ways boy You'll heal But that tree Mum calls Should he sneak out to the cemetery side Or had Mum gone to that cold place which Dad kept saying was Just death by misadventure Eddy as the autopsy stated Loss of family and loved ones revealing how for those left behind hurt and longing can find resolution where unexpected Twists in the Tale Schizophrenic Sam Baldock says he hears Beethoven calling him For therapy his doctor and daughter Joanne accompany Sam to the Beethoven Museum in Vienna once the composer's apartment Will lonely Joanne at last get closer to her strange Dad Aristo's Family Aristo private museum curator in Paphos Cyprus living alone with his sole surviving son Pavlos is obsessed with his belief that he still has surviving family even though told they were all burned during the Turkish invasion of Cyprus in 1974 In his preoccupation he has come to neglect Pavlos Yet both Aristo's and his son's deepening need to belong so long mutually exclusive are at the core of this novel Father and son or strangers forever

Cupboard of Skeletons Raymond Nickford, 2014-12-18 A book of short stories each a psychological thriller about dysfunctional relationships In the first story The Hypnotist a young nurse named Miranda goes to see a psychologist Dr Harditch for hypnosis to ease her phobia of spiders I guess you could say he cured her but I wouldn't want to be one of his patients This is not a story for the squeamish It's intense descriptive fast paced and reminds of stories from Tales From the Crypt The second story Haunted by Amy is ten chapters long and is about a former school teacher Matthew and the teenage student Amy with whom he had an affair He suspects her of murdering his friend Philip But he also admits that he might be clinically paranoid The Parchment Recipes is a paranormal mystery about a widow with a not so nice mother The widow finds a parchment in her kitchen late one night and mysterious things begin to happen Atmospheric scenes and poignant themes centering around odd troubled characters whose lives are driven to extremity drawn on still by the tantalizing hope sometimes delivered by fate or fortune of happiness Moving dysfunctional lives and relationships hypnotist and patient a strained romance paranoid father and daughter eccentrics making normal relationships difficult Some ghostly presences but the Cupboard of Skeletons is more a euphemism for people with embarrassing secrets coming to haunt and test their lives

and how despite despair they try to find something of their dreams

REVIEWS Candace Bowen Early author of A Knight of Silence Growing up in a suburb of Chicago the first

scary movie I remember seeing was the 1965 Bette Davis movie *The Nanny*. To this day that movie has always stuck with me as one of the great psychological thrillers of all time. For me *A Child from the Wishing Well* is reminiscent of that movie. Ruth and Gerard strap you in and take you on a psychological thrill ride to the very end. Raven Clark, author of *The Shadowsword Saga*, Raymond Nickford has a writing voice that has to be one of the most unique and intriguing I have come across. The story is both enjoyable and oddly chilling all the more so for its apparent warmth. The pleasantness of Ruth and her liveliness should seem gentle grandmotherly and appealing, a sweet old lady one could adore, but reading the pitch what seems kindly suddenly turns sinister, her upbeat excitability oddly macabre. Each time she says lines like "Our Rosie" and speaks so excitedly rather than hearing a pleasant old lady, I think of a bird screeching "Fingers down" on a blackboard. Stephen Valentine, author of *Nobody Rides for Free*, the author gives great voice to his characters, describing well their idiosyncrasies. A good story must either go deep or wide, and with Nickford's background in psychology, he goes deep within the human condition. For some adults, the ability to relate to a child does not come naturally and requires enormous, if not awkward effort. This is an often overlooked subject worth exploring. Tony Brady, author of *Scenes from an Examined Life*, a beautifully constructed scenario emerged. The attic scene vividly describes the significance of the doll in the depth of the well. All the mystery and menace of the story coalesces here. I was taken back years to the 1960s when I read a story by Saki entitled *The Lumber Room*. Mystery and menace are purely distilled in a distinctive writing style, and I was thrilled that there was still another 10 Chapters in a book that engrosses the reader from the opening passage. Burgio, author of *A Grain of Salt*, this is an intriguing story, is Gerald being overly possessive toward his daughter, or is Miss Stein really a threat? Every parent is aware today that he or she needs to supervise their child's friends. But a violin teacher, I liked Gerald, because of his predicament. This should have a wide appeal because it touches parents so personally. Good read. A. R. Taylor, author of *Sex, Rain, and Cold Fusion*, full of dark shadings and menace. I like the tenderness of the father's feelings.

Family Tree Raymond Nickford, 2015-06-26. The author's degree in Psychology and Philosophy from the University College of North Wales, together with an interest in the lonely, the outsider, and those who have to contend with dysfunctional relationships and loss, have been much of the inspiration for this book. Meet the author interview: raymondnickfordpsychologicalsuspense.weebly.com. A collection of character-driven literary and psychological suspense stories which, though they involve loss within family and in relationships, nevertheless get inside the characters who are left behind and reveal through fiction how hurt and the longing for those lost can find resolution where it may not be expected. The collection opens with *Family Tree*. Mr. Glossop might be a widower, his neighbours said, but it was high time he poured acid on the base of the old yew tree, the roots of which stretched well into the grounds of the Municipal Cemetery. Was he really going to let his only son have the same degrading end as Mrs. Glossop? Would gossip open out to truths best laid to rest? Reaching Out to Bernie is widow Emily's dearest wish, but it is neither to seance nor spiritualism that she turns, but rather an antique which has come into her possession and for too long has been collecting dust in her attic.

Emily clung for life to the bric a brac which made a Mausoleum of her home for sure in everything Bernie had touched he still lived and somehow she would reach out to him In A Farewell to Father schizophrenic Sam Baldock is given a day out his last at the Beethoven Museum in Vienna where he believes he is called by the spirit of Beethoven What will his little daughter Joanne witness at the top of those damp spiralling steps to the top rooms of the old Pasqualati House on the Molkerbastie which once led to the rooms of the composer in 1810 **The British National Bibliography** Arthur James Wells,2005
